Honorable Roger Berg  
City of Beaumont  
550 East 6<sup>th</sup> St.  
Beaumont, California 92223

Subject: Preliminary Exploration of Regional Public Safety Options

Dear Mayor Berg:

The City of Moreno Valley is exploring the potential for creating a regional police agency under a California Joint Powers Agreement to serve our City along with other area communities that will provide effective, locally responsive and cost-efficient police services to participating communities. We are undertaking an initial exploratory effort to determine the feasibility and cost benefit analysis of such an initiative, and invite your City's active participation in this important undertaking. This exploration is driven by two primary factors; gaining control of the rising cost of police services and the opportunity to implement modern policing practices as identified by the highly respected consulting firm, Strategic-Policy Partnership, LLC.

It is important to state - - at the outset - - that the City of Moreno Valley continues to be satisfied with the quality public safety services provided to our community by the Riverside County Sheriff's Department. Despite the fact that our City has balanced its budget for the first time since 2007 without the use of reserves, we continue to be in precarious financial circumstances. Our public safety contract cost increases are outpacing the very limited revenue growth that the City is realizing and we are unable to continue to afford the existing levels of services for which we now contract. To help balance our budget for FY 2013/14, we are reducing police service levels by 25 officers. Further illustration of our community's situation with regard to public safety costs includes the following:

- We have been advised to expect 5% contract cost increases in upcoming years. For FY 2014/15 this would result in nearly \$1.7M in increased contract costs; we are projecting General Fund revenue growth of 2.5% which equates to \$846,974. We are compelled by these economic realities to explore additional options to sustain public safety for our residents.
- In Fiscal Year 2007/08 Moreno Valley's total police costs represented 38% of ALL our General Fund revenue and taxes; in the FY 2013/14 budget police costs represent 49% of ALL our revenue and taxes.
- Over the past 5 Fiscal Years, the City's non-public safety General Fund expenditures have decreased 44%; during that time our General Fund expenditures for police services have increased by 16%.

Again, the City of Moreno Valley is not dissatisfied with our partnership with the Sheriff's Department, but I believe my fellow Council Members and I owe it to our residents to explore all options available to ensure that we can continue to afford quality public safety services well into the future. Joint Powers Agreements provide the opportunity to develop a regional collaborative undertaking and this is something that I believe warrants some investigation and discussion. JPAs also provide the opportunity to develop a new agency from scratch that not only is cost effective but reflects modern policing practices and principles, permitting maximum responsiveness to local concerns in each community related to crime, disorder and related policing challenges.

We are being assisted in this effort by an expert team from the Strategic Policy Partnership, LLC (SPP) that includes Bill Bratton, the former Chief of Police in Los Angeles and Bernard Melekian, the former Chief of Police in Pasadena and most recently the Director of the U. S. Department of Justice's Office of Community-Oriented Policing.

In the next few weeks, SPP will collect information about current policing services in the region among communities that desire to explore the idea with us, and then hold a discussion Retreat on July 16<sup>th</sup> at which the data collected will be presented and discussion held regarding the feasibility of moving forward with the planning. Representatives from SPP, including Chief Bratton and Chief Melekian, will facilitate the Retreat discussion.

We hope you will be willing to join us in the exploration of this concept. In order to prepare for the meeting on July 16<sup>th</sup>, we ask that you make available to these consultants information regarding the policing services provided to your community. Attached to this letter is list of the information that SPP would need access to prior to the July 16<sup>th</sup> retreat session.

I invite you to join us in this endeavor. Since we only have a few weeks to collect the needed information prior to the Retreat, it is important that you advise us of your willingness to participate. Agreeing to participate in this exploration and discussion in no way obligates any community to join in the effort if we decide to move toward design of a new agency under a Joint Powers Agreement.

## Office of the Mayor

14177 Frederick Street  
P. O. Box 88005  
Moreno Valley CA 92552-0805  
Telephone: 951.413.3008

June 10, 2013

André Birotte Jr., U.S. Attorney  
United States Attorney's Office  
Central District of California  
312 North Spring Street, Suite 1200  
Los Angeles, California 90012

Dear Sir:

The purpose of this letter is to respectfully request that the U.S. Attorney's Office conduct and complete a thorough investigation including all members of the City Council and City staff since 2005 and reveal the results of the investigation pertaining to Moreno Valley as expeditiously as possible.

Despite being faced with many challenges on many fronts, the City of Moreno Valley has been making great strides to bring our budget into balance, streamline City services and attracting new employers to our community. Unfortunately, the specter of the current investigation being conducted by your Office places our city's progress severely at risk.

It is our understanding that the U.S. Attorney's Office is conducting a sweeping review in western Riverside County, and perhaps beyond. Until your Office concludes its review of matters pertaining specifically to Moreno Valley, however, this City's progress is severely obstructed...at a crucial point when key stakeholders are relying on our ability to chart a course for our community's future.

Until the U.S. Attorney's Office announces its findings pertaining to the City of Moreno Valley:

- Our residents are left with significant questions about the integrity of their elected leaders. And, really, who could blame them? Homes of the neighbors they elected to represent them were raided by armed agents, and nearly every newspaper article regarding the City restates that investigators seized items and documents from each of us...back in April. The absence of updated, specific information regarding your Office's findings continues to undermine residents' confidence in their local government and its credibility in making decisions on their behalf. In fact, recall petitions inspired by the April 30, 2013 raids on three City Council members are being circulated as we speak.

- Development interests, whose investment in our community is essential to our long-term sustainability, are actively considering other locations over their concern that Moreno Valley is under a cloud related to your Office's pending investigation. We have balanced our budget, we are addressing key public safety and infrastructure needs, and we are partnering with educational leaders to create a positive future for generations to come. Creating jobs and broadening Moreno Valley's economic base, however, require private sector investment. Since announcement of your Office's investigation, our Mayor, Council and City staff have spent countless hours attempting to reassure private investors that this City and its residents remain worthy of their confidence. Delays in announcing your Office's findings will cause irreparable harm to the future of our community, possibly for decades.
- City employees, who have firsthand knowledge regarding the sound, ethical daily operations of our public service organization, are unjustly seeing their own actions questioned by those who would inaccurately characterize the City of Moreno Valley as "corrupt." This is not the City of Bell, yet continued delays in your Office's announcement of its findings related to our City subject us to continued comparisons to a community whose leaders violated their community's trust by engaging in criminal acts.

I understand the complexity of the regional investigation your Office has undertaken. Your staff must sort through facts associated with numerous agencies, public officials and private citizens and we are committed to assist in any way. However, I am compelled to write in order to ensure that your Office grasps the profound impact that delayed announcement of findings will continue to have upon our City and its nearly 200,000 residents.

Our community's future hangs in the balance.

Respectfully,

Tom Owings, Mayor

## City of Moreno Valley Council Summary

Page 2 of 3

5/17/2013 11:57:13 AM

Randall Metz, Fire Marshal, 5/15/13 Mr. Rahmon's parcel has been in the Fire Departments Hazard Reduction Program since 2009. In 2009, the parcel received an invoice for \$574.00 (\$183 contractor fees & \$391 city fees). Fees for all parcels were recinded by Council in 2009 on the advice of City Attorney. Due to an address change of the owner, we received one returned mail item.

In 2010, notices were sent to Mr. Rahmon with no reponse and no returned mail. Owner received Statement of Cost letter for 2010 abatement in February of 2011 for \$1379.50. He contacted fire prevention to appeal fees associated with tree trimming. An inspector met with him in March 2011 on site and they surveyed the property lines and determined that three trees he was billed for were on the property line of the adjacent parcel. Fees for these trees were removed from his invoice as well as diking through the appeals process. Total fee reduced by \$379 to \$1000.50 (\$596.50 contractor fees & \$404.00 city fees). Inspector went over with Mr. Rahmon what needed to be done for the upcoming year to remain in compliance.

In 2011, Mr Rahmon abated his own parcel without city abatement and no returned mail.

In 2012, Mr. Rahmon did not abate his parcel and was billed for \$921.04 (\$510.24 contractor fees & \$410.80 city fees). There was no returned mail. Mr. Rahmon contacted Fire Marshal in May 2013 to contest fees that had already been placed on the parcel through Public Hearing at April 23, 2013 Council Meeting. He was informed that his case was reviewed and fees were appropriate. Informed him that the appeals process was stated on the Statement of Cost letter had passed.

He stated that he has never gotten any of the notices of violation. He does seem to get all of the statement of cost letters as it is then the he contacts us to complain about our process being unnecessary and feels that his parcel and the trees do not pose a risk to adjacent parcels. He has stated that fire needs to stick to putting out fires and not harrassing parcel owners of small parcels.

In 2013, after having phone discussions with Mr. Rahmon, Fire Marshal directed staff to send notices of violation for this parcel through Certified Mail. Mr. Rahmon acknowledged at May 14, 2013 Council meeting that he has recieved the letter and he will perform abatement. Awaiting followup inspection to confirm owner abated.

### Case Information

**Issue Category:** Fire Prevention

**Issue:** Weed Abatement, Lot

**Council District:**

## City of Moreno Valley Council Summary

Page 3 of 3

5/17/2013 11:57:13 AM

**Issue Description:** Please investigate Mr. Rahmon's issues on behalf of Mayor Owings, and advise Mr. Rahmon of the outcome.

\*\*\*\*\*

Mr. Rahmon stated he has property on Wilmot, and the APN is 478171010. He stated every year he gets a bill for \$1,000 for weed abatement, but he doesn't receive the letters stating he has to abate. In addition, he stated he gets charged for not trimming a tree, but it is actually his neighbor's tree.

**Responsible for Follow-thru:** Abdul Ahmad

Moreno Valley Master Chorale  
P.O. Box 1221  
Moreno Valley CA 92556-1221

I would like to express my regrets of not being able to attend the Master Chorale's Spring Concert, *Ageless Americana Music*. Unfortunately, when I was returning from Los Angeles, I was delayed arriving in Moreno Valley due to the traffic and could not make the 4 p.m. concert time.

I'm sure the Master Chorale's performance was wonderful and the attendees had a delightful experience.

Sincerely,

Tom Owings  
Mayor

Dear «MrMrs» «txtLName»:

The City of Moreno Valley's Annual Independence Day Parade will take place on Thursday, July 4, 2013, and this year's theme is *A Tribute to Stars and Stripes*. It is a pleasure to invite you and a guest to ride in the parade as an honored dignitary.

A VIP continental breakfast will be provided at 8:30 a.m. The Honor Guard, which will lead the parade procession, will step off promptly at 9:30 a.m. (whether or not you and I are ready!).

In order to ensure there is appropriate signage for your vehicle, please RSVP to Joy Uribe at [REDACTED] or [Joyu@moval.org](mailto:Joyu@moval.org) no later than June 1, 2013. When you respond, please provide information regarding the vehicle and the name of your driver for the parade. Final details and a parade route map will be provided to you if you are able to join us.

I look forward to celebrating our Nation's birthday with you and the citizens of Moreno Valley on July 4<sup>th</sup>.

Sincerely,

Tom Owings  
Mayor

## Help Bring Meetings to Moreno Valley - USA

### We Can Impact Moreno Valley's Economy

Dear Business Owner:

Your investment in Moreno Valley is an important contribution to the economic well-being of our City. As you are aware, community support can make a huge difference in creating a hospitable environment for groups which are in the process of selecting future destinations. If we work together to make Moreno Valley's reputation more inviting, we can generate hundreds of thousands of dollars in incremental revenue for the City and your property.

As a major stakeholder in the City, I would like to invite you to attend a brainstorming session aimed at creating a strategic partnership to increase business and maintain the March Air Reserve Base (MARB) contract. Possible topics of discussion are:

1. Sunnymead Boulevard cleanup effort
2. Improved communications with March Air Reserve Base (MARB)
3. Formation of a "mini" trade association
4. Hotel occupancy tax
5. Advertising
6. Distribution of promotional material
7. Direct sales
8. Combined City, hotel, and Chambers of Commerce efforts
9. Familiarization tours and other hospitality functions

Other communities have found a collective marketing strategy to reach decision makers is usually more cost effective. Should we have a collective strategy? If so, how can the City help? The meeting will be held:

**3 p.m., Monday, June 17, 2013**  
**Conference and Recreation Center**  
**14075 Frederick St.**  
**Alessandro Room**

Your business is important and appreciated by the City Council, and I am confident that if we work together to generate incremental income, all parties will benefit.

Please RSVP to Cindy Miller, Executive Assistant to the Mayor and City Council, at [REDACTED] or [cindym@moval.org](mailto:cindym@moval.org).

Sincerely,

Tom Owings  
Mayor

May 1, 2013

Dear Pastor:

It is with anticipation that we send this letter to invite you and your congregation to participate in the city-wide *I Love My City Peace March 3* on Saturday, June 8, 2013, that will commence at 12 p.m., on Sunnymead Boulevard at Heacock Street, and will end at Sunnymead Park located on Perris Boulevard and Fir Avenue.

We are asking you to join us in this collaborative effort to promote peace, hope, and unity in our city. Faith-based leaders, such as you, make Moreno Valley a better place for our children and families. *I Love My City Peace March 3* is an occasion to show mutual concern for our city, and it is of utmost importance to have the participation of our churches in this unified effort.

As the plans are underway to make *I Love My City Peace March 3* a memorable event, we encourage you to make every effort to support this worthy cause that will benefit our residents and community. Clearly this is a win-win opportunity to network and present your church to the various organizations, businesses, and people that will be in attendance.

For additional information, please contact Pastor Mark Orellana, Victory Outreach Church of Moreno Valley, at [REDACTED]

Sincerely

Tom Owings  
Mayor

Michelle Steel  
Vice Chair  
State Board of Equalization  
16715 Von Karman Avenue, Suite 200  
Irvine, CA. 92606

Dear Ms. Steel:

Thank you for your letter dated March 11, 2013 regarding the City of Moreno Valley's unencumbered Low-and-Moderate Income Housing Funds. You may be pleased to know that on March 14, 2013, the City received a letter from the Department of Finance (DOF) rescinding the prior demand for the Successor Agency to return Low-Mod Income Housing Funds (LMIHF) to the State.

As a result of our work and communication with the DOF, it has been determined that all available LMIHF's were used for legally enforceable obligations, and as a result, the Successor Agency is not required to return any funds. I have attached a copy of the March 14, 2013 determination letter for your review. If you have any questions, please feel free to contact Barry Foster, Community & Economic Development Director, at [REDACTED]

Sincerely,

Tom Owings

Ms. Anochar Clark, Senior Financial Analyst  
City of Moreno Valley  
14177 Fredrick Street  
Moreno Valley, CA 92552

Dear Ms. Clark:

Subject: Low and Moderate Income Housing Fund Due Diligence Review

This letter supercedes Finance's determination issued on December 15, 2012.

Pursuant to Health and Safety Code (HSC) section 34179.6 (c), the City of Moreno Valley Successor Agency (Agency) submitted an oversight board approved Low and Moderate Income Housing Fund Due Diligence Review (DDR) to the California Department of Finance (Finance) on October 15, 2012. Finance issued a LMIHF DDR determination letter on November 16, 2012. Subsequently, the Agency requested a Meet and Confer session on one or more items adjusted by Finance. The Meet and Confer Session was held on December 5, 2012. Based on a review of additional or clarifying information provided to Finance, pursuant to HSC section 34179.6 (d), Finance has completed its review of the Agency's DDR and is authorized to issue this determination.

Based on our final review, Finance made no adjustments to the Low and Moderate Income Housing Fund (LMIHF) balance available for allocation to the affected taxing entities. As a result, Finance concludes there are no unencumbered LMIHF balances available for distribution and, as a result, the Agency is not required to remit any funds.

Pursuant to HSC section 34167.5 and 34178.8, the California State Controller's Office (Controller) has the authority to claw back assets that were inappropriately transferred to the city, county, or any other public agency. Determinations outlined in this letter and Finance's Housing Assets Transfer letter dated September 7, 2012 do not in any way eliminate the Controller's authority.

Please direct inquiries to Beliz Chappuie, Supervisor or Mindy Patterson, Lead Analyst at

Sincerely,

STEVE SZALAY  
Local Government Consultant

The Meet and Confer Session was held on December 5, 2012. Based on a review of additional or clarifying information provided to Finance, pursuant to HSC section 34179.6 (d), Finance has completed its review of the Agency's DDR and is authorized to issue this determination.

Based on our final review, Finance made no adjustments to the Low and Moderate Income Housing Fund (LMIHF) balance available for allocation to the affected taxing entities. As a result, Finance concludes there are no unencumbered LMIHF balances available for distribution and, as a result, the Agency is not required to remit any funds.

Pursuant to HSC section 34167.5 and 34178.8, the California State Controller's Office (Controller) has the authority to claw back assets that were inappropriately transferred to the city, county, or any other public agency. Determinations outlined in this letter and Finance's Housing Assets Transfer letter dated September 7, 2012 do not in any way eliminate the Controller's authority.

Please direct inquiries to Beliz Chappuie, Supervisor or Mindy Patterson, Lead Analyst at [REDACTED].

Sincerely,

STEVE SZALAY  
Local Government Consultant

Members of the Purpose Prize Review Committee:

I am writing to urge to make Richard Archer a recipient of your Purpose Prize. Richard is the President of the Moreno Valley Cultural Arts Foundation and serves our City as a Commissioner with the Arts Commission. Additionally, he serves as Arts and Education Chair with the Moreno Valley PTA. Richard is an effective advocate for the arts and has gained the respect of community leaders as a person of high integrity and professionalism.

I am a frequent visitor to his Vanguard Community Art Gallery and have marveled at the rapid progress he has made. He continues to provide opportunities for artists from our community to display their art while using the gallery as a platform to conduct a variety of community services.

He is currently working with our schools to supplement programs that are no longer available due to budget reductions including a mentoring program that will bring both inspiration and practical job skills to our at-risk high school students.

Richard is a man of vision. His vision for the City of Moreno Valley is one I share and will contribute significantly in my efforts to restore our City's vitality. I commend him for his efforts to bring our community together and to assure that the arts are a fundamental component in raising the quality of every citizen.

His selection will be a distinct honor to the Moreno Valley Cultural Arts Foundation and in turn bolster Richard's efforts on our behalf.

Sincerely,

Tom Owings  
Mayor

Dear Sunnymead Boulevard Business Partner:

The City of Moreno Valley has embarked on an initiative to improve and enhance the business climate along Sunnymead Boulevard. Council Member Baca and I have spoken to a number of you about our desire to clean up this area and better promote your business. The result of those conversations is that it will take a concerted effort between the City, businesses, and shopping center owners/managers to make Sunnymead Boulevard a thriving place to do business.

Council Member Baca and I personally invite you to meet with us and key City staff to discuss plans to turn this important business corridor around by addressing issues such as crime, code compliance, homelessness, and aesthetics. The City's goal is to be a great place to do business and help your business grow.

The meeting is scheduled for Tuesday, April 23, 2013, from 8:00 a.m. to 10:00 a.m., at Miller Jones Mortuary located at 23618 Sunnymead Boulevard. Light refreshments will be provided.

If you have any questions, please call Shanna Palau at [REDACTED] or email [shannap@moval.org](mailto:shannap@moval.org).

Sincerely,

Tom Owings  
Mayor

Victoria Baca  
Council Member

An open letter to the California Legislature

**RE: Local Government Officials in Support of CEQA Modernization**

Dear Governor Brown and Members of the California State Senate and Assembly:

The City of Moreno Valley urges you to adopt legislation that would modernize the California Environmental Quality Act (CEQA) to preserve the law's original intent – environmental protection, and public disclosure and participation – while allowing environmentally responsible local decision-making, local economic development and jobs, and 21st century growth.

CEQA is an important law to ensure local governments have the information and tools to protect our local communities, and to allow for citizen involvement in local land-use decisions. However, many important local projects are being delayed by CEQA challenges or even by the threat of challenges - oftentimes for reasons that have nothing to do with environmental protection or mitigation.

It's much easier to challenge a CEQA decision than any other type of local land-use decision. This means that local governments must spend a lot of time and a lot of money – which could be spent on actual environmental mitigation or for some other local purpose - taking excessive steps to protect against litigation and respond to the threat of litigation. CEQA challenges, and the threat of CEQA challenges, also undermine the ability of local governments to approve projects that carry out other important State policies, such as infill development and affordable housing.

We appreciate the efforts of legislative leaders and the Governor to adopt meaningful CEQA reform. Local agencies play a critical role in CEQA and the protection of the environment. As such, we encourage you to take the interests of local decision-makers into account as you work to reform CEQA in a meaningful way.

We look forward to working with you to promote meaningful and responsible CEQA reform this year.

***I agree to be publicly listed as an endorser of CEQA modernization.***

Sincerely,

Tom Owings  
Mayor

January 31, 2013

The Honorable Tom Owings  
14177 Frederick Street  
Moreno Valley, CA 92553

Dear Mayor Owings:

As mayor of Moreno Valley you are in an excellent position to assist Family Service Association Senior Nutrition Program in addressing senior hunger; a serious problem currently plaguing our community and other communities across the United States.

Family Service Association (FSA) participates in the National March For Meals campaign. This annual campaign, sponsored by the Meals On Wheels Association of America (MOWAA), is intended to generate public awareness, recruit new volunteers and increase local fundraising. A component to the campaign is called **Mayors For Meals**. **Mayors For Meals Day** will be **Wednesday, March 20, 2013**. On this designated day, mayors across the country will show their support for the Meals On Wheels program in their city by delivering meals to seniors. In March 2012, the Mayors For Meals campaign was a major success. Over 1,500 mayors and other elected officials delivered meals on Mayors For Meals Day.

Mayor Owings, we believe you have a unique platform from which to help us raise awareness about the issue of senior hunger. As Mayor of Moreno Valley you are a recognizable and strong voice in our community. By participating in **Mayors For Meals Day** and delivering meals with us on **Wednesday, March 20, 2013**, you can help the FSA Senior Nutrition Program gain much-needed visibility for this cause.

In Riverside County, 47% of seniors who live alone and 25% of elderly couples are struggling to make ends meet and are considered "economically insecure". A report by the U.S. Dept. of Health and Human Services Administration of Aging titled, "A Profile of Older Americans: 2008", the nation's older population "will burgeon between the years of 2010 and 2030" when the "baby boomer" generation will reach age 65, *increasing by 15%* in 2010 from 2000 when the last census was conducted. Seniors age 85 and older are also expected to increase by 15% between 2007 and 2020 (<http://www.mowaa.org/Document.Doc?id=69>). As a result, a growing number of senior citizens are looking to FSA's Senior Nutrition Program for their daily meal. Currently, about 3,053 seniors throughout the Inland Empire receive home-delivered meals on a weekly basis because they are unable to leave their homes due to chronic illness, disease and/or transportation issues and are too frail to prepare their own meals. Delivery staff are often the only social contact an elderly person will receive on a regular basis.

*oregon*

If you are interested in joining **Mayors For Meals Day**, please contact us at your earliest convenience. Simply complete the Mayors For Meals 2013 commitment form that is enclosed with this letter and mail it to FSA Senior Nutrition at 21250 Box Springs Rd., Suite 101, Moreno Valley, CA 92557 to verify that you will participate in **Mayors For Meals Day** on **Wednesday, March 20, 2013**. I would be delighted to answer any questions that you may have and can be reached at [redacted] or [mgranger@fsaca.org](mailto:mgranger@fsaca.org). If you cannot participate, a donation of any amount would greatly help feed the many seniors who so desperately need a meal. I have enclosed a form that you can fill out and send back with your generous donation.

Your name will be included on any material that is used and distributed in regards to this event if you wish to either participate in Mayors For Meals Day or if you choose to donate. Thank you for your serious consideration of our request. I look forward to hearing from you.

Sincerely,

*Michelle Granger*

Dear Dr. White:

I am enclosing a Statement of the Voices For Youth Leadership Group that was presented to the City Council on January 8, 2013. This was a very impressive group of young people. When I heard them speak, I thought this might be good for your consideration.

Please let me know if I can be of further help to you.

Sincerely,

  
Tom Owings  
Mayor

**Statement of the Voices For Youth Leadership Group  
Presented to the Moreno Valley City Council  
January 8, 2013**

Good evening Mr. Mayor and members of the City Council. My name is Lori Strumpf and I am a volunteer teacher and coach for the young people who are presenting their views to you today. These youth participate in youth centers located in Moreno Valley as well as Perris, Lake Elsinore, Indio, Hemet, and Rubidoux. The centers are funded by the Riverside Workforce Investment Board and Council for Youth Development. Three of them are operated by ResCare Workforce Services and three are operated by the California Family Life Center. The young people you see here tonight have worked over the past few months learning about what mayors and city councils do and how to present the issues that matter to them in a way that is most likely to have an impact. They have identified the issues they wanted to bring forward, they have debated many of the issues to find their collective voice, they have conducted research into the issues that matter to them, and they have written the comments they are presenting to you tonight. You will hear from them on specific issues that they feel will help young people find productive paths in life.

I want to thank you for providing this opportunity to these young people to have their voices heard and to learn about the important role local elected officials play in improving their communities. Now I would like to introduce Destiny Russaw.

Hello Mayor Owings and members of the City Council. My name is Destiny Russaw and I participate in the Moreno Valley Youth Opportunity Center. We are going to discuss four key issues that concern us.

- First, we believe that we need more programs to keep youth out of trouble.
- Two, there needs to be more opportunities for youth to become employed and have work experience.
- Three, there needs to be more user friendly ways that youth can know about all the programs available.
- Four, we want to make sure youth have a voice in our communities.

We want to emphasize the need for these issues in our county and in Moreno Valley. In our research we have found the following. Moreno Valley has one of the lowest graduation rates in the County. Riverside County's graduation is 81%. Moreno Valleys is only 68.6% for the 2010-2011 school year. Unemployment for Moreno Valley was 13.9% and for Riverside County in

September 2012 it was 9.7%. For the state of CA unemployment was 11.7% as of 2011. The poverty rate in Riverside County is 16.4% and it is 18.2% in Moreno Valley.

Proposition 30 specifies how Education Protection Account (EPA) funds would be allocated. The revenue raised is expected to fund K-12 schools, community colleges and state universities. Prop 30 is expected to raise more than \$6 billion in revenue. Eighty nine percent of the funds are supposed to go directly to K-12 school districts, county offices of education, and charter schools. The remaining 11 percent would go directly to community college districts. School districts, county offices of education, charter schools, and community college districts are supposed to decide how the funds could be used. They are required to hold public meetings when making spending decisions. We want to be part of that decision making process to make sure that the funds from Proposition 30 are spent to make up for the education cuts that are affecting our ability to enroll in community college.

For youth, actions speak louder than words. For us, as youth, to witness programs and activities that **WE** care about slashed from curriculums makes us weary of even trying. As elected officials, we hope that you will support our efforts to improve our lives by supporting programs like our centers. These programs keep youth engaged in healthy activities. For a seed to grow, it has to be planted in healthy soil, watered, and shone on by the sun. For youth to grow, we need to be given something healthy to be invested in, developed by mentorship and teaching, then given the chance to shine. We have so much time and energy on our hands. What will happen if it is not invested in a healthy place? I would like to introduce Corrina.

Hello, my name is Corrina Corral and I participate in the Moreno Valley Youth Opportunity Center. As we have explained, we believe as young adults that youth need to grow. Many times we are unaware of the many opportunities that are provided for us, the youth. Sometimes we do not know where to look, or where to start, Google is not the first place we look. Even starting at a resource center does not always answer our questions. We need better ways to know about the opportunities offered to the youth. For example; I had no idea about the Moreno Valley Youth Opportunity Center. If it wasn't for my friend who introduced me to the center I would have never known about the wonderful services available to me and other youth. So what would I have done if it had not been for my friend? With joining the center, it became my new family. I began a new life. A new hope with a beautiful vision for my future with education and prosperity. It is important that our youth become aware of the opportunities that are provided for

them. Sadly many do not know due to the lack of awareness and advertisement. Information about youth opportunity programs should be accessible to high schools, letting students know what the center do, who they are for, and what services they provide. Not only high schools, but community centers as well. They should be provided with newsletters, brochures, and pamphlets that inform about Youth Opportunity Centers and other programs that are in the community for youth. If the community was better aware of the opportunities for the youth, our youth could be able to participate in their community. Creating better adults who can possibly be where you are in the future. Now I would like to introduce Enrique.

Hello, my name is Enrique Sanchez and I participate in the Hemet Center. We have conducted a survey with 15 members of Voices of Youth participants. Five of them were students in the Moreno Valley school district. The results from the survey showed that over 50% of the youth surveyed did not utilize the career center provided by their high school.

We asked the participants what their career center did for them and most of them were not aware that their school even had one. Of the few that knew, most did not bother to look into it. Those that did know about it and had investigated it stated that they found more information about college rather than jobs and work experience. On the other hand there were a few that took advantage of the ROP classes provided. There was one youth that said his career center was very helpful and taught him about work ethics as well finding a job. This is a sad reality check to what challenges await us before we even receive a diploma.

We youth have gone through the exact high school experience that is provided by Riverside County. Why is it that a career center is so unknown? If a HIGH SCHOOL doesn't take the career center seriously then how is a high school student even supposed to think of a career as serious. The option of college is without a doubt projected in high school. Yet, most of the kids that graduate won't even be applying for one. Those younger adults are the ones that are to benefit from awareness of programs and training possibilities as opposed to just encouraging them to pursue a university.

As a result, we feel these centers should be advertised, by the counselors, as a **BRIDGE** between high school and the youths' adult lives. Counselors should be aware of local programs and alternatives to colleges. I would like to introduce Issiah.

Hello, my name is Issiah Jimenez and I participate in the center in Lake Elsinore. We believe that youth need more job opportunities specifically in their local area, due to the youth not having the transportation to get to a job in other parts of the county. Youth need more exposure in high school for career centers, career exploration, and learning how to get jobs. We need information on how to take steps directly out of high school to getting our first job. Youth need and desire opportunities for internships and job shadowing to better their skills and abilities. We ask that Chambers of Commerce and businesses get more involved in providing opportunities for youth to gain work experience.

There are a lot of specific technical training programs that mostly reside in community colleges. However, there is a lack of knowledge about them, how to find them, and how to get them on the part of the youth. And even when they can find them, budget cuts have cut our access and chances to get in. We took a poll of our own interests and some of us are interested in becoming a Park Ranger, Registered Nurse, Flobotimist, Water Technologist, or work in an assisted living center. There are no training programs within our community for some of these occupations we wish to be in.

Some of our recommendations are;

- To provide a more direct outline of how to get a career right out of high school.
- Provide more information on what positions are in the area and what is in demand.
- How to help youth right out of high school to get a job.
- Support more centers to help youth find jobs with customer service training, resume writing and internships.

Now I would like to introduce Jonathan.

My name is Jonathan Edwards and I'm from the Rubidoux Youth Opportunity Center. I was applying for jobs while I was in high school at the age sixteen and every placed that I applied for would never call me back or email me for a job interview. Some of the places would ask me my age and they would tell me that I was too young to even work. After trying to find a job for a long period of time, I started to get very frustrated. After all the frustration I built up, I started to give up on looking for employment. Then a couple of years passed and I found the Rubidoux Youth Opportunity Center and not only did they help me find a job, but they also guided and motivated me to continue on with my education. They placed me in eighty hour internship where later got

hired on permanently. The Youth Opportunity Center helped me find a job and taught me very valuable skills including showing me how to create a resume, teaching me customer service skills, and providing me with the tools and knowledge on how to conduct myself in an interview. The Rubidoux Youth Opportunity Center provides me with the skills on how to become a young adult. Now I would like to introduce Kenisha.

My name is Kenisha Walker, in the past I had a difficult time finding a job because when I applied for a job I did not know how to fill out an application thoroughly, speak appropriately, conduct myself properly, or even know how to develop a resume. I also did not have any skills or work experience to put on my resume. Many of my family members would go to the YOC and I used to go with them. Once I was old enough to enroll in the program I did. The first class I took was a work readiness class, this class teaches you how to conduct yourself in an interview, find yourself and what you are good at, find your goals and stick to them, and it also teaches you how to present yourself to an employer. I liked the class because it taught me a lot, including how not to be afraid or nervous when I go into an interview, it also gave me courage and confidence in myself. This class and what I learned from it changed my attitude towards finding a job and gave me hope that I will get a job soon. Now I would like to introduce Shante.

My name is Shante Torres and I'm from the Rubidoux Youth Opportunity Center. Before I came to the youth center I did not know how to present myself in front of an interviewer. For example, I was not aware of the appropriate attire that should be worn during an interview. I also did not know that I was supposed to follow up on my application status. I had developed a resume before I attended the center, but it was not as professional as the one the youth center helped me with. The center also taught me to describe myself as part of my resume, use key words that employers are looking for and that gets their attention, and to list my volunteer experience as work experience. The Rubidoux center taught me how to stand out from the other applicants by asking questions, showing that I am interested, not to be nervous, and to show my personality.

My opportunities were limited because most of the jobs I applied for look for people with experience and I did not have any work experience. While I understand why a company wants someone with experience, it also seems that companies should provide opportunities for a person like me who is committed and wants to work to be able to get started on the road. One of the things the center did was provide opportunities to get work experience through

internships. And I ultimately got hired at the company that provided the internship. Now I would like to introduce Michael.

My name is Michael Munoz and I am from the Perris Youth Opportunity Center. I have had an extremely hard time finding a job in the past due to my age and lack of interviewing skills. I was not aware of what the appropriate attire to wear to an interview was or how to prepare a portfolio; how to give a firm handshake, and I was not aware that I was supposed to keep a resume on hand during an interview. I was not taught to do any of these tasks in high school. Being so unprepared discouraged me to even try to find a job. I thought to myself, "Why I should make an effort to find a job when I did not know the first thing about filling out an application or work ethics." I felt like it did not matter whether I had a job or not; that was until I was introduced to the Perris Youth Opportunity Center by a friend of mine. Within a month I was on my way to finding a job while attending work readiness and customer service classes. After I had successfully finished the courses provided to me, my options and my skills were unlimited. I was later offered an internship at the Dollar Tree and was ready to enter the work force environment.

Thank you for your time and we will be happy to answer any questions you might have.

**Statement of the Voices For Youth Leadership Group  
Presented to the Moreno Valley City Council  
January 8, 2013**

Good evening Mr. Mayor and members of the City Council. My name is Lori Strumpf and I am a volunteer teacher and coach for the young people who are presenting their views to you today. February 14, 2013

Mr. Nels Jensen  
Editor  
Press-Enterprise Company  
3450 14th Street  
Riverside, CA 92501

Dear Mr. Jensen:

While clearing up my emails, I came across your January 22, 2013, message wherein you voiced concerns about the relationship between the Press Enterprise and the Moreno Valley City Council. I hope you will accept my apology for the long delay in getting back to you. I wanted to give your communication careful thought and try to answer your concerns in what I hope will be considered by you thoughtful and respectful terms.

With roots going back to 1878, your newspaper knows better than most that newspapers serve society best when society is informed by facts rather than prejudice and supposition. Although the Press Enterprise was rewarded with a Pulitzer Prize for its dedication to this journalistic principle, it is my opinion that the Press Enterprise has lost sight of the fact that a newspaper should also strive to fairly represent the varied viewpoints and interests in our community and place those interests into context rather than highlight only the conflicting fringes of debate. Accuracy and truthfulness require that as framers of the public discussion not neglect the points of common ground where problem solving occurs.

I am sure that promoting fair, ethical and inclusive coverage is at the heart of your efforts at the Press Enterprise, and I am also sure Lora Hines goes out of her way to avoid purposeful bias in reporting Moreno Valley's news. However, there appears to be a pervasive set of internal biases and a default to rehearsed ways of thinking about Moreno Valley that occasionally lead to unintentional inaccuracies and distortions about events in Moreno Valley.

February 14, 2013  
Mr. Nels Jensen  
The Press Enterprise

Page 2

13 FEB 14 PM 2:08

When these distortions occur my fellow council members and I will continue to point them out in every public venue available to us. Citizens will then be in a position to decide what the truth of the matter really is. I appreciate your sensitivity about concerns Moreno Valley might have regarding the Press Enterprise's coverage but this point - counter point approach seems to be working well. Of course I am always available for coffee (off the record) if you ever get by City Hall.

Safe Routes to School  
28604 Maranda Court  
Moreno Valley, CA 92555

Dear Ms. Denny:

I would like to take this opportunity to let you know how much I enjoyed meeting you earlier this month and learning about the Moreno Valley Safe Routes to School. I believe Moreno Valley Safe Routes to school is a program that will serve our community well.

Also, congratulations on your City recognition Tuesday evening. It is a recognition that is well deserved for your dedication to this program and the children of Moreno Valley.

Thank you for your contributions to Moreno Valley, and I look forward to working with you in the future.

Sincerely,

Tom Owings  
Mayor

Dear Mayor Owings and Council,

I am writing today to express our concern over a proposal to use property registrations and associated fees to address squatters. We applaud your intentions and drive to find a way to engage city resources to address the issues created by unsecured or poorly maintained vacant properties.

Property owners and the real estate professionals who work with them shoulder the burden and costs of maintaining and securing property - as well as the costs of repairing damage when criminal actions or irresponsibility lead to problems.

However, the proposed Vacant Property Registration ordinance offers scarce progress toward that goal while adding new paperwork and new fees.

Working together, we believe that we can work cooperatively toward goals our members share with this council and the residents you represent. IVAR stands prepared to partner with Moreno Valley to improve neighborhoods and pioneer new ideas that merge private and public thinking on this issue. However, that cannot begin with a Vacant Property Registration ordinance that is unfriendly to business and to property owners who have invested in the city of Moreno Valley.

As noted in the staff presentation (slide 28 of the PowerPoint Presentation: "Requirements of VPR Ordinance"), the proposal is designed to deliver four new benefits for the city. Of these, two are redundant with current city code. With or without this ordinance, city code already requires that properties be secure and maintained.

In addition, the benefits of providing a point of contact are speculative. In cities that currently employ registration ordinances, evidence is clear that the database is inaccurate due to missing paperwork, out of date information or incomplete registrations. Only the first item on the list - "Pay a registration fee" - creates a new benefit to city administration but also creates the need for additional oversight from city staff who already face a workload that exceeds available resources.

[Page 1 of 2]

Member Services: 951.684.1221 Fax: 951.684.0450 | Rancho Cucamonga: 909.527.0450

MV00230781

In addition to the new fee, property owners would face a series of new ways to run afoul of city codes as a result of paperwork errors which may be unrelated to the conditions, safety and appearance of property.

Meanwhile, law enforcement receives no new tools with which to address squatters holding official-looking lease documents and neighborhoods see no accelerated relief from improperly maintained or secured homes.

Finally, the greatest incentive for owners of vacant property to secure the homes from squatters is the damage done to badly maintained properties. While city actions may result in some administrative costs, new fees or fines, one squatter in an unsecured property can easily turn a move-in-ready home into a repair bill worth tens of thousands of dollars for the titleholder.

We would welcome the opportunity to work with this Council and city staff to reach our shared goals.

Sincerely,

Paul Herrera

The Honorable Rusty Bailey  
City of Riverside  
3900 Main St.  
Riverside, CA 92522

Dear Mayor Bailey:

On behalf of the City Council, staff, and citizens of Moreno Valley, I wish to convey my profound sympathy on the death of Riverside Police Officer Michael Crain. The taking of his life was senseless and has been felt by all of us in our communities and nationwide.

I attended Officer Crain's funeral, and by the amount of people who attended, it was clear the impact he had on so many people. He honorably served our country in the United States Marine Corps, protected our citizens as a police officer, and was a man who actively cared for his children, family and friends.

I pray Officer Crain's family and fellow police officers will find comfort in knowing that as a community leader and family man, he clearly made a positive impression on many lives.

With Deepest Sympathy,

Tom Owings  
Mayor

c: City Council  
City Manager

MV00230784

**Michael Crain**

**OFFICER MICHAEL CRAIN** Officer Michael Crain was born in Anaheim, California to Stephen and Cindy Crain on April 9, 1978. He was the oldest of three children and had a brother, Jason, and sister, Leslie. He was raised in the Riverside area and graduated from Redlands High School in 1996. After high school, Mike attended Crafton Hills College in Yucaipa for a year prior to enlisting in the United States Marine Corps. He served two deployment tours in Kuwait as a rifleman in the 15th Marine Expeditionary Unit, 3rd Battalion 1st Marines. He was a squad leader, and was promoted to the rank of Sergeant. He was then stationed at Camp Pendleton in Oceanside, CA, where he taught Military Operations in Urban Terrain. During his military service, Mike was awarded the Good Conduct Medal, the Armed Forces Expeditionary Medal, the Sea Service Deployment Ribbon with 1 star, a Certificate of Commendation, and the Rifle Marksmanship Badge. After being honorably discharged from the Marine Corps, Mike joined the Riverside Police Department. He graduated from the Riverside Sheriff's Academy, class #152, and was sworn in as a

Riverside Police Officer on August 24, 2001. Following his graduation from the Field Training Program, he was assigned to Field Operations as a patrol officer. During his 11 year tenure with the Riverside Police Department, Mike served as a patrol officer, and was assigned to the Special Weapons and Tactics (SWAT) Team. He had also served as a Helicopter Observer, a Field Training Officer, a Firearms Instructor, and had been assigned to the University Neighborhood Enhancement Team (UNET). Mike had a big heart, and enjoyed spending time with his wife, Regina, son, Ian (age 10), and daughter Kaitlyn (age 4). He loved attending dance recitals with his daughter and coaching his son's baseball team. He also loved his classic 1970 Chevy Nova, which he spent his spare time restoring. Mike's family and friends knew his usually straight face hid a huge personality. He made an unforgettable impression on everyone he met. During the early morning of February 7, 2013, Officer Michael Crain was gunned down in an apparent ambush while he was on patrol and parked at a stop light with a trainee officer. Mike will be missed by his family, friends, and his community. A public tribute to Officer Michael D. Crain will be held on Wednesday, February 13, 2013 at 10:30 a.m. at The Grove Community Church located at 19900 Grove Community Drive, Riverside, California 92508. A procession following the service will lead Mike to his final resting place at Riverside National Cemetery in Riverside, California. Webcast: [www.Memorialwebcasts.com](http://www.Memorialwebcasts.com) Services are entrusted to Acheson & Graham Garden of Prayer Mortuary (951) 688-1221 Please visit [www.achesonandgraham.com](http://www.achesonandgraham.com) to leave condolences.

Mr. Scott Snow Martin  
25709 San Lupe  
Moreno Valley, CA 92551-1445

Dear Scott:

Congratulations on having attained the rank of Eagle Scout.

I know that many years of dedication, long hours of hard work, and the desire to reach a goal that very few boys entering Scouting ever do is a testament to your tenacity, fortitude and leadership ability.

Because you have endeavored to excel early in life, you are going to find your future to be bright, full of challenges, rewarding, and bringing honor to yourself and especially to your parents. It is they that have helped you every step of the way and it is they that will fill with pride as they follow their son's future accomplishments.

Know that you have joined an elite group of men and having done so, you will always be able to hold your head high as you take the walk of life to your destiny.

Sincerely,

Tom Owings  
Mayor

Subject: Moreno Valley Black Chamber of Commerce  
9<sup>th</sup> Annual Business & Community Gala Affair

Dear Attendees:

On behalf of the City Council and residents of Moreno Valley, I welcome you to the Moreno Valley Black Chamber of Commerce's 9<sup>th</sup> Annual Business & Community Gala Affair.

Please visit the vendors' exhibits and displays as this event offers an excellent venue for small businesses to introduce and present their valuable products and services. Also, in recognition of Black History Month, you will have the opportunity to participate in the recognition of local doctors and scientists who are being honored for their achievements.

The Moreno Valley Black Chamber of Commerce contributes to Moreno Valley's rich diversity of cultures and is a vital organization for the entrepreneurs and leaders of this magnificent city. I commend the Moreno Valley Black Chamber of Commerce Board and members for their efforts.

Sincerely,

Tom Owings  
Mayor

January 30, 2013

Dear Members of the California Law Enforcement Challenge:

As the Mayor of the City of Moreno Valley, I depend on the Moreno Valley Police Department to keep our city safe. Public safety is a priority for me and for the City Council collectively. By keeping our city safe, the City of Moreno Valley will be able to attract and retain more businesses and citizens will feel good about the decision to make Moreno Valley their home. While the past several years have been tough economically, Moreno Valley continues to experience population and job growth. As a resident of Moreno Valley, I have always had the utmost respect, and have supported the Moreno Valley Police Department, especially the Traffic Team. I have seen how consistent, well planned and executed enforcement action by the Traffic Team reduces the number of traffic collisions and makes our streets safer for motorists and pedestrians.

As an active member of the City Council's Public Safety Subcommittee and proponent for safety related best practices, I fully support the Traffic Team's participation in the California Law Enforcement Challenge. By participating in this competitive program, it makes the Traffic Team think outside the box to develop new and innovative ways to achieve two high priority goals. The first priority is to enforce traffic safety laws keeping our streets safe, and the second is to educate the public about traffic safety issues.

I am very proud of the hard work and dedication of our Traffic Team. Last year the Moreno Valley Police Department Traffic Team was the first place winner in the California Law Enforcement Challenge. They also achieved second place in the National Law Enforcement Challenge. The City of Moreno Valley is very proud of these accomplishments. The Moreno Valley Police Department Traffic Team will continue to receive my support as they participate in this prestigious program. Thank you for your review and consideration of the City of Moreno Valley Police Department's Traffic Team.

Sincerely,

Tom Owings  
Mayor

«Address»  
Moreno Valley, CA 92553

Dear «Owner\_First\_Name» «Owner\_Last\_Name»:

In the next few weeks, we will be visiting the businesses located on Sunnymead Blvd. to speak with the business owners to discuss issues that are impacting their businesses.

We will also be coordinating small discussion groups to share ideas on how to improve neighborhood safety on Sunnymead Blvd. The purpose of the discussion is to provide an open forum to strengthen the communication between the business owners and city, to identify common goals, and to further support and develop the businesses on Sunnymead Blvd.

We look forward working with you to find solutions to our shared concerns.

Sincerely,

  
Tom Owings  
Mayor

«Business\_Name»  
«Address»  
Moreno Valley, CA 92553

Dear «Owner\_First\_Name» «Owner\_Last\_Name»:

In the next few weeks, we will be visiting the businesses located on Sunnymead Blvd. to speak with the business owners to discuss issues that are impacting their businesses.

We will also be coordinating small discussion groups to share ideas on how to improve neighborhood safety on Sunnymead Blvd. The purpose of the discussion is to provide an open forum to strengthen the communication between the business owners and city, to identify common goals, and to further support and develop the businesses on Sunnymead Blvd.

We look forward working with you to find solutions to our shared concerns.

Sincerely,

Tom Owings  
Mayor

Jesse L. Molina  
Council Member

January 22, 2013

The Honorable Jerry Brown  
Office of the Governor  
c/o State Capitol, Suite 1173  
Sacramento, CA 95814

Dear Governor Brown:

I would like to take this opportunity to record my support for Ed Adkison as the next Board Member for the 46th California District Agricultural Association, Southern California Fair.

We desperately need someone of Ed Adkison's ability to promote opportunities for young adults and children, promote recreational and educational opportunities, and increase public participation in the agricultural experience.

Ed Adkison will concentrate on finding innovative solutions to the Fair's financial difficulties and minimize the effects of future budget cuts. As you know, collectively our Fairs have lost \$32,000,000 in annual funding. While I understand the budget cuts are necessary, the Lake Perris Fairground is faced with the challenge of balancing their desire to do more with the reality of having less.

Mr. Adkison is a business owner with years of executive and management experience. He also has a record of accomplishment in elective office. Ed Adkison was elected into public office in January 2000 whereby he represented the Fifth Ward on the seven-member Riverside City Council for two full terms and he also served on the March Joint Powers Commission (2004-2006), which oversees the joint review of March Air Reserve Base.

Mr. Adkison was part of the Riverside City Council that authorized the Riverside Renaissance, a \$1.57 billion program of long-overdue improvements to sewers, streets, parks and public buildings. Mr. Adkison will bring to the job of Board Member the same drive that helped spur the Renaissance. He would not sit back but would be an active advocate for the fair.

Ed Adkison has the skill set to be a strong and effective Board Member and speaking from the vantage point of years of personal, political and business experience with Ed Adkison, I am confident he is the best choice for the job.

Even more important than his experience in my book is his integrity. I am proud to know him and I can only aspire to serve the community as well as Ed Adkison.

Respectfully,

  
Tom Owings  
Mayor

**Honorable Tom Owings**  
**Mayor of Moreno Valley**  
Moreno Valley City Hall  
14177 Frederick Street  
Moreno Valley, California 92553

13 JAN 19 AM 8:41  
CITY COUNCIL  
MORENO VALLEY  
RECEIVED

Dear Honorable Owings,

Tom, first let extend my congratulations on your recent victory. You will have no scarcity of things to do for the next few years.

I have applied for a position as a Board Member for the Agricultural Association, District 46, Southern California Fair. (This is the Board that oversees the 108 acres fairgrounds next to Lake Perris.)

This appointment by the Governor of this great State, would allow me to promote opportunities for young adults and children through involvement with such organization as Future Farmers of America. Through community participation, it will allow me to promote recreational and educational opportunities, including livestock and agriculture experience for all.

I would be humbly honored to receive a recommendation (character) letter from you addressed to, Governor Jerry Brown if you would be so inclined.

I have attached a copy of my recent profile for further information. Should you elect to participate, please provide the letter addressed to Governor Jerry Brown and return it to my office, so it can be submitted with the application.

Thanks for your help and best to you and your family in the New Year to come, and have fun with your new endeavors.

Respectfully,

Ed Adkison  
6879 Airport Drive  
Riverside, CA 92504

Profile For  
**Ed Adkison**

### **Personal Profile**

Ed Adkison was born in South Gate, California, in 1955. In his early childhood, he resided in the unincorporated Rancho Cucamonga area until he was five years of age, when his family, including two brothers, moved to Paramount, California. To assist the family's limited income, he began to seek employment at the young age of ten, where he delivered newspapers for the Harold American. Subsequently, he carried two more papers, consisting of the Long Beach Press Telegram and Long Beach Daily Signal. He attended public schools.

In 1969, the Adkison family was forced to move as a result of the State of California purchasing the family home for the construction of the Century Freeway. The family then moved to Garden Grove, where he completed high school.

Ed Adkison, a business major at California State University, Fullerton, met a land surveyor who influenced and changed his career thinking. He then redirected his education and entered the Surveyors' Joint Apprenticeship program, sponsored by the International Union of Operating Engineers.

Ed Adkison met his wife, Judy, in 1975 and later married in 1980. They immediately moved from Orange County to the City of Riverside in order to raise their family and enjoy Riverside's semi-rural lifestyle. Ed remains married to his wife of 33 years; he has two adult children and four grandchildren.

### **Business Profile**

Prior to moving to Riverside, Ed worked at professional engineering firms throughout Orange County. After gaining many years of experience, he saw a need for the development of a company that would provide a total commitment, by the professional, on each and every project.

In 1983, after obtaining his land-surveying license, Ed opened Adkan Engineers, a full-service civil engineering firm in the City of Riverside. Adkan Engineers is currently celebrating over 29 years of engineering services to the Southern California community.

Ed serves as President of Adkan Engineers and, as Principal Surveyor, has directly supervised the operations of the company, which has successfully completed over 5,900 projects varying from single lot plot plans to large educational projects, including UC Riverside, Riverside Community College and Cal State San Bernardino. Ed was also Principal in Charge for the boundary and topographic survey of the Eagle Mountain Landfill project, a 4600-acre  $\pm$  site, located in Desert Center, for the L.A. County Sanitation District, the Stringfellow Acid Pits Clean Up project, the site of a superfund toxic cleanup, as well as several projects for Disneyland, including California Adventure in its entirety and, more recently, the "Circle of Hands" and "Enchanted Cottage" exhibits.

## **Educational Profile**

Ed Adkison graduated from Garden Grove High School in 1973 and in 1976 received his Associates of Arts Degree in Accounting from Fullerton Junior College. He then completed two years of undergraduate coursework, majoring in Business Administration from 1976 to 1978 at California State University, Fullerton.

Soon thereafter, Council Member Adkison enrolled in the Surveyors' Joint Apprenticeship Committee Program at Santa Ana College, established by the International Union of Operating Engineers. His pursuit in extended education in civil engineering studies continued at California State Polytechnic University, Pomona (Cal Poly Pomona) in 1985 and at the University of California, Riverside in 1991.

## **Elected Service Profile**

Ed Adkison was elected into public office in January 2000 whereby he represented the Fifth Ward on the seven-member Riverside City Council for two full terms.

Ed Adkison also served on the March Joint Powers Commission (2004-2006), which oversees the joint review of March Air Reserve Base. The Joint Powers Commission represents the nation's largest reserve base and promotes the economic viability of the March Air Reserve Base to the Inland Empire.

At that time, The Joint Powers Commission was successful in its lobbying efforts to the Base Realignment and Closure (BRAC) Commission in May 2005 from keeping March Air Reserve Base from being placed on the Department of Defense's list of proposed military base closures. This critical action of labor by the March Joint Powers Commission was a result of the Pentagon's proposal to downsize the number of military facilities in an attempt to reduce military operating costs.

## **Memberships and Associations**

- Industrial Technology Advisory Committee for the Alvord Unified School District  
Committee Member from 1987 to 1993
- Industrial Technology Advisory Committee for the Alvord Unified School District

Colonel Timothy J. McCoy, Commander  
452d Mission Support Group  
1261 Graeber Street, Suite 3  
March Air Reserve Base, CA 92518

Subject: Sunnymead Boulevard Hotels included in MARB Lodging Program

Dear Colonel McCoy:

On behalf of the City of Moreno Valley and our hotel business community, thank you so much for the progress we are making in resolving the issue of the Sunnymead Boulevard hotel participation in the March Air Reserve Base lodging program. I appreciate the efforts of you and your unit in working with the City and the hotels by developing the self-inspection checklists and processing these in a timely manner so that we can get these valuable businesses back on the MARB lodging list. I understand that the Best Western and Holiday Inn Express have already completed their paperwork and have been added back into the program. Please let me know how the other hotels are progressing and if there is anything more that the City can do in support of both the Mission Support Group and the hotels on this issue.

Thank you for your leadership on this issue and for working with me in getting the problem resolved. I look forward to working with you further to advance our common goals and strengthen the bond between MARB and the City of Moreno Valley.

Sincerely,

Tom Owings  
Mayor

c: Members of the City Council

April 4, 2013

Dear Sunnymead Boulevard Business Partner:

The City of Moreno Valley has embarked on an initiative to improve and enhance the business climate along Sunnymead Boulevard. Council Member Baca and I have spoken to a number of you about our desire to clean up this area and better promote your business. The result of those conversations is that it will take a concerted effort between the City, businesses, and shopping center owners/managers to make Sunnymead Boulevard a thriving place to do business.

Council Member Baca and I personally invite you to meet with us and key City staff to discuss plans to turn this important business corridor around by addressing issues such as crime, code compliance, homelessness, and aesthetics. The City's goal is to be a great place to do business and help your business grow.

The meeting is scheduled for Tuesday, April 23, 2013, from 8:00 a.m. to 10:00 a.m., at Miller Jones Mortuary located at 23618 Sunnymead Boulevard. Light refreshments will be provided.

If you have any questions, please call Shanna Palau at [REDACTED] or email [shannap@moval.org](mailto:shannap@moval.org).

Sincerely,

Tom Owings  
Mayor

Victoria Baca  
Council Member

**Subject: Cancellation of the Pre-Mother's Day Jubilee Event at the Senior Center in Moreno Valley on May 4<sup>th</sup>, 2013.**

I, Jearlin Ball president of the Riverside neighborhood Reunion is sending you this written notice and requesting kindly canceling of our Pre-Mother's Day Jubilee on May 4<sup>th</sup>, 2013, at the Moreno Valley Senior Center.

Due to the matter of a death in the family, health reason and the development of the bombing in Boston, apparent factor; we received scales of responses from many sold ticket holders in their decision of canceling and requesting refunds. Has such, hamper our finances to provide monetary required to hold our event for our senior mothers at this time.

The committee members is requesting if the City of Moreno Valley will consider extending our deposited (retainer) received of \$300 (economic reasons) with regard to the event postponement an opportunity to reschedule our event with consideration to arrange a new date in the future at the center or refund formality information that needs to be completed back from the City Hall.

Please feel free to contact us.

I sincerely thank you for past service and personalized attention.

Sincerely:

Mrs. Ball President

**U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT**  
**THE DEPUTY SECRETARY**  
WASHINGTON, DC 20410-0050

March 4, 2013

The Honorable Tom Owings  
Mayor of Moreno Valley  
14177 Frederick Street  
Moreno Valley, CA 92552

Dear Mayor Owings:

As you are likely aware, due to the failure of Congress to reach a deal on balanced deficit reduction to avoid sequestration, the President was required by law to issue a sequestration order on March 1 canceling approximately \$85 billion in budgetary resources across the Federal Government for the remainder of the federal fiscal year (FY). As partners with the Department of Housing and Urban Development, you are entitled to timely and clear information about how these unfortunate budget cuts impact us, and, in turn, what it means for program beneficiaries in Moreno Valley.

At this time, HUD is taking every step possible to mitigate the effects of these cuts. However, based on our initial analysis, it is likely that your full-year FY 2013 formula program funding will be lower than it was in FY 2012 due to the sequester, which may affect your workforce and planning for this year, and possibly beyond. You can expect 5 percent reductions from the FY 2013 annualized Continuing Resolution levels for the formula programs you are eligible for, including the Community Development Block Grant (CDBG), HOME, Housing Opportunities for Persons With AIDS (HOPWA), and Emergency Solutions Grants for the homeless (ESG) programs.

In testimony to Congress in January, Secretary Donovan estimated some of the impacts sequestration would have on participants. For example, cuts to the HOPWA program would result in 7,300 fewer low-income households receiving permanent and short-term supportive housing assistance, including rent or utility assistance, while a sequester of HOME program funds will result in 2,100 fewer affordable housing units produced for low-income families. As you know, every dollar of HOME funding is leveraged with almost four dollars of other funds.

Once Congress has passed and the President has signed a full-year FY 2013 appropriation for HUD, the exact funding levels you will be receiving for these programs will be set, and, depending upon your program year start date, your individual FY 2013 program grant agreements will subsequently be sent to you.

---

**MEMORANDUM**

To: Mayor and Council Members  
From: Cindy A. Miller, Executive Assistant to Mayor/Council Members  
Date: December 18, 2012  
Subject: 2013 Council Member Committee Participation

The 2013 Council Member Committee Participation is scheduled for Council consideration on January 8, 2013.

Please complete the Council Member Preference - 2013 Council Committee Participation roster, noting which committees you wish to serve as the primary or alternate representative. Also, please rank in order your committee preference. For example, if your preference is RTA over RCTC, please note RTA – 1 and RCTC – 2.

If you are slated to serve as Chair in 2012, please check the column.

Please forward your completed roster to me by *Thursday, December 20*. Your requests will be compiled and submitted to Mayor-Elect Owings, who will determine the final recommendations.

---

City of Riverside Board of Public Utilities  
Attn: Justin Scott-Coe, Board Chair  
3901 Orange St.  
Riverside, CA 92501

Subject: Potential partnership between the City of Moreno Valley Electric Utility and Riverside Public Utilities

Dear Chairman Scott-Coe:

I'm writing to acquaint you with an effort underway at the Moreno Valley Utility, and to request your support of further dialogue between MVU and RPU staff to explore potential partnership opportunities.

As you may be aware, the City of Moreno Valley formed an electric utility in 2001, with the goals of capturing the success of municipal utilities during the energy crisis, gaining local control over the provision of electric service to the community, and creating an economic development tool to attract businesses to the City.

Moreno Valley Utility (MVU) began serving customers in February 2004, and currently has over 5,600 customers with a peak load of 32.5 MW. MVU serves all new development in the City; at build-out, MVU has the potential to triple its service delivery.

In October 2003, the City entered into a long-term agreement with ENCO Utility Services, which installs, operates, and maintains Moreno Valley's electric distribution system. These services include design, engineering, construction management, operations and maintenance, meter reading, customer billing, and related consulting services. There are currently seven ENCO employees on-site with MVU staff; customer billing and remittance is handled in an office outside our City.

As part of the long-range planning process for Moreno Valley Utility, staff has begun exploring options for operations and maintenance services, outage management, meter reading, and customer billing upon expiration of the agreement between ENCO and the City on December 31, 2020, or perhaps even prior to 2020. Our staff made preliminary contact with Riverside Public Utilities to explore the feasibility of contracting with another public utility for the range of services currently provided by ENCO.

CITY MANAGER'S OFFICE

MV00231490

We sincerely hope that your Board is supportive of our request to engage in further dialogue with RPU staff regarding potential collaborative opportunities.

Thank you for your consideration. If you would like to discuss this with me, please call me at [REDACTED]. Should your staff wish to discuss our request in greater detail, they are encouraged to call Jeannette Olko, Electric Utility Division Manager at [REDACTED].

We look forward to your reply.

Respectfully,

Michelle Dawson  
City Manager

14. Business Roundtable follow-up: One business license for owners of several rental properties (Michelle) ~~forwarded inquiry to Barry 2/23; Teichert okay with concept.~~ Finance to provide Council & Chamber with updated process to accommodate this.
15. Draft article for the Daily Energy Report (w/Ahmad & Jeannette)
16. Discuss w/David Taussig & Moss Adams for:
  - Infrastructure financing ideas: proposal received March 22
  - Review of City staffing levels & department services w/comparable cities on a per capita basis (benchmarks) Taussig & Moss Adams preparing proposed "work plan"
  - Explore cost savings opportunity through outsourcing-- same City services. Taussig & Moss Adams preparing proposed "work plan"
17. **Schedule meeting of hotels to assist them in setting up MV Visitor's Bureau (Michelle): Dave Flowers taking the lead on this.**
18. **Add "Mayor's Corner" section to web site (Shanna)**
19. **Place Mayor's comments from 3/12 Council mtg re: P-E on YouTube (Media) RLS to City Attorney done.**
20. **MVCEA: have Rick provide the Board with periodic summaries of City's budget situation; calculate cost to reduce furlough incrementally. (Michelle)**
21. **Make Charter drafts available on web site for public review/comment (Michelle)**

B. Mayor Pro Tem Co:

1. March Joint Powers – Agenda Review - Michele (1<sup>st</sup> & 3<sup>rd</sup> Tues.) ~~Scheduled for 3/5~~

C. Council Member Molina:

1. Public Safety Sub Committee – Agenda Review - Michele (1<sup>st</sup> Mon.) ~~rescheduled March PSSC to 3/18.~~
2. Sunnymead Boulevard Initiative –~~Michelle-Shanna~~
  - Send invitations to businesses for community forum(s)
  - Coordinate sweeps (Code, B&S, PD, Fire Prevention)
3. Sunnymead Blvd Hotel/Motel Association  
Comfort Inn agreed to host MV Hotel/Motel Association mtg. Dave Flowers to assist; invite Ayers & Hampton Inn as well. (Michelle/Mike M.) Invite Lt. Col. McCoy.

D. Council Member Stewart:

E. Council Member Baca:

1. Box Springs Mutual Water Company infrastructure resolution (Michele) Drafting responses to questions raised at the Boardmeeting. Cathy P is transcribing the shareholder list.
2. Coordinate West Coast Thunder Event (Shanna) Let the hotels know this is happening, can we get them to offer discounts, if we incorporate the group into the City's event will they agree to stay in town overnight? List of hotels provided to West Coast Thunder coordinator. Planning staff report for April 23<sup>rd</sup>.

Red=progress  
Strikethrough(1-week)=complete

CITY OF MORENO VALLEY  
CITY MANAGER'S OFFICE  
MARCH 27, 2013

3. Coordinate Memorial Day Event (Michele/Shanna) Cindy confirming speakers with Council. Committee met March 20, program is developing
4. Coordinate Web site content migration to the new format (Shanna) in process. Shanna is receiving and forwarding pages to the webmaster. Council page went live. Submittals for several departments continue to be outstanding. **Established an update tracking report. Pages done to date include: City Council, City Manager's Office**
5. Contract with, and launch community engagement platform (MindMixer) (Shanna) Set up demo with Mayor. Demo is being rescheduled. Mayor demo in process.
6. Explore consultant products for City creation of a smartphone app. (Michele/Shanna)-Met with TS to re-focus. Following up with a couple more app developers: Public Stuff, CitySourced, Arlington TX developer. TS staff met with CitySourced to explore customizability.
7. Space Reconfiguration (Michele/Media team) met with Facilities to confirm staff cubicles. Was included in 2<sup>nd</sup> floor move on Thursday, March 21.
8. Council Chamber / Media Control Room upgrade project (Michele/media team) RFQ was issued on Thursday 3/7.
9. Lobbying:  
Set up conf call with Fed. EDA contact, City Staff, Highland Fairview (Michelle)  
Get itinerary for upcoming March JPC D.C. trip; prep Mayor for City-related mtgs. (Michele) ~~Trip is scheduled for April 15-18, including travel days. Working with Cindy Lockwood of JPA to obtain trip itinerary.~~ Coordinating Mayor's visit to allow for meeting with Jamie Jones - Michele.  
Provide Jamie Jones w/ info to take to Fed reps re: IRS TABs issue? (Michelle)  
Conf call with Sen. Roth's Office re: DOF issues (Michelle/Rick)
10. Support Box Springs Mutual Water Company infrastructure resolution (Michele) ~~2/25: met with BSMWC Boardmember Norberto Perez.~~ Supported Council Member Baca at the 3/4 BSMWC Boardmeeting. Updated City Council at 3/5 Closed Session. Preparing responses for Council Member Baca's 4/1 Boardmeeting attendance.
11. Support Revenue Measure development (Michele)
12. Schedule/coordinate reception for Congressman Takano (Shanna) June-ish
13. Budget Review Team (Michelle)
14. Prepare staff report for 3/18 Public Safety Subcommittee re: MV Mall request to stop paying for police services (Michelle) Requested that Cindy schedule a follow up mtg with Mall reps, Joel and Michelle
15. Assign appropriate Dept/staff to pursue clean out of private storm drain facilities, needs to be a priority (Michelle to discuss at ETeam w/ Suzanne, Barry Ahmad)

**Attachments:** 01-14-13 LCC Riverside County Division - General Membership Meeting Agenda Packet.pdf

Mayor Owings and Council Member Baca: Attached is the agenda for Monday evening's League of CA Cities dinner meeting. As host city our role has been to coordinate the RSVPs, provide the facility, and secure the caterer. The League sets the program agenda and runs the meeting. There is a place on the agenda for the host Mayor to welcome everyone to our city and then they typically introduce the City representatives (Council Members and staff) in attendance. I will provide the Mayor with that list at the event.

City Manager's Office

## MEMORANDUM

To: Mayor and Members of the City Council, Council-Elect  
From: Michele Patterson, Assistant to the City Manager  
Date: December 3, 2012  
Subject: Squatters Remedies in Moreno Valley - Executive Summary

The City has recently received attention from Press Enterprise (PE) representatives Lora Hines and Dan Bernstein on the topic of residential squatters in Moreno Valley. This Executive Summary is intended to correct some misinformation.

**ARE THE PRESS ENTERPRISE'S COMMENTS TRUE?** Both Hines and Bernstein claim that other cities have been pro-active against squatters but Moreno Valley hasn't. This is NOT true. In reality, Moreno Valley established an effective program early and the Press Enterprise even published the attached articles in 2008 and 2009 praising the program's success. Other cities have adopted unnecessary, feel-good programs that generate a little revenue but don't really address the squatter problem.

Unfortunately, the PE is currently confusing two separate issues: vacant bank-owned property registration ordinances by which some cities address code compliance violations in foreclosed properties vs. unauthorized occupancy of vacant residential units (squatting).

The Moreno Valley City Council has considered both issues and rightly recognized that:

1. **VACANT PROPERTY REGISTRATION:** Existing State Law and the Municipal Code (Chapter 6.04 – Abatement of Public Nuisances, adopted by Ordinance 772 in 2008 and found on the website at <http://qcode.us/codes/morenovalley/>) provide all the authorization needed to enforce property maintenance regulations.

Vacant / foreclosed residential properties sometimes become public nuisances. The Municipal Code defines public nuisances in detail and provides authorization for enforcement activities. In general, public nuisances include:

- o Buildings / pools / landscaping that is not maintained.
- o Properties that are an open / accessible / attractive nuisances.

Cities that have adopted vacant property registration ordinances require banks to submit contact information for all foreclosed / abandoned properties and pay a nominal annual registration fee (in the range of \$70 - \$150). These ordinances do

December 3, 2012

RECEIVED  
DECEMBER 3 2012

not address trespass / squatter issues but provide cities with contact information in the event there are code enforcement violations. Instead of adopting something similar, Moreno Valley utilizes DataQuick, RealQuest, Lane Guide, Spokeo, and the Mortgage Electronic Registration System ("MERS" - [www.mersinc.org](http://www.mersinc.org)) to gain the same information.

Recognizing the negative impact of foreclosures to Moreno Valley neighborhoods' / residents' quality of life, the City Council approved the creation of a Foreclosure Strike Team in 2008. The Foreclosure Strike Team responds to complaints and works with banks to enforce State Law and the Municipal Code's existing property maintenance requirements. Moreno Valley, through the Code & Neighborhood Services, Building & Safety, and City Attorney offices, has aggressively enforced public nuisance violations using the authority granted in the Municipal Code to rehabilitate and secure more than 2,000 bank-owned, vacant and deteriorating homes in the past four years, all at the banks' expense. In addition, by utilizing the fines allowed under Senate Bill 1137 (up to \$1,000-per-day-per-violation), Moreno Valley's program has not only been more successful than those of other cities described in the recent PE articles but also generated sufficient revenue to be self-sustaining.

2. TRESPASS / UNAUTHORIZED OCCUPANCY OF RESIDENTIAL UNITS: Trespassers (squatters) can be removed when identified through "Trespass Letters" submitted in advance by the property owners to the Moreno Valley Police Department (MVPD). If people are found occupying a property for which the owner has submitted a Trespass Letter, the MVPD may remove them.

In addition, the Municipal Code declares that properties without utility services (water, sewer, heat, and electricity) may not be occupied. If people are found inside a building without utilities, the Building Official has the authority to remove them. However, if people establish utility service, the property becomes habitable. If the owner has not already submitted a Trespass Letter to the MVPD, the owner must utilize the Unlawful Detainer eviction process to remove them. According to State and Federal Fair Housing Laws, if the squatter refuses to comply, enforcement is a civil, landlord-tenant dispute matter, handled through the courts.

Upon property owner request, Code & Neighborhood Services staff members work with Moreno Valley Electric Utility (MVU) to prevent new utility service connections on vacant homes. Unfortunately, Southern California Edison has so far refused to honor hold requests, so only properties within MVU territory have been eligible for this service.

~~DOES THE PRESS ENTERPRISE ACCURATELY DESCRIBE THE MAGNITUDE OF PROBLEM? It appears that the Press Enterprise has overstated the magnitude / urgency of the squatter issue in Moreno Valley. The Bernstein article quotes a resident who claims 60 squatters have moved into properties in the Celebrations Homeowners' Association (HOA) alone. While not insignificant, the reality is that MVPD's Problem Oriented Policing (POP) Team reports they have worked on just 28 properties throughout the entire City during 2012.~~

Memo regarding Press Enterprise articles on Squatters

Page 2

December 3, 2012

Publication of the PE articles came after Robin Gilbert, the president of the Celebrations HOA expressed dissatisfaction with the City's responsiveness to his complaints. An interdepartmental team of staff from Code & Neighborhood Services, MVPD, and the City Attorney's offices have worked with Mr. Gilbert to remove squatters from properties in Celebrations HOA. However, Mr. Gilbert also seeks City adoption of an ordinance that the City Council declined in September 2012.

**ARE THE MORENO VALLEY STAFF MEMBERS WHO RESPOND TO SQUATTER ISSUES TRAINED AND COMPETENT?** The Press Enterprise articles quotes Assistant Riverside County District Attorney Rick Majchrzak, who describes the training programs his office provides to police departments regarding squatter identification and housing scams. The article implies that Moreno Valley isn't doing a good job because MVPD officers have not contacted his office for training. The article fails to mention that Moreno Valley contracts with the Riverside County Sheriff's Department or that the other cities mentioned operate their own police departments. As a division of the Riverside County Sheriff's Department, MVPD's POP Team officers have received extensive training on squatter identification, housing scams, and on their authority to enforce Trespass laws. When a property likely to house potential squatters is identified, MVPD deputies have the knowledge and skill to perform the extra investigation and enforcement actions to respond appropriately to the problem.

**FOR A COMPREHENSIVE DISCUSSION OF VACANT PROPERTY REGISTRATION AND TRESPASS ISSUES**, please refer to the audio recording from the Moreno Valley City Council Study Session on September 18, 2012 which can be found on the City's website at [www.moreno-valley.ca.us/city\\_council/agendas-sire.shtml](http://www.moreno-valley.ca.us/city_council/agendas-sire.shtml). Third on the agenda, the topic discussion began at approximately 1 hour 10 minutes into the meeting.

In addition, the Community & Economic Development Department provided a report on the issue in the City Manager's Update dated 11/13/12. This report can be found on the City's website at [www.moval.org/city\\_hall/departments/city\\_mgr-update.shtml](http://www.moval.org/city_hall/departments/city_mgr-update.shtml) on page 5.

Subject: Contact of Primary Stakeholders on the State Route 60 East Corridor Study

Dear Stakeholder:

The City of Moreno Valley, with assistance from the City's Consultant Raimi and Associates, will be preparing economic and land use based studies to identify land use alternatives for future development along our East State Route 60 Corridor. The four study areas within the Corridor are included on the attached map.

Review of land use opportunities with our major stakeholders will develop a shared vision for the future of the corridor through a collaborative and participatory process. Through individual meetings with major stakeholders, a vision document will be developed that is broad in scope and focuses on long-term goals for future development applications requesting land use modification proposals within the four study areas highlighted in the attached map.

We hope that you can share your input regarding future development for current vacant and underutilized properties located along portions of the East State Route 60 Corridor Study area. A representative from Raimi and Associates will be contacting you to set up individual stakeholder meetings to discuss the study area in depth.

In the interim, if you should have questions or concerns on the State Route 60 East Corridor Study, please do not hesitate to contact Mark Gross, Senior Planner, at [REDACTED]

Sincerely,

Mark Gross, AICP  
Senior Planner

Chris Ormsby, AICP  
Interim Planning Official

MV000231555

April 2, 2013

Mr. Norman Fisher  
13850 Belia Court  
Moreno Valley CA 92555

Mr. Fisher

I wanted to follow up on the outstanding code case for your property at 13850 Belia Court. The City finds no records that demonstrate that the improvements for a residential dwelling for the 1,000 S.F rear structure were ever approved. The following points demonstrate that this 1,000 S.F. structure was never approved as a residential dwelling unit.

- In February 1994 a custom home of 2,812 S.F., along with a detached garage and patios/porches was approved for 13850 Belia Ct. In September 1994, the custom home received a final inspection.
- In May 1994 a permit was approved to add a 1,000 S.F. 'workshop and storage room' to the rear of the detached garage. The permit clearly states—'Workshop and Storage Room-NO 2<sup>nd</sup> Unit Permitted'. The project had a final inspection in December 2004
- A 2<sup>nd</sup> dwelling unit of 2,400 S.F. with a 500 S.F. garage was approved for the parcel in December 1994 (address was established as 13820 Belia Ct.). The project had a final inspection April 1995. Please note that if the 1,000 S.F. rear unit behind the garage of 13850 Belia Ct. had been approved as a residential dwelling unit that City Code would prohibit another residential dwelling unit at this location because it would have been 3 dwelling on one lot which is in conflict with 9.09.130 of the Moreno Valley Municipal Code which states 'No more than one second unit or other type of accessory dwelling unit shall be permitted per lot'.
- The City Building Inspector who did inspections on all three of the projects in 1994 and 1995 is still employed with the City of Moreno Valley and states that the 1,000 S.F. rear unit was never constructed as a residential dwelling unit for any of his inspections. The City Building Inspector did state that there was a toilet/bathroom which is allowed, but no other improvements for a kitchen or bedrooms.

The rear space behind the garage at 13850 Belia Ct. was approved and inspected as a 'workshop and storage room'—Not a residential dwelling unit. Municipal Code clearly prohibits more than two dwelling units on a lot. Having residential homes at 13850 and 13852 Belia Court on one lot prohibits having a 3<sup>rd</sup> residential dwelling unit on this property.

There are two options to consider:

- The 1,000 S.F. space can be used as workshop and storage area, as originally approved. This will require removing the kitchen area. Additionally, the improvements (walls & electrical wiring) that have been installed will have to be inspected for conformance with current building code.

- If the desire is to use the 1,000 S.F. space as a residential dwelling unit another lot must be created. This will require the processing and approval of a parcel map to create separate lots for 13850 and 13820 Belia Court-- including conformance with all City Development Code Standards—including the installation and construction of street improvements on Belia Court. Additionally, all improvements constructed in the rear space would have to be shown to be in compliance with current building code.

When the Mayor and I visited your site, you mentioned that you did not intend to use the 1,000 S.F. space as a residential dwelling. With that in mind, it appears that the most cost-effective option is for you to obtain a permit and remove the kitchen improvements and use the space as a workshop and storage area as originally permitted, along with providing the proper inspections to show that the walls and electrical improvements are in compliance with current building code.

Please determine the option you wish to pursue and let me know. Please call me at [REDACTED] with any questions.

Sincerely

Barry Foster  
Community & Economic Development Director

C. Mayor Tom Owings  
Anne Schneider, Building Official

## MEMORANDUM

To: Mayor and City Council  
From: Mark Gross, AICP, Senior Planner <sup>MG</sup>  
Date: November 28, 2012  
Subject: Release of the Final Environmental Impact Report (EIR) for the March Business Center Project.

The Final Environmental Impact Report (EIR) for the March Business Center is available for review. The project proposes a tentative parcel map, master plot plan and four (4) plot plans to subdivide a 75.05 acre portion of land into four separate parcels to include four (4) individual industrial buildings totaling 1,484,407 square feet within the I (Industrial) land use district. The project also includes a General Plan Amendment to amend the circulation element and an amendment to Specific Plan No. 208 to realign Krameria Avenue. The site is located east of Heacock Street, approximately 1,300 feet west of Indian Street, south of Iris Avenue and north of the Perris Valley Channel.

The Final EIR contains responses to the comments that were received during the public review period and necessary modifications to the text of the Draft EIR. For your information, the document is also located online at [www.moreno-valley.ca.us](http://www.moreno-valley.ca.us), at the City Hall Community Development Department offices and at the Public Library. The project and subsequent EIR have also been scheduled for public hearing for the December 13, 2012 Planning Commission Meeting at 7:00 p.m. in the Council Chamber. A subsequent City Council public hearing will likely be conducted in January.

If you should have any questions on the attached document, please do not hesitate to contact Mark Gross, Senior Planner, at Extension 3215.

## MEMORANDUM

To: Mayor Stewart and Members of the City Council  
From: *JB* Jeff Bradshaw, Associate Planner  
Date: November 28, 2012  
Subject: Final Environmental Impact Report for RPT Centerpointe West Project

The attached disk includes the Final Environmental Impact Report (EIR) and technical studies for the RPT Centerpointe West project. This project and the related EIR are currently on the City Council's December 11, 2012 agenda with a Planning Commission public hearing scheduled for November 29, 2012 certification of the Environmental Impact Report and approval of the project.

The RPT Centerpointe West project is comprised of four applications. PA12-0019 proposes either a 164,720 SF warehouse building or an enclosed truck storage yard on 7.6 acres at the northeast corner of Cactus Ave. and Frederick St. PA12-0020 proposes adding 507,720 SF to an existing 779,016 SF warehouse building for a total of 1,286,736 SF on an 18.6 acre site located at the northwest of Cactus Ave. and Graham St. This project requires the vacation of existing Joy Street between Brodiaea Ave. and Cactus Ave. PA12-0021 proposes a new 607,920 SF warehouse facility on approximately 30 acres located at the northwest corner of Graham St. and Brodiaea Ave. This project requires the vacation of existing Joy Street north of Brodiaea Ave. PA12-0022 proposes a Zone Change from BPX to LI for the 7.6 acres located at the northeast corner of Cactus Ave. and Frederick St. Approval of this project will require certification of an EIR.

Planning is providing the Final EIR and technical studies in advance of the December 11, 2012 staff report for this item because of the large nature of the documents and the required reading involved. The staff report for this item will follow in the regular Planning Commission packet.

### ED Action Plan Update: New 3-year Economic Dev Plan to be Released

As the City's successful 2-year Economic Development Action Plan sunsets, a new 3-year Economic Development Action Plan is underway. The new plan will expand the number of areas from five to nine to capitalize on near-term opportunities in more areas of the city.

for the expanded plan was unveiled to the City Council at a recent Council meeting. Future discussion and consideration for approval is as follows:

- Economic Development Subcommittee March 14, 2013.
- City Council Study Session April 2, 2013.
- Consider for approval by the City Council April 23, 2013.

All meetings are open to the public. Meeting agendas can be found [online](#).

Kaiser Permanente recently completed a new 75,000 square foot medical office complex.

### Development Interest Unwavering

Moreno Valley is clearly becoming a "best place to do business" as developers complete projects in the City. Most development projects in Moreno Valley are speculative due to the significant level of confidence that business in Moreno Valley will succeed.

In this last year alone, one developer completed, and subsequently leased, a 60,000 square foot medical office complex in the South Moreno Valley Industrial Area. Additionally, Kaiser Permanente recently completed a new 75,000 square foot medical office complex, complementing the existing community.

Current projects include:

- More than 2.5 million square feet under construction
- More than 7 million square feet of approved projects, many of which are in the process of construction.

For project details, view the Economic Development Summary by visiting the City of Moreno Valley Economic Development Department [online](#).

### Window + Door Manufacturer Coming

Value Windows & Doors Corporation purchased the former 9.7 acre MVP RV facility. Tenant improvement plans are under development for the reuse of the three buildings. Value Windows & Doors expects to employ approximately 125 people.

### R&D Company Chooses Moreno Valley

InTouch BioSolutions, LLC, is a research & development (R&D) company that has moved to Moreno Valley. Development Services staff worked hard to help facilitate the relocation from the San Francisco Bay area. InTouch BioSolutions operates the following:

- InTouch Bio-provides enabling services in drug R&D and preclinical research and the scientific community-including oncology, neurology & immunotoxicology testing.
- Cell Specific-provides cell-based assay and drug biomarker development services.

### Events/Awards/Trends:

### Developers Support City's New DIF Schedule

Many members of the development community attended the October 9, 2012 Moreno Valley City Council meeting to lend support for the proposed Development Impact Fee (DIF) rate revisions. The Council-approved new DIF rate schedule had not been updated since 2005. Approved by the City, the new DIF update provides a balance that continues to encourage quality development while providing for the infrastructure needs of a growing City.

The revised rate schedule will be made available on the City's Website at [www.moval.org](http://www.moval.org) by January 15, 2013. For more information, please contact the Land Development Division of the Community & Economic Development Department by calling 951.413.3120.

### Moreno Valley's Economic Development Action Plan a Success

After just 18 months of implementation of the Economic Development Action Plan, the City can boast of successes in job growth and project advancement. The Plan outlined a series of steps in April 2011 with the goal of Business Development and Job Creation.

Resource Guide

Shop MoVal

**New Development Project Status Round-up:**

**Industrial Development**

- ✦ Four projects with a total of more than 3.23 million square feet have started construction in the past 15 months.
- ✦ Another 3 million square feet planned to start construction within the next six months;
- ✦ Nearly 10 million square feet of industrial space is in the planning process in the Centerpoint Business Park and South Moreno Valley Industrial area.
- ✦ A Specific Plan and Environmental Impact Report is underway for the World Logistics Center — a proposed 41 million square foot master planned corporate park.

**Job Creation**

Within the Economic Development Action Plan Areas, 2,530 more jobs created in the following business sections:

<b>1487</b>	<b>77</b>
Distribution/Manufacturing	Automobile Dealership
<b>399</b>	<b>567</b>
Office/Healthcare	Retail/Restaurant

**Capital Projects**

The City is investing in a variety of major capital improvement projects that are currently between the design-phase or under construction. All the projects will improve traffic flow in the community and advance economic development efforts. Together the capital improvement projects will be supporting 3,916 jobs in FY 2012/13.

More information can be found on the Community & Economic Development Department webpage at [www.moval.org/CEDD](http://www.moval.org/CEDD).

---

**Speculative Development is Heating Up in Moreno Valley**

Interest in the Moreno Valley industrial market continues to heat up. Several major industrial development firms are pursuing speculative development projects to take advantage of the significant interest by business users. The following are just two examples of the development activity in Moreno Valley:

- The I-215 Logistics Center under development by

Trammell Crow Company (TCC) has pulled permits for its speculative 1.25 million square foot industrial building in the South Moreno Valley Industrial Area. The TCC project also includes a future 457,000 square foot building.

- USAA Real Estate Company is nearing completion of a 522,374 square foot building project in the Centerpointe Business Park.

---

### **New Business Highlight**

The S Bar & Grill has opened as the second restaurant concept in Moreno Valley for the Lim family. Located in Sunnymead Ranch, S Bar & Grill provides an upscale sports bar environment with a casual menu.

The opening of S Bar & Grill is one of several new dining options becoming available to Moreno Valley- with Miguels Jr. and Chipotle coming soon.

---

### **Spotlight on Moreno Valley Business**

"Spotlight on Moreno Valley Business" recognizes both large and small, corporate and independent businesses in the community. Most recently, the two businesses below were publicly recognized for their generous commitment to the Moreno Valley community:

#### **Waste Management**

Waste Management is one of North America's leading providers of comprehensive waste management services. Waste Management is also a major developer, operator and owner of waste-to-energy and landfill gas-to-energy facilities in the United States.

With a transfer station right in Moreno Valley, Waste

Management is a leading supplier of compressed natural gas (CNG) for energy efficient vehicles. Company representatives are very active in a number of community organizations and events.

### **Moreno Valley Mall**

Moreno Valley Mall delivers the ultimate shopping experience for Moreno Valley and surrounding communities.

Under new management the Moreno Valley Mall is working on plans to expand the 1.25 million sq. ft. regional mall to the north of Harkins Theatres, featuring new retail and restaurant opportunities.

The Mall features favorite shops for locals along with the national brands sought after by consumers, as well as a popular 16-screen, state-of-the-art theatre. Check out new additions including Round 1 Bowling & Amusement, Rue 21, Shellshock, Boba Express, and the Vanguard Art Gallery.

---

The Ribbon Cutting of the Auto Mall Improvements took place on Thursday, November 1, 2012. From left to right, Glenn L. Moss, Sr., Mayor Richard A. Stewart, Mayor Pro Tem William H. Batey II and

Council Member Robin N. Hastings.

## **Auto Mall Improvement Phase II Completion Celebrated**

The City hosted a ribbon cutting event in celebration of the completion of Redevelopment Agency-sponsored improvements to the Auto Mall that modernized the image of the 23 year old auto center.

Improvements have included a new freeway sign with a state of the art full color reader board, along with new corner monument features and auto display pads. Moss Bros. Auto Group is concurrently underway with significant investment to upgrade its seven dealerships.

---

## **Get to Know Us: Mark Sambito**

Mark W. Sambito, PE, is the Engineering Division Manager for the City of Moreno Valley. Mark manages the Land Development Division which includes counter services, project entitlements, plan check, field inspection, as well as managing the City's interests in Water Quality and Pollution Control in accordance with State

mandates.

The Land Development Division is part of the Community & Economic Development Department and provides key services to support the City's Economic Development Vision as "a best place to do business". Mark emphasizes the importance of customer service for the development community to navigate the planning and entitlement process. The Land Development staff is committed to providing timely service to a developer's progression from conception, through construction and then into occupancy.

With an undergraduate degree in Civil Engineering from California Polytechnic State University at Pomona, registration with the State of California as a Civil Engineer and 25 years of experience in all aspects of Land Development services. Mark is currently enrolled in a

graduate school program through California State University at Northridge pursuing a Masters in Public Administration. Mark also keeps busy as a member of the Board of Directors for the American Public Works Association, Inland Empire Branch.

---

### **Quarterly Developer Workshops**

The City of Moreno Valley's quarterly Developer Workshop provides a unique opportunity for members of the development community to join City Council members from the Economic Development Committee, City executive leadership and key development services staff to discuss ways to enhance the development services process in Moreno Valley.

This meeting is designed to promote communication and facilitate the exchange of ideas about topics related to development in Moreno Valley.

The next developer's workshop will be on Thursday, February 14, 2013. For more information about this opportunity, please contact Karyn Kiefer at [karynk@moval.org](mailto:karynk@moval.org).

## MEMORANDUM

---

To: Mayor and City Council  
Henry Garcia, City Manager

From: Rick Teichert, Financial & Management Services Director/City Treasurer

Date: March 13, 2013

Subject: Monthly Investment Report – January 2013

Attached is the Monthly Investment Report (Treasurer's Cash and Investments Report) for the month ended January 31, 2013. All investments comply with California Government Code Section 53601 as to the types of investments allowed and the limits of each type. In addition, all investments comply with the City's annually adopted Investment Policy.

The investments managed by Chandler Asset Management totaled \$149,506,732 and achieved a Yield to Maturity (YTM) for January 2013 of 1.26%. This compares to a YTM in December 2012 of 1.31% and a YTM in January 2012 of 1.43%. In addition, the City maintained \$15,538,247 in the State Local Agency Investment Fund Pool with a YTM of 0.34%.

Rates of return on fixed income investments continue to remain soft, reflecting the current efforts by the Federal Reserve to energize the economy. Staff does not anticipate any significant increase in the near future. The Federal Reserve Board has recently stated that they intend to keep rates low for the next two years.

The December 2012 Quarterly Investment Report was presented at a regular City Council meeting on February 26, 2013. Submitting this January 2013 Monthly Investment Report by internal memorandum ensures that the Council and City Manager are kept apprised of the City's investments between the regular quarterly reports.

Please contact me ( [REDACTED] ) or Brooke McKinney ( [REDACTED] ) with any questions.

12. Better weed abatement per City requirements in Public ROW – Robert
13. Set specific goals for the KMVB program & regularly report back to Council - Robert

C. Mayor Pro Tem Molina:

1. Examine solar powered flashing lights at schools – Eric
2. Flooding at 24594 Sunnymead Blvd. (Current CIP Project) – Prem
3. Alessandro medians (proposed) vs. shopping center access – Eric
4. Bike Lanes on Sunnymead Blvd X Indian St. – Eric
5. Look into additional signage and flashing lights for the crosswalks at Badger Spring Middle School, Chaparral Hills Elementary and Midland Elementary School on Davis Street – Eric

D. Council Member Stewart:

1. Citywide crack seal and slurry seal programs – Robert/Prem
2. Better public education regarding bulky items – Robert/WM

E. Council Member Gutierrez:

F. Council Member Baca:

1. Red curb regarding parking situation at NW corner of Dracaea & Gina – Eric
2. Tract at Brentwood, N/O Dracaea needs to go thru process of speed humps, start w/vehicle speed feedback trailers thru PD – Eric
3. Evaluate ped safety & need for crossing guard at Ironwood & Graham (District #5) – Eric
4. Day St. warning signs for the 25 MPH speed zone – Eric
5. Apply KMVB in Edgemont Community - Robert

2. Traffic Safety Commission:

- a. Explore ideas for traffic calming on local collectors – Eric
- b. Resident, Lori Nickel – Crosswalk at Cactus/Philo – Eric
- c. Resident (Arne Pirkanen) – Crosswalk at Perris & Santiago, barriers needed at open area next to Home Depot – Eric/Mark
- d. Shor Denny – Bay from Perris to Graham, all lights are out and at Bayside Park – Eric/Special Districts
- e. TSC Riiff – Day & Gateway (APS) - Eric
- f. TS Chair Sawyerr – 1<sup>st</sup> Tuesday of the month to present at WVUSD like Perris does – Eric
- g. Damaged fences at Lasselle, City of Hemet has similar fence w/better material - Robert
3. TUMF Network update (Part of City's Circulation Element) Submit Final by June 30<sup>th</sup> – Prem/Eric
4. Pavement/drainage improvement & painting (facilities will handle painting request) at PW Yard – Robert/Prem
5. Recycle bins at city parks (recvd & to be installed by PCS Dept., completion early 2014) - Robert
6. Research potential solar power generation in conjunction with the World Logistics Center development- Jeannette
7. Research potential web-based communication system in conjunction with the World Logistics Center development- Jeannette
8. St. Lt. Acquisition (Muni-Fed/SCE) – Jeannette
9. Corporate Yard overall security concern, guard shack option? – Robert & Eric/HR, PCS
10. Waste Management desire to separate from SCE and joining MVU – Jeannette
11. Include drawings and provisions on "Green/Sustainable Infrastructure" in standard plans & specifications – Prem
12. Social Media (Facebook, Twitter, Yelp, etc.) for Public Works, "Everyone is a reporter" – Anna/All
13. Section on City Website/PW & Social Media "What is Ahmad Ansari doing?" – Anna/All
14. Land Development Division Mission Statement – Mark

15. Utilities tend to dig up streets & damage traffic signal lines (specifically Gas Co. at Indian/JFK) – Eric/Mark
16. First Aid kits at the yard and in truck & cars – Robert
17. Safety meetings at the yard – Robert
18. Cost of Service & Rate Design Study for MVU – Jeannette
19. Risk Management & Disaster Preparedness Policies for MVU – Jeannette
20. Basic Customer Service & other training for MVU – Jeannette
21. Lite Owls Installations – Jeannette
22. Revisit/expand S.O.P. (outages, incidents, etc) for MVU – Jeannette
23. Look into software to better manage data, permit & work processes in LDD – Mark
24. Space planning for 1<sup>st</sup> Floor – ASD
25. Updated list of projects for Federal Lobbyist – Prem
26. Coordination meeting with EMWD referencing Nason project schedule – Prem
27. Street sweeper's facing challenges due to overgrown street trees in Special District areas (map to follow) – Robert
28. Follow-up on Citywide CMMS Software, specific to Vehicle Shop – Robert
29. Explore including a \$20K component of Fleet Maintenance need in Phase I of Yard project – Prem/Robert
30. Enhance optimization of vehicle life vs. usage - Robert

(TITLES DUE 1/28/2013 AND STAFF REPORTS DUE 2/4/2013)

1. Commercial Recycling Dumpster Screening – Robert

❖ TENTATIVE FUTURE COUNCIL ITEMS (TBD)

1. Approval of Purchase and Sale Agreement for Acquisition of Property for 33 kV Substation – Jeannette
2. Introduce Ordinance \_\_\_\_, Adding Chapter 12.70 to the City of Moreno Valley Municipal Code, Relating to Prohibiting the Harassment of Cyclists – Eric
3. Crossing Guard Program Citywide (Study Session) – Eric
4. Cooperative Agreement for Moreno MDP Lines I, J, and J-9 – Prem
5. A Resolution of the City Council of the City of Moreno Valley, California, Adopting and Implementing a Renewable Energy Resources Procurement Plan Pursuant to California Senate Bill 2-1X (May 2013) – Jeannette
6. Approval of 10-Year Resource Plan (May 2013) – Jeannette
7. Amendment to Chapter 6.02 of the City of Moreno Valley Municipal Code and Adoption of the Proposed Ordinance Related to Illegal Hauling Relating to Citation Authorization and Amendment to the FY12/13 Fee Schedule - Robert

## ❖ ONGOING TASKS

1. Monthly CIP Project Status Report (categorize projects by type of work) to Dir/DM (Excel-PDF) – Prem
2. Quarterly Productivity Report of Maintenance and Operations – Robert
3. Quarterly Meetings with Field Crew Supervisors (M&O and Transportation) and 1 quarterly meeting with MVU and SD - Ahmad
  - A. Maintenance & Operations
    - i. Solid Waste/Admin, Feb, May, Aug, Nov (4<sup>th</sup> Tuesday, 2:30-3:30 pm)
    - ii. Brian's Crew, Mar, Jun, Sep, Dec (3<sup>rd</sup> Thursday, 2:30-3:30 pm)
    - iii. Steve's Crew, Apr, July, Oct, Jan (1<sup>st</sup> Thursday, 9:30-10:30 am)
    - iv. Andy's Crew, Feb, May, Aug, Nov (3<sup>rd</sup> Wednesday, 2:30-3:30 pm)
  - B. Transportation, TS & Signing & Striping
    - i. Scott's Crew, Mar, June, Sep, Dec (1<sup>st</sup> Wednesday, 8:00-9:00 am)
  - C. MVU – Mar, Jun, Sep, Dec (1<sup>st</sup> Tuesday, 9:30-10:30 am)
  - D. Capital Projects – Jun, Aug, Oct, Dec (Every other month, 1<sup>st</sup> Wednesday, 3:30-5:00 pm)
  - E. Transportation – Jun, Aug, Oct, Dec (Every other month, 3<sup>rd</sup> Thursday (Payday), 8:00-9:00 am)
  - F. MVU/ENCO – May, Jul, Sep, Nov (Every other month, Monday 9:30-10:30 am)
  - G. Admin Assistant Clerical Meeting – Mar, June, Sep, Dec (1<sup>st</sup> Mon, 10:30-11:30 am)
4. Local & Regional Meetings
  - A. RCTC - TAC (3rd Monday of every month @ 10:00 AM) - Ahmad /Prem/Eric
  - B. WRCOG Public Works Committee Meeting (Dark in December) (2nd Thursday of every month @ 2:00 PM) - Ahmad/Prem/Eric
  - C. WRCOG Central Zone TAC Meeting - Ahmad/Prem/Eric
  - D. WRCOG Adhoc Subcommittee Meeting - Ahmad/Prem/Eric
  - E. WRCOG Solid Waste TAC (meets Bi-Monthly) - Robert
  - F. Planning Commission Meeting (2nd Thursday of every month @ 6:00 PM) – as needed
  - G. Traffic Safety Commission – (1st Wednesday of every month @ 6:00 PM) – Ahmad/Eric
  - H. Clean Cities Coalition (meets Bi-Monthly) – Robert
  - I. Riverside County Solid Waste Task Force (meets as needed) – Robert
  - J. Waste Management (meets monthly) – Ahmad/Robert
  - K. CIP Project Schedules (1st Wednesday of each Month) – Ahmad/Prem
5. Advance discussion with WRCOG regarding all new/changed TUMF projects – Prem
6. Inclusion of M&O, Traffic Signals, Traffic Signing & Striping and MVU staff in both CIP Development plan review and field presence to assure compliance with maintenance concerns – Prem/Eric/LDD
7. Accessibility/response via cell phone for Ahmad's calls – All
8. Measures to make PW crews safer when working in streets - Robert/Eric
9. Cat/Pigeon control at PW Yard- Robert
10. Include improvement of aging infrastructure related to MVU in various CIP projects when feasible and practical – Prem/Jeanette
11. Monitor public website and keep updated re: MVU information – Jeanette
12. PW Employee Recognition (work accomplishment, education advancement, etc.) – Ahmad/Anna
13. Inclusion of M&O, Traffic Signals, Traffic Signing and Striping, and MVU staff in Quarterly Utility Coordination Meetings (prepare blast email of project updates from quarterly meetings on CP website to PW Division Managers) – Prem
14. Improve on communication, announcements, clerical support, Motivate Moval for Traffic Signals, Traffic Signing and Striping staff – Eric
15. Provide CP project schedule to all PW Division Managers beginning July – Prem
16. Enforce Provisions to hold contractors responsible for maintaining areas beyond project limits – Prem

17. Submit staff reports for council items in a timely manner so as to allow CM's Office & City Attorney ample review time - ALL

❖ SPECIFIC TASKS

1. CITY MANAGER, MAYOR AND CITY COUNCIL REQUESTS:

A. City Manager:

1. Proceed with Option 3 sign (Welcome and Way Finding) – Eric/Prem/Ahmad

B. Mayor Owings:  
NONE

C. Mayor Pro Tem Co:

1. Speed Hump application status for Saddlebrook Lane – Eric

D. Council Member Molina:

1. Examine solar powered flashing lights at schools – Eric
2. Flooding at 24594 Sunnymead Blvd. (Future CIP Project) – Prem
3. Shell gas station gated driveway at Sunnymead/SR-60 – Eric/Planning
4. Alessandro medians (proposed) vs. shopping center access – Eric
5. Look into drought resistant landscaping within 4ft. of right of way; Property is not adjacent to the Flood Control Basin fronting Ironwood however, privately owned – Prem/Robert
6. Speed hump at 14187 Apple Blossom, South of Brodiaea – Eric
7. Speed hump on Franklin (12099 Franklin, Eric [REDACTED] - Eric

E. Council Member Stewart:

1. Citywide crack seal and slurry seal programs – Robert/Prem
2. Slurry seal crack on Sunnymead Ranch Parkway/Heacock Street – Prem
3. Revisit warrant study of MVUSD Crossing Guard locations & regularly report back to TSC in order to have consistent practice throughout the city – Eric
4. Request Caltrans to place the TS at Box Springs & Morton back to normal timing while I/C const. is in process – Eric
5. Day St., Cottonwood to Bay to Alessandro, 25 MPH seems to low – Eric
6. Frederick, near Centerpointe, why 25 MPH? - Eric

F. Council Member Baca:

NONE

2. Traffic Safety Commission:

- a. Quarterly CIP status report (provide copies to commissioners) – Eric
- b. Guy wire at SE corner of Heacock/Alessandro – Eric
- c. Additional efforts in raising public awareness regarding pedestrian's safety thru educational videos, MVTV, etc. – Eric
- d. MV Ranch Speed Hump request (by lady resident & Chair Sawyerr) on several streets – Eric
- e. APS request (by Commissioner Riiff) at Sunnymead/Heacock – Eric

- f. Complete MVUSD Crossing Guard Study by March/April 2013 (Chair Sawyerr) – Eric  
 g. Complaint about the 35 MPH on Brodiaea, Heacock to Indian (by two gentleman residents) - Eric
3. Cactus renaming status – (On hold per CM) – Eric
  4. Rancho Belago sign program status – Eric
  5. TUMF Network update (Part of City's Circulation Element) – Prem/Eric
  6. EV Strategy to be developed and completed by MVU (December 2012) – Jeannette
  7. Vehicle Replacement Program (Need for a new patch truck [pending future budget]) – Robert
  8. Pavement/drainage improvement & painting (facilities will handle painting request) at PW Yard – Robert/Prem
  9. Mission & Vision Statements – Ahmad/All
  10. Preventive Maintenance Program for Mechanics/Fleet Unit – Robert
  11. Street Sweepers equipment repair/replacement and street sweeping program – Robert
  12. Under-resourced Mechanics/Fleet Unit – Robert
  13. Lot 79/Mountain View Community HOA, Biologist & Maintenance Costs – Robert/Mark/Prem
  14. City Vehicle Carwash Cost Issue (RFP by Purchasing, scope input by M&O)– Robert
  15. Recycle bins at city parks - Robert
  16. Upcoming So. Cal. Gas Co. automated meter program – All
  17. iWorQ Management Tool for PW - All
  18. Three-Year Budget Process – Robert/All
  19. FY2013/14 CIP Process – Prem
  20. Research potential solar power generation in conjunction with the World Logistics Center development- Jeannette
  21. Research potential web-based communication system in conjunction with the World Logistics Center development- Jeannette
  22. Lite Owl Energy Saving Device (Muni-Fed) – Jeannette
  23. St. Lt. Acquisition (Muni-Fed/SCE) – Jeannette
  24. Basic accounting training by Finance in order to do better on LOGOS – Robert/Finance
  25. Corporate Yard overall security concern, guard shack option? – Robert & Eric/HR, PCS
  26. Iris Street paving project, cut or crushed bike loops? – Prem/Eric
  27. **Revisit speed limits on Moreno Beach from Kalmia to JFK– Eric**

## Public Works Department

### MEMORANDUM

---

**To:** Henry T. Garcia, City Manager  
**From:** Ahmad R. Ansari, P.E., Public Works Director/City Engineer  
**Date:** March 8, 2013  
**Subject:** Adjustment to TUMF Network

---

City staff has initiated the process to adjust the Transportation Uniform Mitigation Fee (TUMF) network of regional highways and arterials within the City. The primary purpose is to reflect current and future growth including improvements within the City's Economic Development Action Plan. The following points summarize the strategy:

- The current TUMF network was developed through a detailed Nexus Study by the Western Riverside Council of Governments (WRCOG) approximately 10 years ago, which established the relationship of new development, impacts, and fees to transportation facilities impacted by new development. WRCOG allows formal updates every two years, with the next deadline on June 30, 2013. It is important that the City take advantage of this opportunity to submit adjustments and updates.
- Anticipated additions consist of the Cactus Avenue corridor, Theodore Street, a portion of Eucalyptus Avenue, the State Route 60/Theodore Interchange, and the State Route 60/Day Street Westbound On-Ramp. In addition, staff proposes adjustments to facilities that received outside funds such as the State Route 60/Nason Interchange; identify facilities that provide connectivity but do not require major investment of TUMF funds; and remove unneeded facilities.
- WRCOG guidelines recommend that a jurisdiction keep their network balanced – meaning cost-neutral. The total value of the City's network is just under \$300 million. Staff proposes to be in the range of \$1 to \$4 million under the total current network value in order to facilitate negotiation and approval by WRCOG and neighboring jurisdictions.
- City Council has periodically taken actions, received updates, and enacted fees related to the Nexus Study and the TUMF program. It is recommended that Council

be informed of the need for a network update via this memorandum, but it is not believed necessary to take formal action at this time.

- Staff intends to submit the formal network adjustment request to WRCOG by June 30, 2013.
- Attached is a map of the proposed network changes. Public Works intends to submit it informally to WRCOG in mid-March 2013, to encourage discussion and obtain feedback.
- Attached is a timeline showing milestones. Ultimately, in January 2015, the updated network facilities could be eligible for programming of TUMF funds, depending on WRCOG schedule and available monies.

RIVERSIDE COUNTY  
DISTRICT ATTORNEY

3960 ORANGE STREET  
RIVERSIDE, CALIFORNIA 92501-3643  
951-955-5520

PAUL E. ZELLERBACH  
DISTRICT ATTORNEY

October 22, 2013

Ms. Jane Halstead  
Moreno Valley City Clerk  
14177 Frederick St.  
Moreno Valley, CA 92552

Subject: **Preservation of Evidence Demand**

Dear Ms. Halstead:

The Riverside County District Attorney's Office has learned that the Moreno Valley City Council will consider adopting Resolution No. 2013-82, a "Resolution Adopting Updated Records Retention Schedules and Authorizing Destruction of Certain City Records" at its regular meeting on October 22, 2013.

The District Attorney's Office has reason to believe that litigation may result from matters currently under investigation with regard to the City of Moreno Valley and that relevant evidence potentially may be destroyed if Resolution No. 2013-82 is passed and implemented. This information may be in the City of Moreno Valley's possession or control and the City has a duty to preserve that information.

Therefore, the District Attorney's Office demands that the City of Moreno Valley immediately take action to protect and preserve until further notice any of that information that is in its possession or under its control until further notice.

Specifically, the District Attorney's Office demands that the City of Moreno Valley immediately suspend deletion, overwriting and/or any other destruction of records and electronic stored information (hereinafter "ESI") connected, either directly or indirectly, to the following:

- All records and ESI associated with or concerning Highland Fairview, Iddo Benzeevi, Jerry Stephens, Tom Owings, Marcelo Co, Jesse Molina, Victoria Baca, Richard Stewart, Yxstian Gutierrez and Michael Geller.
- All records and ESI associated with or concerning all City of Moreno Valley elected and appointed public officials and Department Heads.

- All records and ESI associated with or concerning pending or approved development construction projects, infrastructure and/or new infrastructure projects located in the City of Moreno Valley.
- All records and ESI associated with or concerning communications to and from City of Moreno Valley employees, elected and/or appointed public officials regarding the hiring, employment and discharge of former City Manager Henry Garcia.
- All records and ESI associated with or concerning the following development projects: Skechers, World Logistic Center, Prologis, Aquabella Development, Ridge Property Development and Nason Street infrastructure improvements.

The District Attorney's Office is specifically demanding that you preserve all documents, tangible things and ESI potentially associated with or concerning the matters identified above for the time frame of January 1, 2008 to present.

ESI, as used in this demand, should be afforded the broadest possible definition and includes (by way of example and not as an exclusive list) any and all information electronically, magnetically or optically stored as:

- Digital communications (e.g., e-mail, voice mail, instant messaging);
- Word processed documents (e.g., Word or WordPerfect documents and drafts);
- Spreadsheets and tables (e.g., Excel or Lotus 123 worksheets);
- Accounting Application Data (e.g., QuickBooks, Money, Peachtree data files);
- Image and Facsimile Files (e.g., .PDF, .TIFF, .JPG, .GIF images);
- Sound Recordings (e.g., .WAV and .MP3 files);
- Video and Animation (e.g., .AVI and .MOV files);
- Databases (e.g., Access, Oracle, SQL Server data, SAP);
- Contact and Relationship Management Data (e.g., Outlook, ACT!);
- Calendar and Diary Application Data (e.g., Outlook PST, Yahoo, blog tools);
- Online Access Data (e.g., Temporary Internet Files, History, Cookies);
- Presentations (e.g., PowerPoint, Corel Presentations)
- Network Access and Server Activity Logs;
- Project Management Application Data;
- Computer Aided Design/Drawing Files; and,
- Back Up and Archival Files (e.g., Zip, .GHO)

All ESI must be preserved so that it can be retrieved at a later time. The information must be preserved in its original electronic form so that all information contained within it,

Jane Halstead, Moreno Valley City Clerk

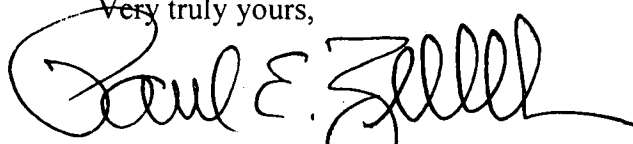

October 22, 2013

Re: Public Square Rosary Crusade  
Corner of Eucalyptus and Frederick st.  
October 12, 2013; 1200 - 1300 hrs

Dear Hon. Tom Owens:

We will be conducting a Public Rosary Crusade on October 12-20 13, at the time and place as noted above.

This Public Rosary Crusade will consist of people holding pro-life signs on the sidewalks of the intersection mentioned. We expect it to be a peaceful, prayerful demonstration for the Culture of Life. There will be no blocking of driveways or interference of business.

I will be in-charge of the event. If you have any questions, you may call my home phone noted below.

I would like to thank you in advance for your kind consideration on this request. We thank you also and the entire police force for working so hard to keep our city and the citizens of Moreno Valley safe.

Sincerely,

Gil Revoir (Local Public Square Rosary Crusade Chairperson)  
13876 Flaming Arrow St.

REF: ADMIN 13-026

Subject: Potential partnership between the City of Moreno Valley Electric Utility  
and Riverside Public Utilities

Dear Ms. Dawson:

Thank you for your letter to City of Riverside Board of Public Utilities Chairman Justin Scott-Coe acquainting him with the City of Moreno Valley Electric Utility (MVU). Chairman Scott-Coe has referred your letter to me and asked for a response directly from Riverside Public Utilities (RPU).

I am aware that our respective staffs have had preliminary discussions regarding the feasibility of RPU providing various services presently provided by ENCO Utility Services once their contract expires, which you indicated will be December 31, 2020.

RPU believes it would be prudent to delay discussions to a time much closer to the contract expiration date. If services are still desired by MVU at that time, we would be better prepared to address your needs based on our present resources and economic environment.

MV00232328

Date: July 10, 2013  
From: Mayor Tom Owings  
To: Michelle Dawson, City Manager

To: The Corrupt Mayor and City Council

Subject: The "Forgotten" Priorities of the MV Citizens' Majority

FYI

The July 9<sup>th</sup> City Council (CC) Report on the \$2,000,000 funding for Theodore Street Interchange at SR 60 is a total travesty and a tremendous dis-service to the citizens that live and work in Moreno Valley. This is another ploy for the entire corrupt CC to appease Iddo Benzevi, the Sketchers owner (Greenburgs') and the cronies of Jerry Stephens at their behest by using the \$2,000,000 in realized savings from the other Iddo benefiting \$25,000,000 Cactus/Nason project. The CC back in April 26, 2011 took this money away from previously funded and "construction-ready" street improvement projects like Kitching Street, Reche Vista Drive, Heacock Avenue and Perris Boulevard realignment projects to fund the Cactus/Nason Project.

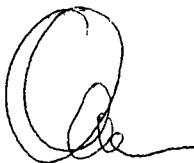

We are well aware of the Mayor's corrupt relationship with the Sketchers' owner and his cozy relationship with the political association headed by Jerry Stephens, Michael Geller, Doug Whitney and David Slawson. In 2011 & 2012, "Slump Lord" Co, "Plain Dumb" Molina and "Past his Prime" Stewart of the CC at the guidance of the corrupt Henry Garcia and Barry Foster, voted to take existing funding away (they used big words like "re-sequencing") from very important projects to the City majority/citizens to benefit Iddo's Cactus/Nason project. Henry and the corrupt CC even agreed to offer the contractor a \$100,000 bonus to finish the project two months early because Iddo was going to build a "jobs, jobs, jobs" medical facility; which we all now call new Nason; a "road to nowhere" (right Molina?) because there is nothing there or planned in the near future. Do you know that Iddo will not have to pay any Development Impact Fees if he develops that property according to the City-Highland Fairview Development Agreement because he was supposed to pay and build Cactus and Nason (Agreement dated January 2006 page 49 & 52)? Now, the corrupt CC is taking the \$2,000,000 in savings to fund another Iddo project (the World Logistic Center directly benefits) out in nowhere while we citizens suffer without the necessary upkeep of our existing streets. What a mockery!!!

You currently have a key bunch of Department Heads that were hand-picked by Henry to make "things happen" on behalf of Iddo, the Sketchers owner and the Jerry Stephens' political association. Did you know Henry and the corrupt CC checks with "City Hall West" (Iddo's Office at Veterans and Calle San Juan) before they make any decisions? Henry hired "Riverside's Chief Crook" Desantis to concoct a biased Audit of the Public Works Department so that Henry and the current City Manager, Michelle Dawson fired the previous Public Works Director at the behest of Iddo and corrupt Barry in order to hire Henry's hand-picked Public Works Director, Ahmad Ansari from Henry's former job at City of Rialto. Did you know that even the Western Riverside Council of Government staff is questioning the City of Moreno Valley's request to add the Theodore Interchange into the previously approved TUMF network? They know this corrupt City's blatant actions are to benefit Iddo; which is an illegal action in accordance with their Administrative Plan. Apparently, it was corrupt Henry's directive to his hand-picked Public Works Director to get this done at the behest of Iddo and Sketchers. He was apparently directed to request removing Redlands Interchange to add the Theodore Interchange to the TUMF network if necessary!!! If you ask the citizens of Moreno Valley, Redlands Interchange needs the fix sooner than Theodore Interchange.

Henry also fired the former Human Resources Director and made Desantis the "interim" then subsequently permanent Director (isn't non-competitive recruitment illegal for City Government?) so they could hand pick recruit "behind closed doors" the "pawns of their game". Why do you think Desantis is now the Assistant City Manager!! The morale of staff is extremely low and they function in fear. There are many City staff that know the corrupt ways of the Department Heads (past and present) but they are very scared that they will be fired or laid off under the pretense of economic budget cuts like the former Public Works Director, City Attorney, Human Resources Director, the Building Official, the Code Enforcement Officer, the Deputy City Attorney, and many others. These people and the present key employees should be deposed by the US Attorney General with protection from disclosure and impunity. However, the CC and key Department Heads hand-picked by Henry must be prosecuted to the fullest extent possible.

For God, Country, City, Justice and plain Fairness, please use the taxpayers' money not to benefit developers but to fund the much needed repairs to Kitching Street, Reche Vista Drive including a traffic signal and the realignment of Heacock Avenue and Perris Boulevard, and so many other streets that badly needs new pavement.

On behalf of the MV Citizens' Majority,

A handwritten signature in black ink, appearing to be a stylized 'C' followed by a flourish.

CITY COUNCIL  
MORENO VALLEY  
RECEIVED  
13 JUL 10 PM 5:41

July 9, 2013

Honorable Mayor and Council Members,

Subject: City Administration

The overall prospective view of Moreno Valley is changing with the following events:

1st: The organization of the city council has definitely improved in cohesion to better performance of proper decision making.

2ndly: The city manager has initiated a dress code in recognition of formal standard and proper character, as the U.S. Marine Corps uniform stands for Esprit de Corps, Siempre Fidelis, meaning high team spirit, always faithful and ready, so is our administration, verified by the balancing of the budget they have now set.

3rdly: The grandure of the Sketchers program inducing future businesses, the introduction of Solar Energy in cost savings, the LSSI project for higher education level, and with the Press Enterprise showing a positive lifting front, all have come about in comparative order.

In opposition:

The Concerned Citizens of Moreno Valley claim corruption, no accountability and can induce a RECALL, a term being "the height of ignorance," with an estimate cost of 50,000 dollars per council member, and by no means submit any possible solutions, for if the old regime now replaced would be reinstated the city would definitely fall.

It is claimed our council woman used the term 'vultures,' that statement could be no further from the truth, when the pack of wolves close in on their prey, after the kill they then turn into vultures and devour to the bone with no remorse.

In the usage of the term 'stupid' as a title directed to the council, and which indirectly implies the department heads who support the council, is an idiotism of the lowest level, striking as a viper, well indicates those who tend to ostercize have deviously claimed their own specific title; Scoffers Incorporated of Organized Rebellion!

In closing:

A lot can be said in three minutes, in 270 words Abraham Lincoln said more in his Gettesburg Address in three minutes than his oponate said in one hour and 55 minutes; this concept of speech was well presented and demonstrated by the head of our library, Paula Smus, a Plus for the library of direction and education.

In all, may Moreno Valley continue to be prosperous.

Honorable Mayor, city Council members, City Manager, all department heads, thank you for all your excellent and dedicated work!

June 27, 2013

The Honorable Tom Owings  
Mayor of Moreno Valley  
City Hall  
14177 Frederick Street  
Moreno Valley, CA 92552

Date: July 1, 2013  
From: Mayor Tom Owings  
To: City Council Members  
Michelle Dawson  
Tom DeSantis

FYI

Dear Mayor Owings:

While it is the intent of the Moreno Valley Unified School District to collaborate with the City Council on mutually agreed topics, it is necessary for me to withdraw my participation on the Mayor's Ad Hoc Committee on Increasing Graduation Rates at this time. Due to three recent events including the declaration of a vacancy on the School Board, passage of the Governor's Local Control Funding Formula, and the decision of the Board to go after a General Obligation Bond, my time will be focused on these time sensitive issues. The Local Control Funding Formula, alone, requires an extensive plan.

My goal as Superintendent is to provide a world class education for each and every student in the Moreno Valley Unified School District. We have continued to set goals, meet state targets and improve the quality of education for the students. Our journey to improving graduation rates started upon the new administrative team's arrival in the Spring of 2011. Since that time we have offered additional credit recovery opportunities including online, before-school, and after-school sessions. Each high school principal was required to submit a graduation plan of action that addresses the needs of their students, and a monitoring system was put into place. Growth in the AVID and Career Technical Education programs is a significant contributor to academic progress and college readiness. Over 1,000 additional students are scheduled to participate in AVID in 2013 as compared to Fall of 2011. Moreno Valley Unified School District graduating seniors of 2013 have received more than 4 million dollars in scholarships and grants.

I thank you for the invitation to serve on your committee; however, I will not be able to participate in 2013. Should you decide to delay the committee I would be available after January of 2014. As a District, we will continue to aggressively accelerate the educational experiences for our students as evidenced by continued improvement on test scores, graduation rates, college going rates and dropout rates.

Sincerely,

Handwritten signature of Judy D. White in cursive.

From: Mayor Tom Owings  
Date: June 17, 2013  
To: Michelle Dawson  
John Terell  
Isa Rojas  
Council Members

Dear Mayor Owings:

FYI

SUBJECT: Offer of Informal Consultation  
Noncompliance with Timely Expenditure Requirements  
Community Development Block Grant (CDBG) Program

Pursuant to a review, HUD has determined that Moreno Valley is not carrying out its CDBG program in a timely manner. A grantee is allowed, under the CDBG regulations at 24 CFR 570.902, *Review to determine if CDBG-funded activities are being carried out in a timely manner*, to have a balance no greater than one and one-half (1.5) times its annual grant remaining in the line-of-credit 60 days prior to the end of the program year. HUD has a longstanding policy of reducing the future year's grant of a grantee that continues to be untimely.

The 60-day ratio for Moreno Valley, as measured on May 2, 2012, was 1.74. The last 60-day test conducted for Moreno Valley on May 2, 2013, indicated a balance remaining in the city's line-of-credit amounting to 1.54 times its Fiscal Year (FY) 2012 grant and, therefore, the city was again in non-compliance with the 1.5 performance standard. The failure to meet the 1.5 standard may result in a reduction of the city's FY2013 grant by 100 percent of the amount in its line-of-credit in excess of 1.5. Based on the new 60-day ratio of 1.54, the amount of this reduction is \$74,339, as shown in the enclosure. The city may avoid a sanction if it demonstrates to HUD's satisfaction that its untimeliness resulted from factors beyond the city's reasonable control.

Under the provisions of 24 CFR 570.911, *Reduction, withdrawal, or adjustment of a grant or other appropriate action*, Moreno Valley is entitled to an informal consultation prior to the actual reduction of its FY2013 grant. Therefore, I am inviting you and members of your staff knowledgeable in this issue to attend a meeting at HUD Headquarters, 451 Seventh Street, SW, Washington, DC, at a date and time convenient for you and your staff. If you prefer, this meeting may be held by teleconference. The Department would like for the informal consultation to take place no later than June 12, 2013. Please contact Sarah Rodkey, Entitlement Communities Division, with the date and time the city would like the informal consultation to be held. Ms. Rodkey can be reached at (202) 402-3878.

The purpose of the consultation is to provide Moreno Valley an opportunity to demonstrate that factors beyond its reasonable control caused delays in program implementation that affected timely performance or to demonstrate that HUD's finding of noncompliance is incorrect.

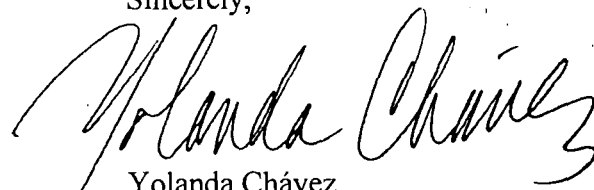

Please be prepared to address **in detail** the factors related to the action(s)/activity(ies) that caused the noncompliance, or, if applicable, the factors that demonstrate compliance. These issues should include:

- The problem, as defined by the specific factor(s) beyond the city's control, why it was beyond Moreno Valley's control, and how it caused untimely performance and/or affected the timeliness of expenditures for other parts of the city's CDBG program over the affected time period.
- The duration of the problem: when it began and when it is expected to end.
- The CDBG amount of each activity affected by the problem; explain, if applicable, why these funds were not reprogrammed after the problem occurred.
- Other actions implemented to ameliorate the effects this problem had on project-specific and program-wide timely performance, when the city undertook them, and what effect they have had and/or will have on timely performance (including the extent to which CDBG funds on hand have been obligated for specific activities).
- If the "factor(s) beyond the city's control" had not happened and funds were drawn down at the anticipated rate, would Moreno Valley have met the 1.5 standard? Provide the calculation and the information the city used to reach that conclusion.

Please provide a written response to the factors that you deem relevant to the city's performance, no later than three business days before the informal consultation date, with a copy to Bill Vasquez, Community Planning and Development Division Director, HUD Los Angeles Field Office, so HUD will be in a better position to discuss this matter with you. The response should be emailed to [Sarah.L.Rodkey@HUD.gov](mailto:Sarah.L.Rodkey@HUD.gov) and [William.G.Vasquez@hud.gov](mailto:William.G.Vasquez@hud.gov). Following this informal consultation, HUD will advise you in writing of its decision. Should Moreno Valley decline to participate in the informal consultation, the city's FY2013 CDBG entitlement award will be reduced by \$74,339 at the time of grant award.

Please feel free to contact Ms. Rodkey or Steve Johnson, Director, Entitlement Communities Division, at [REDACTED], if you have any questions regarding the informal consultation.

Sincerely,

  
 Yolanda Chávez

Moreno Valley, CA 92552-0805

Dear Council Member Baca:

The City of Moreno Valley's Annual Independence Day Parade will take place on Thursday, July 4, 2013, and this year's theme is *A Tribute to Stars and Stripes*. It is a pleasure to invite you and a guest to ride in the parade as an honored dignitary.

A VIP continental breakfast will be provided at 8:30 a.m. The Honor Guard, which will lead the parade procession, will step off promptly at 9:30 a.m. (whether or not you and I are ready!).

In order to ensure there is appropriate signage for your vehicle, please RSVP to Joy Uribe at [REDACTED] or [Joyu@moval.org](mailto:Joyu@moval.org) no later than June 1, 2013. When you respond, please provide information regarding the vehicle and the name of your driver for the parade. Final details and a parade route map will be provided to you if you are able to join us.

I look forward to celebrating our Nation's birthday with you and the citizens of Moreno Valley on July 4<sup>th</sup>.

Sincerely,

Tom Owings  
Mayor

Dear City Council Members of Moreno Valley,

We are writing to address tonight's session and the evaluation of the Development Services Group. We consider the City of Moreno Valley to be an outstanding partner of the Trammell Crow Company. We are consistently impressed with the quality, competence and professionalism of the City personnel. Development Services has been terrific to work with throughout the last two years. We hope this perspective helps in tonight's evaluation.

Trammell Crow Company's Southern California Development and Investment Group has worked closely with the City of Moreno Valley's Development Services team over the past two years on our most recent development project, The I-215 Logistics Center, located in the City's core south industrial zone. This project is currently under construction and slated for completion early this fall. We are still seeking a high quality tenant to utilize this facility – a critical task that we are working with the City of Moreno Valley to achieve. Beyond its large size at approximately 1,250,000 SF, our project is designed with state-of-the-art specifications including significant LEED sustainability features. Our project is being built specifically to cater to large, high quality tenants, particularly those with changing needs due to streamlined supply chain and logistics trends including e-commerce. We chose to locate our project in Moreno Valley due to the outstanding location and infrastructure, but also because of the quality of the City leadership and staff.

In our opinion, the City of Moreno Valley Development Services group has one of the most professional and competent teams among the many municipalities we do business in. The MoVal Development teams from City Council and Planning Commission to City Manager, Building /Planning group, Engineering Division, Fire, and Economic Development have all taken on problem solving and tenant pursuits with focus and with pride. It is apparent that they care about the future of the City, which is an indication of the positive culture fostered within Moreno Valley Development Services. We were not surprised to see that Moreno Valley won NAIOP's Public Partner of the Year award in 2012.

We look forward to successfully completing our current project and developing future projects within Moreno Valley.

Damon Austin / David Drake and the TCC SoCal team

**To:** Richard Stewart; Marcelo Co; Jesse Molina; Tom Owings; Victoria Baca  
**Subject:** Henry Garcia

Dear Moreno Valley Council Member,

My name is Dennis Rice. I read the PE newspaper article about the City Council agenda as it relates to Henry Garcia. Needless to say, I was surprised when I read the agenda for this Tuesday night, May 14, 2013, the closed session items (4, 5, and 6) regarding the performance evaluation and discipline/dismissal/release of the City Manager.

As all of you know, on behalf of Ridge Property Trust and its entities, I have been involved in the development business in Moreno Valley for many years. I think the possible consideration of Henry Garcia's dismissal and release from his job as City Manager is completely unwarranted and unnecessary. Henry has been a huge advocate for the City of Moreno Valley since his arrival a few years ago. He has helped lead the city forward and has done a great job promoting business in the City. He has been an integral part of the Development Services team at the City which has won (and close to winning) major tenant relocation assignments for several prominent users to Moreno Valley. I think the final relocation decisions for ALDI, Procter & Gamble, Harbor Freight Tools, Deckers Outdoor Corp. and others could be the deciding factor on where to relocate with this proposed action...and I think the outcome might not turn out in the City's best interest. That is possibly more 4,000,000 SF of possible jobs for Moreno Valley citizens that could vanish. The collateral damage could linger for years.

Considering the unfortunate events that have occurred over the last couple of weeks, the timing of such is an action may not be good. I hope you decide to keep Henry Garcia in place and keep the city operating as normally as possible in these trying times. Thank you.

**RE: Henry Garcia and his administration / team**

Honorable Mayor and City Council Members;

My name is Joe Meyer and I own the Riverside office of Pacific Retail Partners ("PRP"). PRP is a shopping center development and brokerage company located in Riverside, CA.

PRP was involved in the development of Moreno Beach Plaza and currently owns the surrounding parcels around the Walmart at Moreno Beach and the 60 Freeway.

Over the past few days, I have read several articles regarding the City of Moreno Valley, it's City Council and now it's City Manager.

From my view, Henry Garcia and his administration/team have been very good to work with regarding my existing shopping center and new opportunities. The administration /team has been effective in responding quickly and providing direction and solutions to development issues. By way of example, speeding up the off ramp construction at Moreno Beach and the 60 Freeway has helped secure a new major tenant in Moreno Beach Phase II (LA Fitness) will be helpful in keeping tenants within our project.

I just wanted to let you know that I believe Henry Garcia and his administration/team have represented the City of Moreno Valley well and my hope is to continue to work with this group.

MV00232367

Honorable Mayor and councilmen,

In president John F. Kennedy's inaugural address, he stated "Think not what your country can do for you, but what you can do for your country;" a concept of thought in uniting the American people together in control of the country with their choice of leaders.

In applying that today, the city of Moreno Valley would be more prosperous when the people work in unison with the city council and department heads.

Every city has its own problems, and it is the council's desire to hear from the people as did Mayor Owens from the small business owners on the 23rd/24th of April. In the 4 months the mayor has been in office, he has been trying diligently to seek the city's needs and organizing procedures to resolve and fulfill the desired conditions.

The people may present their petitions, complaints in a positive or negative manner to the council, however, in the negative manner certain speakers come forth with words without justification, they attack as a viper with poison on their lips, their speech are wells without water, they are baging waves of the sea foaming out their own shame, in not knowing what they say, being contentious in nature with no compassion whatsoever.

As for hecklers, representing a circle of jackels surrounding their prey ready to devour, lacking moral concept with little control of tongue, representing the worst of the city's social enviroment, for they despise the dominion of government and mock the truth.

These rebellious persons of stupor are those who would imply a despicable act in using a little innocent girl to make a false statement in public, that would leave an emotional effect on her life for years to come.

In the positive approach, in submitting conditions for possible improvements, has the intent of saying, "...What can we do to help, what can we do to correct the situation, what can we do to resolve the matter, what can we do for our city?" For then this creates a greater cohesion between the people and the city administration. The tide can be turned with this change of attitude.

In conclusion, the council members have made it very clear that they are here specifically and intentionally to serve the people, in holding no barriers or animosity to anyone, and not having to apologize in being blamed for a condition not responsible of, for Mayor Tom Owens has been in office only a few short months, he and his staff need the total patience and support of the people.

In anyone having need to apologize, it would be those who unjustly defame to the city council, and the mother to that little girl.

Honorable Mayor, council members, city Mgr. Henry Garcia, Chief of Police Joel Ontiveros, all department heads and staff, people of Morno Valley,

Thank you and may God bless you all.

**Tom Owings**

Mayor Owings

Kenn Young asked me to send you some information concerning AVID.

I have included a power point that explains AVID and gives all the success we have had region wide. Our region contains, San Bernardino, Riverside, Inyo and Mono county.

Below is a website that explains elementary AVID. Keep in mind, currently Kenn is financially supporting three elementary AVID programs in MVUSD but our office does not support the school with our personnel. These schools are directly supported by the AVID Center in San Diego. [http://www.avid.org/ele\\_overview.html](http://www.avid.org/ele_overview.html)

Below you will find a list of Moreno Valley schools and how many AVID students were at each site last year.

High Schools:

Canyon Springs HS	460

RE: Police Services Agreement Review Request – Moreno Valley Mall

Dear Mr. Garcia,

This letter is a follow up to our request for the review of the Police Service Agreement at Moreno Valley Mall. In accordance with the agreement, Mall ownership hired a consultant to review the Agreement and current operations at the property and submitted the report and recommended modifications for service here on January 26, 2012. At that time we requested a review by your staff and the Moreno Valley City Council. To date, we have not had a meeting with City Council to review the request and the existing Police Services Agreement.

On April 3, 2012, we met with Michele Dawson, to further review the services, the consultant's report and property operations. We provided information from the International Council of Shopping Centers which reflects the industry standards for shopping centers and also provided information from shopping centers in the region with police services. Both the comparisons reflect the significant impact of the current agreement on the mall's security related costs and the operational expense burden on the businesses at Moreno Valley Mall.

We would like to have a meeting date set with the City Council at their earliest convenience to discuss the report and recommendations. Additionally, we would like to request a special study session be conducted to further review the existing agreement, current property operations and our request for modifications to Police Services Agreement. We understand the Council's schedule and time might be committed, however, we would like to meet no later than the first week in February in light of the fact that the report has been held for almost a year.

We appreciate your timely response to this request. We look forward to meeting with you and the Moreno Valley City Council.

If you need any additional information or have any questions, please contact me at [redacted] or by email at [donna.farrell@cis.cushwake.com](mailto:donna.farrell@cis.cushwake.com).

Sincerely,

## Report to City Council

---

**TO:** Mayor and City Council

**FROM:** Michelle Dawson, Assistant City Manager  
Suzanne Bryant, Acting City Attorney

**AGENDA DATE:** February 26, 2013

**TITLE:** APPROVE RESOLUTION NO. 2013-16 ESTABLISHING A CHARTER EXPLORATORY AD HOC SUBCOMMITTEE

---

### RECOMMENDED ACTIONS

Recommendations: That the City Council:

1. Approve Resolution No. 2013-16 establishing a Charter Exploratory Ad Hoc Subcommittee. Resolution No. 2013-16 - A Resolution of the City Council of the City of Moreno Valley, California, Establishing a Charter Exploratory Ad Hoc Subcommittee of the City Council
2. Appoint two members of the City Council to serve as the Ad Hoc Subcommittee tasked with drafting a city charter for the review of the full City Council and possible further action.

### BACKGROUND

The City of Moreno Valley is a general law city. General law cities follow the laws set forth in the Government Code commencing with Section 34000 and have less autonomy than those that adopt their own charter. The California Constitution authorizes the adoption of a city charter and provides that the charter has the force and effect of state law. A charter can only be adopted, amended or repealed by a majority vote of a city's voters.

At a special meeting/workshop held on February 2, 2013, the City Council, City Staff, and members of the public discussed the differences between charter cities and general law cities as well as the merits of both forms of local government. The attached chart (Attachment 2) illustrates the different characteristics of general law v. charter cities. At

G-2

their workshop, the City Council discussed the possibility of forming a Council Subcommittee to draft a Charter. Mayor Owings and Council Member Stewart indicated that they would be willing to serve on the Subcommittee. At the workshop the City Council also reached consensus that they would like to see a draft charter include the following elements:

- Council election runoffs
- Council Member qualifications
- Term limits
- Keep zoning the same as in general law cities
- Set the rules for Council vacancies/terminations
- Determine quorum/voting requirements
- Keep legislative authority the same as in general law cities
- Review charter options with regard to finance and taxation
- Keep regulations regarding streets and sidewalks the same as in general law cities
- Public contracts: charter with competitive bid
- Outsourcing
- Prevailing wage addressed within the charter for cost savings purposes
- Open government/sunshine rules
- No change in relationship with employees

Other comments from the workshop regarding a charter included the desire to address the question of a directly-elected Mayor, the need for community review, and targeting 2014 for a possible ballot measure for the community to vote on a charter.

### **DISCUSSION**

A charter is a unique document that, in many ways, acts like a constitution for the city adopting it. The primary advantage of a charter is that it allows greater authority for a city's governance than that provided by state law. A city may tailor its organization and elective offices, taking into account the unique local conditions and needs of the community.

A charter transfers the power to adopt legislation affecting municipal affairs from the state legislature to the city adopting it. A city operating under a charter can acquire full control over its municipal affairs. These affairs are unaffected by the general laws passed by the state legislature on the same subject matters. This, in effect, gives the voters more control over their local government and the municipal affairs of the city.

Activities that the courts have consistently classified as "municipal affairs" include the following:

- Municipal election matters;
- Procedures for initiative, referendum and recall;
- Procedures for adopting ordinances;
- Compensation of City Officers and Employees (however labor relations is not a municipal affair and charter cities are subject to the Meyers-Milias Brown Act);

- Term limits for Council Members;
- Land use and zoning decisions (with a few exceptions)

Activities that the courts have consistently classified as statewide concerns include the following:

- Traffic and vehicle regulation;
- Licensing of members of a trade or profession;
- Tort claims against a government entity;
- Open and public meetings;
- Exercise of the power of eminent domain.

While a city charter is not required to have any particular provisions in it, a city will often reserve for itself the greatest amount of power it can when it adopts a charter. To accomplish this goal, the charter must include a declaration that it is the intention of the city to avail itself of the full power provided by the state constitution to charter cities. However, the city is not required to extend the breadth of its charter any further than it wishes.

There are two ways to adopt a city charter. One way is for the governing body of the city, on its own motion, to draft the charter. The other way is to elect a charter commission that would then have the responsibility of debating the provisions and drafting the charter. In either case, the charter is not adopted by the city until it is ratified by a majority vote of the city's voters. Prior to approving the submission to the voters of a proposal to adopt a charter, the Council would need to hold at least two public hearings on the matter of the proposed charter. The Council cannot conduct a vote on whether to approve the submission to the voters until 21 days after the second public hearing. If the charter measure passes, it would not go into effect until it has been filed and accepted by the Secretary of State.

The proposed resolution would establish a charter exploratory ad hoc committee. Section 9.0 of the City's Rules of procedure for Council Meetings and Related Functions and Activities, as established in Resolution 2013-10, states that the City Council may, by motion or resolution, appoint ad hoc committees for particular temporary purposes. The City Attorney's Office will act as staff liaison in assisting the Charter Exploratory Subcommittee.

### **ALTERNATIVES**

1. Approve proposed Resolution establishing a Charter Exploratory Ad Hoc Subcommittee and appoint two members of the City Council to serve as the Ad Hoc Subcommittee tasked with drafting a city charter for the review of the full City Council and possible further action. *Staff recommends this alternative.*
2. Do not approve the proposed Resolution establishing a Charter Exploratory Ad Hoc Subcommittee and not appoint two members of the City Council to serve as the Ad Hoc Subcommittee tasked with drafting a city charter for the review of the

full City Council and possible further action. *Staff does not recommend this alternative.*

**FISCAL IMPACT**

There is no fiscal impact in establishing a Charter Exploratory Ad Hoc Subcommittee.

RESOLUTION NO. 2013-16

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MORENO VALLEY, CALIFORNIA, ESTABLISHING A CHARTER EXPLORATORY AD HOC SUBCOMMITTEE OF THE CITY COUNCIL

WHEREAS, the City Council has considered and discussed the Charter City v. General Law forms of government; and

WHEREAS, at their February 2, 2013 Special Meeting/Workshop the City Council discussed the possibility of forming an Ad Hoc Subcommittee to draft a charter for the consideration of the full City Council and residents.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MORENO VALLEY, CALIFORNIA, DOES HEREBY RESOLVE THAT A CHARTER EXPLORATORY AD HOC SUBCOMMITTEE IS ESTABLISHED WITH THE FOLLOWING SCOPE AND CHARACTERISTICS:

Section 1. Specific tasks and objectives shall include:

1. Research and enumerate the advantages and disadvantages of the Charter City v. General Law forms of government;
2. Propose charter language;
3. Solicit citizen input;
4. Present a draft charter to the City Council;
5. Make recommendations to the City Council regarding a ballot measure to enact a City Charter.

Section 2. Committee type and composition.

1. The committee shall be a temporary Ad Hoc Subcommittee.
2. The Subcommittee shall consist of two members of the City Council as selected by motion of the City Council.
3. The Subcommittee shall terminate when its tasks and objectives have been completed.

Section 3. Support to the Subcommittee.

Staff support shall be provided to the Subcommittee by the City Attorney's Office.

Section 4. Meetings.

The Subcommittee shall meet on a date and time selected by the members of the Subcommittee. The meetings shall be noticed pursuant to the Brown Act.

Section 5. Reporting.

Minutes of the Subcommittee shall be prepared by staff designated by the City Attorney's Office and shall be a public record, filed with the City Clerk.

APPROVED AND ADOPTED this 26th day of February, 2013.

(SEAL)

3  
Resolution No. 2013-16  
Date Adopted: February 26, 2013

### **What is the Constitutional Framework for Charter Cities?**

Article XI, section 3(a) of the California Constitution authorizes the adoption of a city charter and provides that a charter has the force and effect of state law. Article XI, section 5(a), the "home rule" provision, affirmatively grants to charter cities supremacy over "municipal affairs." However, the California Constitution does not define the term "municipal affair."

### **What is a Charter?**

A city charter is a unique document that, in many ways, acts like a constitution for the city adopting it. It can only be adopted, amended or repealed by a majority vote of a city's voters. The primary advantage of a charter is that it allows greater authority for a city's governance than that provided by state law. A city may tailor its organization and elective offices, taking into account the unique local conditions and needs of the community.

A charter transfers the power to adopt legislation affecting municipal affairs from the state legislature to the city adopting it. A city operating under a charter can acquire full control over its municipal affairs. These affairs are unaffected by the general laws passed by the state legislature on the same subject matters. This, in effect, gives the local voters more control over their local government and the affairs of the city. However, a city operating under a charter is still subject to the general laws, as passed by the state legislature, on affairs that are not municipal in nature, and are of statewide concern (e.g., California Vehicle Code).

### **What are "Municipal Affairs?"**

It is the scope of the term "municipal affairs" that provides the opportunity for uncertainty. No easy analytical test exists. The threshold issue is whether there is a conflict between state law and a charter city enactment. The next issue is whether the state regulation addressed an issue of "state wide concern." Courts analyze these conflicts on a case-by-case basis.

### **What Activities Have the Courts Classified As Municipal Affairs?**

There are some areas that the courts have consistently classified as municipal affairs. Examples include the following:

- Municipal Election Matters;
- Procedures for Initiative, Referendum and Recall;

- Procedures for Adopting Ordinances;
- Compensation of City Officers and Employees (labor relations is not a municipal affair; charter cities are subject to the Meyers-Milias Brown Act. Cal. Gov't Code § 3500);
- Term Limits for Council Members. *See Cawdrey v. City of Redondo Beach*, 15 Cal. App. 4th 1212 (1993); *but see* Cal. Gov't Code § 36502(b) (regulating term limits);
- Land Use and Zoning Decisions (with a few exceptions).

### **What Activities Have the Courts Classified as Statewide Concerns?**

The following have consistently been classified by the courts as matters of statewide concern:

- Traffic and Vehicle Regulation;
- Licensing of Members of a Trade or Profession;
- Tort Claims against a Governmental Entity;
- Open and Public Meetings;
- Exercise of the Power of Eminent Domain.

### **What is in a Charter?**

While a city charter is not required to have any particular provisions in it, a city will often reserve for itself the greatest amount of power it can when it adopts a charter. To accomplish this goal, the charter must include a declaration that it is the intention of the city to avail itself of the full power provided by the state constitution to charter cities. However, the city is not required to extend the breadth of its charter any further than it wishes.

Some of the common areas that are explicitly regulated in a charter are:

- The date and conduct of city elections;
- Form of government;
- Sub-government procedures in all or part of the city.

### **What is the (General) Procedure to Adopt a Charter?**

There are two ways to adopt a charter. One way is to elect a charter commission. The commission then has the responsibility of debating over the provisions and the drafting of the charter. The other alternative allows the governing board of the city, on its own motion, to draft the charter. In either case, the charter is not

adopted by the city until it is ratified by a majority vote of the city's voters. Prior to approving the submission to the voters of a proposal to adopt a charter, the Council would have to hold at least two public hearings on the matter of the proposed charter. Notice of the public hearings shall be given by publication in a newspaper at least 21 calendar days prior to the date of each public hearing. The second hearing shall be held at least 30 days after the first public hearing. The Council shall not conduct a vote on whether to approve the submission to the voters of the proposal to adopt a charter until 21 days after the second public hearing.

If the Charter measure passes, it would not go into effect until it has been filed and accepted by the Secretary of State. If there were a change in the form of government included in the Charter, the Charter provisions about those topics would control.

## General Law City v. Charter City

Characteristic	General Law City	Charter City
<b>Ability to Govern Municipal Affairs</b>	Bound by the state's general law, regardless of whether the subject concerns a municipal affair.	Has supreme authority over "municipal affairs." Cal. Const., art. XI, § 5(b).
<b>Form of Government</b>	State law describes the city's form of government For example, Government Code section 36501 authorizes general law cities be governed by a city council of five members, a city clerk, a city treasurer, a police chief, a fire chief and any subordinate officers or employees as required by law.	Charter can provide for any form of government including the "strong mayor," and "city manager" forms. See Cal. Const. art. XI, § 5(b); Cal. Gov't Code § 34450 <i>et seq.</i>
<b>Elections Generally</b>	Municipal elections conducted in accordance with the California Elections Code. Cal. Elec. Code §§ 10101 <i>et seq.</i>	Not bound by the California Elections Code. May establish own election dates, rules, and procedures. See Cal. Const. art. XI, § 5(b); Cal. Elec. Code §§ 10101 <i>et seq.</i>
<b>Methods of Elections</b>	Generally holds at-large elections whereby voters vote for any candidate on the ballot. Cities may also choose to elect the city council "by" or "from" districts, so long as the election system has been established by ordinance and approved by the voters. Cal. Gov't Code § 34871. Mayor may be elected by the city council or by vote of the people. Cal. Gov't Code §§ 34902.	May establish procedures for selecting officers. May hold at-large or district elections. See Cal. Const. art. XI, § 5(b).
<b>City Council Member Qualifications</b>	Minimum qualifications are: <ol style="list-style-type: none"> <li>1. United States citizen</li> <li>2. At least 18 years old</li> <li>3. Registered voter</li> <li>4. Resident of the city at least 15 days prior to the election and throughout his or her term</li> <li>5. If elected by or from a district, be a resident of the geographical area comprising the district from which he or she is elected.</li> </ol> Cal. Elec. Code § 321; Cal. Gov't Code §§ 34882, 36502; 87 Cal. Op. Att'y Gen. 30 (2004).	Can establish own criteria for city office provided it does not violate the U.S. Constitution. Cal. Const. art. XI, § 5(b), 82 Cal. Op. Att'y Gen. 6, 8 (1999).

Characteristic	General Law City	Charter City
<b>Public Funds for Candidate in Municipal Elections</b>	No public officer shall expend and no candidate shall accept public money for the purpose of seeking elected office. Cal. Gov't Code § 85300.	Public financing of election campaigns is lawful. <i>Johnson v. Bradley</i> , 4 Cal. 4th 389 (1992).
<b>Term Limits</b>	May provide for term limits. Cal. Gov't Code § 36502(b).	May provide for term limits. Cal. Const. art. XI, § 5(b); Cal Gov't Code Section 36502 (b).
<b>Vacancies and Termination of Office</b>	An office becomes vacant in several instances including death, resignation, removal for failure to perform official duties, electorate irregularities, absence from meetings without permission, and upon non-residency. Cal. Gov't Code §§ 1770, 36502, 36513.	May establish criteria for vacating and terminating city offices so long as it does not violate the state and federal constitutions. Cal. Const. art. XI, § 5(b).
<b>Council Member Compensation and Expense Reimbursement</b>	Salary-ceiling is set by city population and salary increases set by state law except for compensation established by city electors. See Cal. Gov't Code § 36516.	May establish council members' salaries. See Cal. Const. art. XI, § 5(b).
<b>Legislative Authority</b>	Ordinances may not be passed within five days of introduction unless they are urgency ordinances. Cal. Gov't Code § 36934.  Ordinances may only be passed at a regular meeting, and must be read in full at time of introduction and passage except when, after reading the title, further reading is waived. Cal. Gov't Code § 36934.	May establish procedures for enacting local ordinances. <i>Brougher v. Bd. of Public Works</i> , 205 Cal. 426 (1928).
<b>Resolutions</b>	May establish rules regarding the procedures for adopting, amending or repealing resolutions.	May establish procedures for adopting, amending or repealing resolutions. <i>Brougher v. Bd. of Public Works</i> , 205 Cal. 426 (1928).
<b>Quorum and Voting Requirements</b>	A majority of the city council constitutes a quorum for transaction of business. Cal. Gov't Code § 36810. All ordinances, resolutions, and orders for the payment of money require a recorded majority vote of the total membership of the city council. Cal. Gov't Code § 36936. Specific legislation requires supermajority votes for certain actions.	May establish own procedures and quorum requirements. However, certain legislation requiring supermajority votes is applicable to charter cities. For example, see California Code of Civil Procedure section 1245.240 requiring a vote of two-thirds of all the members of the governing body unless a greater vote is required by charter.

Characteristic	General Law City	Charter City
<b>Rules Governing Procedure and Decorum</b>	Ralph Brown Act is applicable. Cal. Gov't Code §§ 54951, 54953(a). Conflict of interest laws are applicable. See Cal. Gov't Code § 87300 <i>et seq.</i>	Ralph Brown Act is applicable. Cal. Gov't Code §§ 54951, 54953(a). Conflict of interest laws are applicable. See Cal. Gov't Code § 87300 <i>et seq.</i> May provide provisions related to ethics, conflicts, campaign financing and incompatibility of office.
<b>Personnel Matters</b>	May establish standards, requirements and procedures for hiring personnel consistent with Government Code requirements. May have "civil service" system, which includes comprehensive procedures for recruitment, hiring, testing and promotion. See Cal. Gov't Code § 45000 <i>et seq.</i> Meyers-Milias-Brown Act applies. Cal. Gov't Code § 3500.	May establish standards, requirements, and procedures, including compensation, terms and conditions of employment for personnel. See Cal. Const. art. XI, § 5(b). Procedures set forth in Meyers-Milias-Brown Act (Cal. Gov't Code § 3500) apply, but note, "[T]here is a clear distinction between the <i>substance</i> of a public employee labor issue and the <i>procedure</i> by which it is resolved. Thus there is no question that 'salaries of local employees of a charter city constitute municipal affairs and are not subject to general laws.'" <i>Voters for Responsible Retirement v. Board of Supervisors</i> , 8 Cal.4th 765, 781 (1994).

Characteristic	General Law City	Charter City
<b>Public Contracts</b>	<p>Competitive bidding required for public works contracts over \$5,000. Cal. Pub. Cont. Code § 20162. Such contracts must be awarded to the lowest responsible bidder. Pub. Cont. Code § 20162. If city elects subject itself to uniform construction accounting procedures, less formal procedures may be available for contracts less than \$100,000. See Cal. Pub. Cont. Code §§ 22000, 22032.</p> <p>Contracts for professional services such as private architectural, landscape architectural, engineering, environmental, land surveying, or construction management firms need not be competitively bid, but must be awarded on basis of demonstrated competence and professional qualifications necessary for the satisfactory performance of services. Cal. Gov't Code § 4526.</p>	<p>Not required to comply with bidding statutes provided the city charter or a city ordinance exempts the city from such statutes, and the subject matter of the bid constitutes a municipal affair. Pub. Cont. Code § 1100.7; see <i>R &amp; A Vending Services, Inc. v. City of Los Angeles</i>, 172 Cal. App. 3d 1188 (1985); <i>Howard Contracting, Inc. v. G.A. MacDonald Constr. Co.</i>, 71 Cal. App. 4th 38 (1998).</p>
<b>Payment of Prevailing Wages</b>	<p>In general, prevailing wages must be paid on public works projects over \$1,000. Cal. Lab. Code § 1771.</p>	<p>Historically, charter cities have not been bound by state law prevailing-wage requirements so long as the project is a municipal affair, and not one funded by state or federal grants. The California Supreme Court decided that Vista, a charter city, could avoid paying prevailing wages on public works projects not built with state or federal monies.</p>

Characteristic	General Law City	Charter City
<b>Finance and Taxing Power</b>	May impose the same kinds of taxes and assessment as charter cities. See Cal. Gov't Code § 37100.5. Imposition of taxes and assessments subject to Proposition 218. Cal. Const. art. XIII C.	Have the power to tax. Imposition of taxes and assessments subject to Proposition 218, Cal. Const. art. XIII C, § 2, and own charter limitations. May proceed under a general assessment law, or enact local assessment laws and then elect to proceed under the local law. <i>See J.W. Jones Companies v. City of San Diego</i> , 157 Cal. App. 3d 745 (1984). May impose real property transfer tax; does not violate either Cal. Const art. XIII A or California Government Code section 53725. <i>See Cohn v. City of Oakland</i> , 223 Cal. App. 3d 261 (1990); <i>Fielder v. City of Los Angeles</i> , 14 Cal. App. 4th 137 (1993).
<b>Streets &amp; Sidewalks</b>	State has preempted entire field of traffic control. Cal. Veh. Code § 21.	State has preempted entire field of traffic control. Cal. Veh. Code § 21.

Characteristic	General Law City	Charter City
Public Utilities/Franchises	<p>May establish, purchase, and operate public works to furnish its inhabitants with electric power. See Cal. Const. art. XI, § 9(a); Cal. Gov't Code § 39732; Cal. Pub. Util. Code § 10002.</p> <p>May grant franchises to persons or corporations seeking to furnish light, water, power, heat, transportation or communication services in the city to allow use of city streets for such purposes. The grant of franchises can be done through a bidding process, under the Broughton Act, Cal. Pub. Util. Code §§ 6001-6092, or without a bidding process under the Franchise Act of 1937, Cal. Pub. Util. Code §§ 6201-6302.</p>	<p>May establish, purchase, and operate public works to furnish its inhabitants with electric power. See Cal. Const. art. XI, § 9(a); <i>Cal. Apartment Ass'n v. City of Stockton</i>, 80 Cal. App. 4th 699 (2000).</p> <p>May establish conditions and regulations on the granting of franchises to use city streets to persons or corporations seeking to furnish light, water, power, heat, transportation or communication services in the city.</p> <p>Franchise Act of 1937 is not applicable if charter provides. Cal. Pub. Util. Code § 6205.</p>
Zoning	<p>Zoning ordinances must be consistent with general plan. Cal. Gov't Code § 65860.</p>	<p>Zoning ordinances are not required to be consistent with general plan unless the city has adopted a consistency requirement by charter or ordinance. Cal. Gov't. Code § 65803.</p>

Thanks to the California League of Cities for providing information.

Unfinished Business  
Agenda Item 11

DATE: December 5, 2012

TO: THE HONORABLE MAYOR AND CITY COUNCIL  
FROM: PAUL L. TALBOT, CITY MANAGER  
MARK D. HENSLEY, CITY ATTORNEY  
SUBJECT: CITY COUNCIL TERM LIMITS

## **BACKGROUND:**

At its November 21, 2012 meeting, the City Council requested that the City Manager and City Attorney prepare appropriate documents for placing an initiative on the ballot regarding term limits. During that meeting, the City Council was undecided as to whether serving one or two years would count toward calculating whether an official served a full term or not. The Council also decided at that time that all elected officials – councilmembers, the treasurer, and city clerk – should be subject to term limits.

Attached for your consideration are two separate initiatives regarding term limits. The first imposes term limits only on councilmembers; the second is for all elected public officials. In both draft initiatives, the City Council may choose whether one or two years should be used when determining whether an official served a full term.

The City Attorney's office drafted two initiatives for this reason: there is no definitive statutory authority allowing the voters to impose term limits on elected officials other than the City Council. Moreover, there are no published cases regarding the ability of general law cities to impose term limits on elected city treasurers and clerks.

The Government Code identifies public officials for a general law city (Government Code § 36501); establishes the qualifications for such officials (Government Code § 36502(A)); and very specifically states that the voters can establish term limits for the *city council* or an *elected mayor* (Government Code § 36502(B)).

There is authority allowing voters to change the status of a city treasurer or city clerk from being elected to being appointed (Government Code §§ 36508 and 36509). However, there is no provision in the Government Code regarding imposing term limits on the city treasurer or city clerk.

It is apparent that, for charter cities, the issue of term limits is a municipal affair<sup>1</sup> and it is therefore likely that a charter city could impose term limits upon all elected officials. However, Monterey Park is not a charter city.

Notably, however, there is no prohibition set forth in the Government Code preventing the voters in general law cities from adopting term limits for *all* elected officials.

---

<sup>1</sup> *Cawdrey v. Redondo Beach* (1993) 15 Cal.App.4th 1212.

Accordingly, a court could uphold a ballot initiative that imposed such term limits since courts give great deference to voters' will in such matters. But, the outcome of any challenge to this type of ballot initiative is not clear.<sup>2</sup>

Based upon the foregoing, the City Attorney's office thought it prudent to offer the City Council two different choices: term limits on just the City Council or upon all elected officials.

**RECOMMENDATION:**

It is recommended that the City Council consider:

1. the wording of the two draft initiatives and make appropriate changes;
2. adopting a resolution placing an initiative on the previously called March 5, 2013 Municipal Election pursuant to Elections Code § 9222 regarding term limits;
3. adopting Resolution No. \_\_\_\_\_ directing the City Attorney to prepare an impartial analysis of the ballot measure regarding city council term limits;
4. adopting Resolution No. \_\_\_\_\_ establishing requirements for ballot arguments filed with the City Clerk to be included with voter information for the previously called municipal election on March 5, 2012; and
5. take such addition, related, action that may be desirable.

---

<sup>2</sup> Although there is case law that predates the term limit authority in Government Code § 36502 (which was enacted in 1995) holding that voters in general law cities are preempted by the Government Code from establishing term limits for city councilmembers (*Polis v. City of La Palma* (1992) 10 Cal.App.4th 25, 29).

**EXHIBIT "A"**

**INITIATIVE MEASURE TO BE SUBMITTED DIRECTLY TO THE VOTERS**

The People of the City of Monterey Park do ordain as follows:

**SECTION 1: *Title.*** This initiative measure (this "Initiative") is entitled the "City Council Term Limit Initiative."

**SECTION 2: *Purpose and Findings.*** The purpose of this Initiative is to impose term limits upon persons serving on the Monterey Park City Council pursuant to Government Code § 36502(b).

**SECTION 3: *Amendment of Monterey Park Municipal Code.*** A new § 2.04.040 is added to the Monterey Park Municipal Code to read as follows:

"§ 2.04.040 Term Limits. Pursuant to Government Code § 36502(b), term limits are imposed upon persons serving on the City Council as follows:

- A. No person may serve more than two consecutive terms as a member of the Monterey Park City Council, whether by election or appointment. Other than as provided by this Section, persons are ineligible to be a member of the City Council more than two consecutive terms.
- B. Any person who is ineligible to be a member of the City Council due to the limitations set forth in this Section, will again become eligible to hold office as a member of the City Council provided not less than two years have or will have elapsed between the most recent date of such person's previous service as a City Council member and the effective date of such person's most recent election or appointment to such office. After such a two year absence, a new two consecutive term limit applies.
- C. Any person, who, whether by appointment or election, serves a partial term of office as a member of the City Council for more than **ONE OR TWO** years is deemed, for the purpose of this Section, to have served a full four-year term.
- D. The City Clerk must reject, refuse to accept for filing, and otherwise refuse to process any nominating papers or other equivalent declaration of candidacy as required or authorized by law for persons if they are ineligible to hold office pursuant to this Section.
- E. This Section applies prospectively only, so that any City Councilmember beginning a term of office on or after the effective date of this Section may serve up to two consecutive terms from and after that date.

- F. Only the voters may amend or repeal this Section at an election duly certified under the Elections Code."

SECTION 4: Implementation of this Initiative. Upon the effective date of this Initiative, the City is directed to promptly take appropriate actions needed to implement this Initiative.

SECTION 5: Miscellaneous.

- A. This Initiative must be interpreted so as to be consistent with all federal and state laws, rules, and regulations. If any section, sub-section, sentence, clause, phrase, part, or portion of this Initiative is held to be invalid or unconstitutional by a final judgment of a court of competent jurisdiction, such decision does not affect the validity of the remaining portions of this Initiative. The voters declare that this Initiative, and each section, sub-section, sentence, clause, phrase, part, or portion thereof, would have been adopted or passed irrespective of the fact that any one or more sections, sub-sections, sentences, clauses, phrases, part, or portion is found to be invalid. If any provision of this Initiative is held invalid as applied to any person or circumstance, such invalidity does not affect any application of this Initiative that can be given effect without the invalid application.
- B. If any portion of this Initiative is held by a court of competent jurisdiction to be invalid, we the People indicate our strong desire that: (i) the City Council use its best efforts to sustain and reenact that portion, and (ii) the City Council implement this Initiative by taking all steps possible to cure any inadequacies or deficiencies identified by the court in a manner consistent with the express and implied intent of this Initiative, and then adopting or reenacting such portion as necessary or desirable to permit the planning and development of the Project.
- C. This Initiative must be broadly construed in order to achieve the purposes stated in this Initiative. It is the intent of the voters that the provisions of this Initiative be interpreted or implemented by the City and others in a manner that facilitates the purposes set forth in this Initiative.

SECTION 6: Attestation. The Mayor will sign this Initiative and the City Clerk will attest and certify to the passage and adoption of this Ordinance if a majority of the voters voting in the City's general election on March 5, 2013 approve the proposition asking whether the voters approve this Initiative.

SECTION 7: Effective Date. This Ordinance will impose term limits in accordance with Government Code § 36502(b). Accordingly, it will be submitted to a general election on March 5, 2013 for voter approval. If a majority of voters vote in favor of this Ordinance, it will become valid and binding on the date that the City Council certifies the election

results in accordance with Elections Code § 9217.

**EXHIBIT "A"**  
**INITIATIVE MEASURE TO BE SUBMITTED DIRECTLY TO THE**  
**VOTERS**

The People of the City of Monterey Park do ordain as follows:

**SECTION 1:** *Title.* This initiative measure (this "Initiative") is entitled the "Term Limit Initiative."

**SECTION 2:** *Purpose and Findings.* The purpose of this Initiative is to impose term limits upon persons serving on the Monterey Park City Council pursuant to Government Code § 36502(b).

**SECTION 3:** *Amendment of Monterey Park Municipal Code.* A new § 2.04.040 is added to the Monterey Park Municipal Code to read as follows:

"§ 2.04.040 Term Limits. Pursuant to Government Code § 36502(b), term limits are imposed upon persons serving on the city council, the city treasurer, and city clerk as follows:

- A. For purposes of this section, the terms "city councilmember, city treasurer, and city clerk" are collectively referred to as "public official." As used in this Section, a "public office" means either the office of city clerk; office of city treasurer; or the city council.
- B. No person may serve more than two consecutive terms as a public official in a particular public office, whether by election or appointment. Other than as provided by this Section, persons are ineligible to be a public official more than two consecutive terms.
- C. Any person who is ineligible to be a public official due to the limitations set forth in this Section, will again become eligible to hold public office as a public official provided not less than two years have or will have elapsed between the most recent date of such person's previous service as a public official and the effective date of such person's most recent election or appointment to public office. After such a two year absence, a new two consecutive term limit applies.
- D. Any person, who, whether by appointment or election, serves a partial term in public office for more than **ONE OR TWO** years is deemed, for the purpose of this Section, to have served a full four-year term.
- E. The City Clerk must reject, refuse to accept for filing, and otherwise refuse to process any nominating papers or other equivalent

declaration of candidacy as required or authorized by law for persons if they are ineligible to hold public office pursuant to this Section.

F. This Section applies prospectively only, so that any public official beginning a term of office on or after the effective date of this Section may serve up to two consecutive terms from and after that date.

G. Only the voters may amend or repeal this Section at an election duly certified under the Elections Code.”

SECTION 4:     *Implementation of this Initiative.* Upon the effective date of this Initiative, the City is directed to promptly take appropriate actions needed to implement this Initiative.

SECTION 5:     *Miscellaneous.*

A. This Initiative must be interpreted so as to be consistent with all federal and state laws, rules, and regulations. If any section, sub-section, sentence, clause, phrase, part, or portion of this Initiative is held to be invalid or unconstitutional by a final judgment of a court of competent jurisdiction, such decision does not affect the validity of the remaining portions of this Initiative. The voters declare that this Initiative, and each section, sub-section, sentence, clause, phrase, part, or portion thereof, would have been adopted or passed irrespective of the fact that any one or more sections, sub-sections, sentences, clauses, phrases, part, or portion is found to be invalid. If any provision of this Initiative is held invalid as applied to any person or circumstance, such invalidity does not affect any application of this Initiative that can be given effect without the invalid application.

B. If any portion of this Initiative is held by a court of competent jurisdiction to be invalid, we the People indicate our strong desire that: (i) the City Council use its best efforts to sustain and reenact that portion, and (ii) the City Council implement this Initiative by taking all steps possible to cure any inadequacies or deficiencies identified by the court in a manner consistent with the express and implied intent of this Initiative, and then adopting or reenacting such portion as necessary or desirable to permit the planning and development of the Project.

C. This Initiative must be broadly construed in order to achieve the purposes stated in this Initiative. It is the intent of the voters that the provisions of this Initiative be interpreted or implemented by the City and others in a manner that facilitates the purposes set forth in this Initiative.

SECTION 6: *Attestation.* The Mayor will sign this Initiative and the City Clerk will attest and certify to the passage and adoption of this Ordinance if a majority of the voters voting in the City's general election on March 5, 2013 approve the proposition asking whether the voters approve this Initiative.

SECTION 7: *Effective Date.* This Ordinance will impose term limits in accordance with Government Code § 36502(b). Accordingly, it will be submitted to a general election on March 5, 2013 for voter approval. If a majority of voters vote in favor of this Ordinance, it will become valid and binding on the date that the City Council certifies the election results in accordance with Elections Code § 9217.

RESOLUTION NO. \_\_\_\_\_

**A RESOLUTION PLACING AN INITIATIVE ON THE PREVIOUSLY CALLED MARCH 5, 2013 MUNICIPAL ELECTION PURSUANT TO ELECTIONS CODE § 9222 REGARDING CITY COUNCIL TERM LIMITS.**

The City Council of the city of Monterey Park resolves as follows:

SECTION 1: Pursuant to Elections Code §§ 1301 and 10403, the City Council previously called for a general municipal election to be held in the City of Monterey Park on Tuesday, March 5, 2013.

SECTION 2: Pursuant to Elections Code § 9222, the City Council places an ordinance on the ballot for the general municipal election scheduled for Tuesday, March 5, 2013.

SECTION 3: A copy of the ordinance to be considered by the voters is attached as Exhibit "A," and incorporated by reference, and is approved by the City Council through adoption of this Resolution. The ballot measure will be designated as Measure EE on the ballot.

SECTION 4: This Resolution is exempt from review under the California Environmental Quality Act (California Public Resources Code §§ 2100, *et seq.*, "CEQA") and CEQA regulations (14 California Code of Regulations §§ 15000, *et seq.*) because it establishes rules and procedures to implement government funding mechanisms; does not involve any commitment to a specific project which could result in a potentially significant physical impact on the environment; and constitutes an organizational or administrative activity that will not result in direct or indirect physical changes in the environment. Accordingly, this Resolution does not constitute a "project" that requires environmental review (*see specifically* 14 CCR § 15378(b)(4-5)).

SECTION 5: Pursuant to Elections Code §§ 9222 and 13119 the exact form of the question to be voted on at the election as it should appear on the ballot is as follows:

<b>SHALL THE ORDINANCE IMPLEMENTING CITY COUNCIL TERM LIMITS BE ADOPTED?</b>	Yes <input type="checkbox"/>
	No <input type="checkbox"/>

SECTION 6: This Resolution will become effective immediately upon adoption.

PASSED AND ADOPTED this \_\_\_\_ day of November, 2012.

**A RESOLUTION DIRECTING THE CITY ATTORNEY TO PREPARE AN IMPARTIAL ANALYSIS OF THE BALLOT MEASURE REGARDING CITY COUNCIL TERM LIMITS.**

The City Council of the City of Monterey Park resolves as follows:

SECTION 1: Pursuant to Elections Code § 9280, the City Clerk is directed to transmit a copy of the ballot measures regarding City Council term limits to the City Attorney for an impartial analysis.

SECTION 2: Upon receiving the ballot measure, the City Attorney is directed to prepare an impartial analysis of the measures showing their effect, if any, on existing law and the operation of the measures. Such analysis must not be more than 500 words.

SECTION 3: The City Clerk is directed to have the City Attorney's analysis printed before the arguments for and against the measures. Immediately below the impartial analysis, in not less than 10 point bold type, the City Clerk should have the following language printed: "The above statement is an impartial analysis of Measure A. If you desire a copy of the legislation affected by this measure, please call the City Clerk's office at (626) 307-1359 and a copy will be mailed at no cost to you."

SECTION 4: Pursuant to 42 U.S.C. § 1973aa-1a., the City Clerk will:

- A. Translate all ballot statements into Spanish, Chinese, and Vietnamese;
- B. Make translated copies of ballot statements publicly available.

SECTION 5: This Resolution will remain effective until superseded by a subsequent resolution.

SECTION 6: This Resolution will become effective immediately upon adoption.

RESOLUTION NO. \_\_\_\_\_

**A RESOLUTION ESTABLISHING REQUIREMENTS FOR BALLOT ARGUMENTS FILED WITH THE CITY CLERK TO BE INCLUDED WITH VOTER INFORMATION FOR THE PREVIOUSLY CALLED MUNICIPAL ELECTION ON MARCH 5, 2013.**

The City Council of the city of Monterey Park resolves as follows:

**SECTION 1:** Pursuant to Elections Code § 9281, qualified voters may submit arguments for and against the ballot measures, in addition to rebuttal arguments, for the previously called March 5, 2013 election on forms provided by the City Clerk.

**SECTION 2:** Arguments filed in accordance with this Resolution must comply with the following requirements in accordance with Elections Code §§ 9282, 9283, 9285, and 9286:

- A. Arguments must be in writing and not exceed three hundred (300) words except for rebuttal argument which may not exceed two hundred and fifty (250) words;
- B. Arguments may be submitted by the City Council; any councilmember authorized to submit an argument by the City Council; any individual voter eligible to vote on the measures; any bona fide association of citizens; or any combination of voters and associations;
- C. Arguments must be typewritten in at least a 12 point font;
- D. Arguments may not include underlining, italics, asterisks, or other, similar, type of formatting;
- E. Arguments must be accompanied by the printed name and signature or printed names and signatures of the person or persons submitting it, or, if submitted on behalf of an organization, the name of the organization and the printed name and signature of at least one of its principal officers.
- F. If more than five (5) signatures accompany an argument, only the first five (5) will be printed.
- G. Arguments for or against the ballot measures must be received in the City Clerk's office not later than December 19, 2012. Rebuttal arguments must be received not later than December 19, 2012.

**SECTION 3:** Pursuant to 42 U.S.C. § 1973aa-1a., the City Clerk will:

- A. Translate all ballot statements into Spanish, Chinese, and Vietnamese;
- B. Make translated copies of ballot statements publicly available.

SECTION 4: This Resolution will remain effective until superseded by a subsequent resolution.

## Dennis Longdyke

**From:** Dennis Longdyke  
**Sent:** Thursday, February 25, 2010 5:37 PM  
**To:** Steve Kupsak  
**Cc:** Albert Brady  
**Subject:** Moreno Valley Equestrian Center- Noise Decibel Testing

On February 25, 2010, at approximately 2:25 p.m., I (Dennis Longdyke) met with City staff at the Moreno Valley Equestrian Center to conduct a decibel test of the shooting of gun blanks emitting from the main arena area. The purpose of this test was to identify the dB (A unit for measuring the amplitude of sound, equal to 20 times the logarithm to the base 10 of the ratio of the pressure of the sound measured to the reference pressure, which is 20 micropascals (20 micronewtons per square meter) of the sound that this type of activity emits.

The meter I used is a "Sper Scientific Sound Meter 840005" (portable hand unit), which is the standard field sound meter used in this type application. Prior to the first Decibel meter test, I calibrated this unit with the set internal calibrated system. It calibrated at 70 dB which is a positive test.

Prior to the first test, I turned on the sound meter and just the normal conversation AMBIENT noise level measured at 72 dB. As the sequence of 5 blank gun shots were performed, the highest dB recorded in the LOW setting was at 75 dB during this activity. At this same location, the meter was placed in the HIGH setting and the dB was at 80 during this activity.

The second test was conducted within the 29100 Block of Highland Blvd. I parked my City vehicle on the south side of the street and I walked to the north roadway edge of Highland Blvd to measure the second test of the same sound from the same location. It should be noted that prior to the test being conducted, I continued to get a noise reading of 72 dB with the normal noise activity here including the barking of dogs in the area and the sound of construction work being done. Once the meter reached the noise level of under 45 dB of the normal sounds in this area, the second sequence of 5 blank gun shots were emitted. The total 5 shots being fired took approximately 15 seconds and the highest dB recorded in the LOW setting was at 52 dB and at the high setting of the meter it measured at 0 dB.

The third test was taken from approximately 50 south of the south property line of the Moreno Valley Equestrian Center. As I turned on the meter I continued to get sound measure dB from the normal traffic flow on Redlands Blvd from my location which was approximately 725 feet west of our location which measured at 72 dB with the setting of LOW. Once my meter reached the dB of 40 dB of the normal sounds emitting from the area, the 5 blank gun shots were performed and I got a high reading of 42 dB in the LOW setting and 0 dB in the HIGH setting.

There is three factors in determining whether a noise violation exist here with this activity. We will look at Section 11.80.020 M.V.M.C to determine our regulations. Under the Definitions section, "Noise Disturbance" means any sound which

- 1) Disturbs a reasonable person of normal sensitivities ( No violation as normal sound was not an "Non-impulsive" sound
- 2) Exceeds the sound level limits set forth in this chapter; ( No violations as table 11.80.030-1A this noise is classified as a "Impulsive Sound Level" and the number of Repetitions per 24-hour Period in under 10 and under a 145 sound level on site (dB(A).
- 3) Where no specific distance is set forth for determination of audibility, references to noise disturbance shall be deemed to mean plainly audible at a distance of 200 feet from the real property line source of the sound, if the sound occurs on privately owned property, or from a source of the sound, if the sound occurs on public right of way, public space or other publicly owned property. "Plainly audible" means that the sound or noise produced or reproduced by any particular source, can be clearly distinguished from AMBIENT noise by a person using his/her normal hearing faculties. (no violation- measured from 25 feet from the south property line and the normal AMBIENT noise level was 72 dB at LOW and this activity noise level was at 42 dB at LOW setting. It measured at 0 dB on HIGH at this same location.

Based upon the test that was conducted today and the Chapter 11.80 Noise Level Ordinance, It is my opinion that there is NO violation of this ordinance during the reported activity that occurs here on a regular basis.

**Subject:** Re: Equestrian Center

I am glad this type of use has been denied. We will continue to look for clubs that want to use the facility and pay fees to the City. Meanwhile, let me know if there is anything the Trailseekers can do to reduce the cost of operating the Equestrian Center. Potential closures of state and county parks make me nervous!

By the way, Oasis Church had a group of 8-10 young people at the park Saturday and they cleaned weeds from the bank above the large arena. They laughed and played and raked weeds! It was fun to watch.

Sue,

Due to the large response of residents who opposed the use of the Roy Rogers Rangers Organization Mounted Shooting Club to practice their shooting skills with black powder only blanks at the Moreno Valley Equestrian Center, the City has decided to deny their request for that use. They may use the Equestrian Center and pay the associated non-resident fees if they would like to use the arena for other normal equestrian uses.

Thank you for your help in communicating with the residents!

Hi Sue,

I received your voice mail, thanks for your inquiry. The mail doesn't come to us right away, it is delivered from our City yard. The mail I received today was dated May 21, 2009. Tomorrow's mail should be the last of it dated May 22, 2009. I should have a tally tomorrow afternoon. So far it is a close call, we have received more than 50% of the surveys back (this is great!). We appreciate your concern!

## Report to Recreational Trails Board

**TO:** Parks and Recreation Commission  
**FROM:** Steve Kupsak, Parks Maintenance Division Manager *DEK*  
**DATE:** May 13, 2010 **ITEM NO.:** C1  
**TITLE:** Amend CSD Ordinance 52, Section 5e, and City Council Ordinance No. 741, Sections 11.40.020 and 11.40.040

**ISSUE**

The carrying of blank shooting pistols and the shooting of blanks at the Moreno Valley Equestrian Center.

**RECOMMENDED ACTION**

That the Parks and Recreation Commission recommend amendment to CSD Ordinance 52, Section 5e, relating to use of parks and recreation facilities (prohibition of firearms, weapons, and fireworks), to allow the carrying of blank shooting pistols and the shooting of blanks at the Moreno Valley Equestrian Center. The recommended change is underlined.

**ORDINANCE NO. CSD 52**

AN ORDINANCE OF THE MORENO VALLEY COMMUNITY SERVICES DISTRICT, OF THE CITY OF MORENO VALLEY, CALIFORNIA, AMENDING SECTIONS 3 AND 5 OF ORDINANCE NO. CSD 42, RELATING TO THE PROHIBITION OF SMOKING IN PARKS AND RECREATION FACILITIES.

**SECTION 5. REGULATIONS:**

**e. Prohibition of Firearms, Weapons, and Fireworks.** No person shall carry or discharge any firecracker, rocket, torpedo, or other type of explosive, or carry or discharge any air gun, rifle, pistol, sling shot, bow and arrow, or any similar device or weapon including firearm, knife (as defined in the Penal Code as a illegal weapon), etc., within or into a park; nor shall any person carry into or use any other object within a park

with the intent of disturbing the peace of any person by means of noise or otherwise. This prohibition shall not apply to the engaging in or traveling to target practice conducted in accordance with appropriate standards of safety at an archery, skeet, or target range authorized and provided by the district for such purpose or to events authorizing the use of firearms, weapons or fireworks pursuant to a reservation or permit issued in accordance with Section 11.04.050 or Chapter 11.38; nor shall this prohibition apply to law enforcement personnel acting within the scope of their official duties. Any device carried into or used within a park in violation of this provision is subject to confiscation by any law enforcement officer or duly authorized district employee and, in the event thereof, shall be thereafter disposed of in accordance with law, including without limitation any applicable district regulations.

### **BACKGROUND**

Although the Moreno Valley Equestrian Center (MVEC) is used daily by local equestrians and dog park patrons on a walk-on basis, reserved use, including the receipt of reservation fees, needs to increase. In essence, the City simply cannot continue to subsidize facilities that, at a minimum, should be raising enough funds to maintain the facility. As such, staff has been encouraged to reach out to any organization that may wish to utilize the MVEC. One such organization is the Roy Rogers Rangers (RRR).

RRR was formed in 2001 to promote the great sport of mounted shooting. Mounted shooting is one of the nation's fastest-growing equestrian sports. The sport combines the elements of exhibition shooting, barrel racing, pole bending, and reining; all done while using two .45 caliber single-action revolvers, loaded with 5 rounds each of specially prepared black powder blanks to shoot 10 balloon targets set in a random pattern called a "stage." Mounted shooters are timed through the stage determining raw time plus any penalties incurred. For instance, 5 seconds added to raw time for knocked over barrel, dropped gun, or missed target. The contestant with the fastest overall time wins. Practices and mounted shooting clinics are by the RRR to recruit, train and mentor new mounted shooters; as well as provide an arena for seasoned mounted shooters to hone their skills.

Regarding the noise level, the Parks and Community Services Director gave direction to have a decibel test completed on February 25, 2010. The test was performed by the City's Code Enforcement Department and the attached results show that the noise levels fall within the parameters set forth in the City's ordinance.

The end result of the amendment should allow the Parks and Community Services Director to approve, disapprove or modify each requested use at the departmental level using existing reservation forms. In addition, increased revenue will be realized with the increase in paid reservations of the MVEC.

(C)

For continuity, the amendment process will include the same wording and amending of Ordinance No. 741, an Ordinance of the City Council of the City of Moreno Valley, Sections 11.40.020 and 11.40.040 of the City of Moreno Valley Municipal Code.

The following bullet points summarize the desired use of the MVEC by the RRR. The bullet points are from the attached list of desired activities from the RRR:

- 20 events per year *PK in 2013*
- Set up: 8:00 a.m.
- Begin shooting: 9:00 a.m.
- End shooting: 5:00 p.m.
- Tear down: 5:00 p.m. to 7:00 p.m.
- 5 beginner practices held on Saturdays. 10-12 participants. 350 blanks per practice.
- ② monthly practices held on Sundays. 25-40 participants. 1600 blanks per practice.
- ③ competition events held Fridays, Saturdays and Sundays. 25-60 participants each day. Fridays: 400 blanks per event. Saturdays: 2,400 blanks per event. Sundays: 2,400 blanks per event.

On Monday, April 12, 2010, the RRR were reminded that the current City ordinance does not allow the shooting of blanks or the carrying of pistols in City parks. The ordinance will need to be amended and approved by the Parks and Recreation Commission and their recommendation forwarded to City Council. Staff met with the City Attorney regarding the part of the ordinance that needs amending.

#### FISCAL IMPACT

The impact to expenditures will be minimal. (The cost to change the park rules signage at the MVEC along with installation is anticipated to be under \$300.) The impact to revenue will be an increase of revenue for each reserved use. Total annual revenue will vary depending on paid reservations received.

#### ALTERNATIVE

The Commission does not recommend amendment of CSD Ordinance 52, Section 5e.

#### ATTACHMENTS

Decibel report from Code Enforcement  
Stat sheet from RRR

**ROY ROGER RANGERS - PRACTICES, EVENTS, CLINICS  
PROPOSED HOURS OF OPERATION FOR ALL EVENTS:**

SET UP - 8AM  
BEGIN SHOOTING - 9AM  
END SHOOTING - 5PM  
TEAR DOWN 5-7PM

**NUMBER OF EVENTS:**

**5 BEGINNERS TRAINING CLINICS ANNUALLY (SATURDAY) -  
10-12 IN ATTENDANCE - CLINIC IS USUALLY HELD ON SATURDAY -  
FOLLOWED BY A MONTHLY PRACTICE THE NEXT DAY**  
Usually 350 rounds fired; total of 15 minutes of shooting accomplished randomly over the hours of operation

**12 MONTHLY PRACTICES (SUNDAY) - 25-40 IN ATTENDANCE; 4 turns each**

Riders shoot 10 rounds each 20 second turn X 4 turns = 80 seconds X 40 riders = 3200 seconds or 54 minutes of shooting over the hours of operation.  
A rider goes every 2 minutes and we take breaks.

If we have 40 riders shooting 40 rounds each = 1600 rounds  
Total of 54 minutes total shooting done in 20 second increments during the eight hours of operation.

**3 COMPETITION EVENTS (Friday, Saturday, Sunday) - 25-60 IN ATTENDANCE**

Friday - warm up day - 20 riders shoot 10 rounds each 20 second turn X 2 turns = 40 seconds X 20 riders = 800 seconds or 14 minutes shooting over hours of operation.

20 riders shooting 20 rounds each = 400 rounds shot in 20 second increments during the hours of operation; total of 14 minutes of shooting

Saturday - competition day - 60 Riders shoot 10 rounds each 20 second turn X 4 turns = 80 seconds X 60 riders = 4800 seconds or 80 minutes of shooting over the hours of operation. A rider goes every 2 minutes and we take breaks.

60 riders shooting 4 rounds each = 2400 rounds shot in 20 second increments during the hours of operation; total of 80 minutes of shooting

Sunday - competition day - 60 Riders shoot 10 rounds each 20 second turn X 4 turns = 80 seconds X 60 riders = 4800 seconds or 80 minutes of shooting over the hours of operation. A rider goes every 2 minutes and we take breaks.

60 riders shooting 4 rounds each = 2400 rounds shot in 20 second increments during the hours of operation; total of 80 minutes of shooting

# **Moreno Valley Equestrian Park and Nature Center Noise Impact Analysis**

This report contains the noise impact analysis for the Roy Rogers Rangers Fiesta De Mayo Shootout event held on May 7/8, 2011 at the Moreno Valley Equestrian Park and Nature Center located at 11140 Redlands Boulevard in the City of Moreno Valley.

The noise impact analysis contains documentation of the Fiesta De Mayo representative noise levels and an analysis of the event's consistency with applicable portions of the City of Moreno Valley Noise Ordinance. Each of these topics is contained in a separate section of the report. In this way, information on any particular aspect of the study can be easily located by the reader.

Although this is a technical report, every effort has been made to write the report clearly and concisely. To assist the reader with terms unique to acoustics, a definition of terms has been provided in Section II.

## **I. Introduction and Setting**

---

### **A. Purpose and Objectives**

This study was performed to address the possibility of significant impacts due to noise associated with the Roy Rogers - Fiesta de Mayo event. The objectives of the study include:

- Documentation of event noise levels, and
- Analysis of the event's consistency with applicable Municipal Ordinances.

### **B. Event Location**

The project site is located 11140 Redlands Boulevard in the City of Moreno Valley, approximately 1.4 miles north of the SR-60 Freeway (see Figure 1). The Moreno Valley Equestrian Park and Nature Center, dedicated in 2003, provides additional facilities of interest to equestrians. This 45 acre park is located in the northeast corner of the Redlands Boulevard and Locust Avenue intersection. The park features equestrian facilities, including an arena with bleachers, a water trough, night lighting and parking for horse trailers.

### **C. Event Description**

The Fiesta De Mayo event was held by the Roy Rogers Rangers Mounted Shooting Club held on May 7/8, 2011, commencing at 10 AM. on Saturday May 7, according to an email circulated by event organizers (see Appendix A). Participants were encouraged to "Come early to warm up". No event ending times were posted on the email. The park is open until 10 PM. A permit is required to access on-site lighting.

### **C. Noise Environment**

A noise measurement was taken at the Moreno Valley Equestrian Park and Nature Center using a Precision 1 Larson Davis 820 Sound Level Meter which meets the standards prescribed by American National Standards Institute (ANSI) Section 1.4-1983 (R2006) as required by City of Moreno Valley Municipal Code 11.80.050. The measured background noise level ( $L_{50}$ ) taken near the Roy Rogers Event was 63.8 dBA. Major noise sources included wind rustling vegetation, vehicles entering and leaving the site, horse vocalizations and conversation.

### **D. Sensitive Noise Receptors**

Sensitive receptors as land uses that require serenity or are otherwise adversely affected by noise events or conditions. Schools, libraries, churches, hospitals, and residential uses make up the majority of these areas. The nearest sensitive receptors to the project are the single-family detached residential dwelling units located north, northeast, and west of the site.

Figure 1  
Project Location Map

## II. Definition of Terms

---

Commonly used noise terms are presented in Table 1. The unit of measurement used to describe a noise level is the decibel (dB). The human ear is not equally sensitive to all frequencies within the sound spectrum. Therefore, the "A-weighted" noise scale, which weights the frequencies to which humans are sensitive, is used for measurements. Noise levels using A-weighted measurements are written dB(A) or dBA.

Decibels are measured on a logarithmic scale, which quantifies sound intensity in a manner similar to the Richter scale used for earthquake magnitudes. An increase of 10 dB is 10 times more intense than 1 dB, while 20 dB is 100 times more intense, and 30 dB is 1,000 times more intense. A sound as soft as human breathing is about 10 times greater than 0 dB. Thus, a doubling of the energy of a noise source, such as a doubled traffic volume, would increase the noise levels by 3 dBA; halving of the energy would result in a 3 dBA decrease. Figure 2 shows the relationship of various noise levels to commonly experienced noise events.

Average noise levels over a period of minutes or hours are usually expressed as dBA  $L_{eq}$ , or the equivalent noise level for that period of time. When no period is specified, a one-hour average is assumed. Other values typically noted during a noise survey include peak, minimum ( $L_{min}$ ), maximum ( $L_{max}$ ) noise levels, and Lns which are statistical descriptions of the noise level that is exceeded over some fraction of a given observation period.

The Community Noise Equivalent Level (CNEL) and the Day-Night Average Noise Level ( $L_{dn}$ ) standards were developed to assess community noise impacts. CNEL is a 24-hour weighted average measure of community noise. It is obtained by adding five decibels to sound levels in the evening (7:00 PM to 10:00 PM), and by adding ten decibels to sound levels at night (10:00 PM to 7:00 AM). This weighting accounts for the increased human sensitivity to noise during the evening and nighttime hours.  $L_{dn}$  is a very similar 24-hour average measure that weights only the nighttime hours.

**Table 1**

**Definitions of Acoustical Terms<sup>1</sup>**

Term	Definition
Decibel, dB	A logarithmic unit of noise level measurement that relates the energy of a noise source to that of a constant reference level; the number of decibels is 10 times the logarithm (to the base 10) of this ratio.
Frequency, Hertz	In a function periodic in time, the number of times that the quantity repeats itself in one second (i.e., the number of cycles per second).
A-Weighted Sound Level, dBA	The sound level obtained by use of A-weighting. The A-weighting filter de-emphasizes the very low and very high frequency components of the sound in a manner similar to the frequency response of the human ear.
Root Mean Square (RMS)	A measure of the magnitude of a varying noise source quantity. The name derives from the calculation of the square root of the mean of the squares of the values. It can be calculated from either a series of lone values or a continuous varying function.
Fast/Slow Meter Response	The fast and slow meter responses are different settings on a sound level meter. The fast response setting takes a measurement every 100 milliseconds, while a slow setting takes one every second.
$L_{02}$ , $L_{08}$ , $L_{50}$ , $L_{90}$	The A-weighted noise levels that are equaled or exceeded by a fluctuating sound level, 2 percent, 8 percent, 50 percent, and 90 percent of a stated time period, respectively.
Equivalent Continuous Noise Level, $L_{eq}$	A level of steady state sound that in a stated time period, and a stated location, has the same A-weighted sound energy as the time-varying sound.
$L_{max}$ , $L_{min}$	$L_{max}$ is the RMS (root mean squared) maximum level of a noise source or environment measured on a sound level meter, during a designated time interval, using fast meter response. $L_{min}$ is the minimum level.
Ambient Noise Level	The all-encompassing noise environment associated with a given environment, at a specified time, usually a composite of sound from many sources, at many directions, near and far, in which usually no particular sound is dominant.
Offensive/Offending/Intrusive Noise	The noise that intrudes over and above the existing ambient noise at a given location. The relative intrusiveness of sound depends on its amplitude, duration, frequency, and time of occurrence, and tonal information content as well as the prevailing ambient noise level.

### III. Event Noise and Consistency with Applicable Standards

---

#### A. Noise Measurements

One 15-minute measurement was taken at the Moreno Valley Equestrian Park and Nature Center at the Roy Rogers Event which occurred on May 7, 2011 between 11:46 AM and 11:58 AM. Measurements were taken using a Precision 1 Larson Davis 820 Sound Level Meter which meets the standards prescribed by American National Standards Institute (ANSI) Section 1.4-1983 (R2006) as required by City of Moreno Valley Municipal Code 11.80.050. The A-weighted and fast response settings were utilized.

The mounted shooting Roy Rogers event consisted of smaller events where an individual on horseback used a firearm to shoot at balloons situated for this purpose within the arena. The noise technician observed approximately five shooters during one 15-minute period. The event also included announcements and music over a loudspeaker. Noise sources observed during the measurement included amplified announcements, conversation, horse vocalizations and occasional slow moving vehicles. The maximum measured noise level was 94.3 dBA (Lmax) approximately 150 feet from the arena (see Figure 3). Gunshots were fired between 50-440 feet from the noise meter. It was not feasible to measure at the source as some discretion was required. Noise meter output data is included in Appendix B.

The measured background noise level (L<sub>50</sub>) was 63.8 dBA. Non-event noise sources included wind rustling vegetation, vehicles entering and leaving the site, horse vocalizations and conversation.

#### B. Consistency with Applicable Standards

Portions of the City of Moreno Valley Municipal Code that are applicable to noise associated with the Roy Rogers Event are included in Appendix C. Portions of the ordinance that specifically reference noise level limits and standards applicable to the Event are presented below. A discussion of the project's conformance with each ordinance is presented in italics.

#### **City of Moreno Valley Municipal Code Title 11 Peace, Morals and Safety, Chapter 11.80 Noise Regulations**

##### 11.80.030 Prohibited acts.

General Prohibition. It is unlawful and a violation of this chapter to maintain, make, cause, or allow the making of any sound that causes a noise disturbance, as defined in Section 11.80.020. As defined in Ordinance 11.80.020, a noise disturbance is defined as any sound that 1) disturbs<sup>1</sup> a reasonable person of normal sensitivities; 2) Exceeds the sound level limits set forth in this chapter<sup>2</sup>; or 3) Is plainly audible<sup>3</sup> as defined in this section.

<sup>1</sup> "Disturb" means to interrupt, interfere with, or hinder the enjoyment of peace or quiet or the normal listening activities or the sleep, rest or mental concentration of the hearer.

<sup>2</sup> Refer to Tables III-1 and III-2 in this report.

<sup>3</sup> "Plainly audible" means that the sound or noise produced or reproduced by any particular source, can be clearly distinguished from ambient noise by a person using his/her normal hearing faculties.

Where no specific distance is set forth for the determination of audibility, references to noise disturbance shall be deemed to mean plainly audible at a distance of two hundred (200) feet from the real property line of the source of the sound, if the sound occurs on privately owned property, or from the source of the sound, if the sound occurs on public right of way<sup>4</sup>, public space<sup>5</sup> or other publicly owned property.

The Moreno Equestrian Center is a public space as defined in City of Moreno Municipal Code. Therefore, to be in conformance with the above noise standard, the Roy Rogers Event must not disturb a reasonable person of normal sensitivities; must not exceed sound level limits set forth in the Noise Ordinance or be plainly audible at a distance of 200 feet from the source of the sound. Clearly, the Event is "interrupting, interfering with, or hindering the enjoyment of peace or quiet or the normal listening activities or the sleep, rest or mental concentration of the hearer" per correspondence submitted to the City by Ms. Susan Gilchrist. Based on observations and measurements taken on May 7, 2011, the Roy Rogers Event was also plainly audible at a distance of 200 feet from the source of the sound. Therefore, the Event was not in compliance with this portion of the Municipal Ordinance. The Event is not likely to exceed noise level standards presented below in Table III-1, but is likely to exceed standards presented below in Table III-2.

Sound level limits. No sound shall be permitted within the City which exceeds the parameters set forth in Tables III-1 and III-2.

Table III-1 Maximum Continuous Sound Levels*	
Continuous Hours	Sound Level [db(A)]
8	90
6	92
4	95
3	97
2	100
1.5	102
1	105
0.5	110
0.25	115

\* When the daily sound exposure is composed of two or more periods of sound exposure at different levels, the combined effect of all such periods shall constitute a violation of this section if the sum of the percent of allowed period of sound exposure at each level exceeds 100 percent.

<sup>4</sup> "Public right-of-way" means any street, avenue, boulevard, sidewalk, bike path or alley, or similar place normally accessible to the public which is owned or controlled by a governmental entity.

<sup>5</sup> "Public space" means any park, recreational or community facility, or lot which contains at least one building that is open to the general public during its hours of operation.

Number of Repetitions per 24-Hour Period	Sound Level [db(A)]
1	145
10	135
100	125

**Exemptions.** No violation shall exist if the only persons exposed to sound levels in excess of those listed in Tables III-1 and III-2 are exposed as a result of:

- a. Trespass;
- b. Invitation upon private property by the person causing or permitting the sound; or
- c. Employment by the person or a contractor of the person causing or permitting the sound.

The Roy Rogers Event is not exempt from the maximum impulsive sound noise level standards presented above. Based on observations and measurements taken on May 7, 2011, the Roy Rogers Event noise levels associated with gunshot noise reach 94.3 dBA  $L_{max}$  at 150 feet from the noise source. The decibel level of a stationary noise source at a "soft site"<sup>7</sup> can be expected to increase by 7.5 dB with a halving of the distance between the source and the receptor. Therefore, the maximum noise level of the gunshot at 75 feet can be expected to reach 101.8 dB, 109.3 dB at 38 feet, 116.8 at 19 feet, 124.3 at 9 feet, and at least 125 dB at the gun source. Therefore, if a gun was fired 100 or more times during a 24-hour period, the event was not in compliance with this portion of the Municipal Ordinance.

**Specific Prohibitions.** Unless otherwise exempted by this chapter, the following specific acts, or the causing or permitting thereof, are regulated as follows:

Radios, Televisions, Electronic Audio Equipment, Musical Instruments or Similar Devices from a Stationary Source. No person shall operate, play or permit the operation or playing of any radio, tape player, television, electronic audio equipment, musical instrument, sound amplifier or other mechanical or electronic sound making device that produces, reproduces or amplifies sound in such a manner as to create a noise disturbance. However, this subsection shall not apply to any use or activity exempted in subsection E of this section and any use or activity for which a special permit has been issued pursuant to Section 11.80.040.

The amplified music and the announcements associated with the Roy Rogers Event were not Exempt per 11.80.040 Subsection E of this section unless: a temporary use permit or special event permit was issued; the provisions of Section 11.80.040 were met; and the permit expressly granted an exemption from specific standards contained in Chapter 11.80.030, and the permittee and all persons under the permittee's reasonable control actually comply with all conditions of such permit. There is no evidence that the Roy Rogers Event

<sup>6</sup> "Impulsive sound" means sound of short duration, usually less than one second, with an abrupt onset and rapid decay. Examples of sources of impulsive sound include explosions, drop forge impacts, and discharge of firearms.

<sup>7</sup> "Soft sites have an absorptive ground surface, such as soft dirt, grass, or scattered bushes and trees. An excess ground attenuation value of 1.5 dBA/DD is normally assumed. When added to the geometric spreading, this results in an overall dropoff rate of 7.5 dBA/DD for a point source.

organizers and the City prepared and approved a temporary use or special event permit that meets these requirements. Furthermore, the amplified music and announcements were plainly audible and are considered to be a "noise disturbance" based on the definition discussed previously. Therefore, even if a special permit pursuant to Section 11.80.040 (discussed below) was issued for the Event, it was not in compliance with this portion of the Municipal Ordinance.

Portable, Hand-Held Music or Sound Amplification or Reproduction Equipment. Such equipment shall not be operated on a public right-of-way, public space or other publicly owned property in such a manner as to be plainly audible at a distance of fifty (50) feet in any direction from the operator.

The amplified music and the announcements associated with the Roy Rogers Event were plainly audible at 50 feet. The Roy Rogers Event was not in conformance with this portion of the Municipal Ordinance.

Exemptions. The following uses and activities shall be exempt from the sound level regulations except the maximum sound levels provided in Tables III-1 and III-2:

An event for which a temporary use permit or special event permit has been issued under other provisions of this code, where the provisions of Section 11.80.040 are met, the permit granted expressly grants an exemption from specific standards contained in this chapter, and the permittee and all persons under the permittee's reasonable control actually comply with all conditions of such permit. Violation of any condition of such a permit related to sound or sound equipment shall be a violation of this chapter and punishable as such.

Evidence that all of the provisions of Section 11.80.040 have been met has not been provided. The Roy Rogers Event is not exempt from sound level regulations (except maximum sound levels provided in Tables III-1 and III-2), unless it met all of the requirements in Section 11.80.040 of the Municipal Ordinance presented below.

11.80.040 Special provisions for temporary use and special event permits.

The exemption by permit set forth in Section 11.80.030 (above) shall be subject to the following requirements and conditions:

The permit application shall include the name, address and telephone number of the permit applicant; the date, hours and location for which the permit is requested; and the nature of the event or activity. It shall also specify the types of sounds and/or sound equipment to be permitted, the proposed duration of such sound, the specific standards from which the sound is to be exempted, and the reasons for each requested exemption.

The permit shall be issued provided the proposed activity meets the requirements of this section and the issuing official determines that the sound to be emitted at the event as proposed would not be detrimental to the public health, safety or welfare, that the event cannot reasonably achieve its legitimate aims and purposes without the exemption and that the sound levels proposed will not unreasonably damage the peace and quiet enjoyment of the lawful users of surrounding properties, nor constitute a public nuisance.

The official issuing the permit may prescribe any reasonable conditions or requirements he/she deems necessary to minimize noise disturbances upon the community or the surrounding neighborhood, and/or to protect the health, safety or welfare of the public, including participants in the permitted event, including use of mufflers, screens or other sound-attenuating devices.

Any permit granted must be in writing and shall contain all conditions upon which the permit shall be effective.

No more than six events requiring a sound limit exemption may be held at any particular location upon privately owned or controlled property per calendar year, provided further that the number of events shall not exceed the number permitted under the regulations for the type of permit issued. For purposes of this subsection, "location" means a legal parcel of real property or a complete shopping or commercial center or mall sharing common parking and access even if comprised of multiple legal parcels.

The exemption from sound limits under such permit shall not exceed maximum period of four hours in one twenty-four (24) hour day.

The permit will only be granted for hours between nine a.m. and ten p.m. on all days other than Friday and Saturday; and, on Friday and Saturday, between the hours of 9 AM and 1 AM of the following day, except in the following circumstances:

A permit may be granted for hours between nine a.m. on New Year's Eve and one a.m. the following day (New Year's Day).

A permit may be granted for hours between nine a.m. and two a.m. the following day if there are no residences, hospitals, or nursing homes within a 0.5 mile radius of the property where the function is taking place.

Functions for which the permits are issued shall be limited to a continuous airborne sound level not to exceed seventy (70) dB(A), as measured two hundred (200) feet from the real property boundary of the source property if on private property, or from the source if on public right of way, public space or other publicly owned property.  
(Ord. 740 § 1.2, 2007)

## **Title 11 Peace, Morals and Safety, Chapter 11.40 Use of Parks and Recreation Facilities**

### 11.40.040 Regulations.

#### Prohibition of Firearms, Weapons and Fireworks.

This Section of the Ordinance prohibits any person from carrying or discharging any firecracker, rocket, torpedo, or other type of explosive, or carry or discharge any air gun, rifle, pistol, sling shot, bow and arrow, or any similar device or weapon including firearm, knife (as defined in the Penal Code as an illegal weapon), etc., within or into a park; nor shall any person carry into or use any other object within a park with the intent of disturbing the peace of any person by means of noise or otherwise. This prohibition however, does not apply to the use of non-projectile firearms at the Moreno Valley Equestrian Park and Nature Center for practice, exhibition, or competition related to re-enactment programs or events

authorized through the issuance of a formal permit pursuant to Section 11.40.050(D) of this chapter.

No evidence has been provided that a formal permit pursuant to Section 11.40.050(D) (presented below) was submitted for the Roy Rogers Riding Event. If indeed this is the case, the Event was not in conformance with this portion of the Municipal Ordinance.

**Meetings.** No person shall hold any meeting, service, concert, exercise, parade or exhibition requiring a special events permit under Chapter 11.38 of this code without obtaining and complying with such permit. This subsection shall not be construed to deprive any person of a right protected by state or federal law or constitution.

No evidence has been provided that a formal permit pursuant to Chapter 11.38 was submitted for the Roy Rogers Riding Event. If indeed this is the case, the Event was not in conformance with this portion of the Municipal Ordinance.

**Amplified Sound in Parks.** No person shall cause the amplification of sound within a park if the noise level caused thereby exceeds sixty (60) decibels from all channels of equipment used, except pursuant to a permit issued by the director, and in compliance with the following conditions:

1. The location of each grandstand and gathering, and the position of each loudspeaker shall be as specified in writing by the director so as to cause the least amount of disturbance to other persons, both within and without the park;
2. Amplified sounds shall not exceed sixty (60) decibels at a point fifty (50) feet in front of the midpoint of a straight line between any two loudspeaker installations.

No evidence has been provided that a formal permit documenting the position of loudspeakers and associated noise levels was submitted for the Roy Rogers Riding Event. If indeed this is the case, the Event was not in conformance with this portion of the Municipal Ordinance.

## IV. Summary of Findings

---

The Roy Rogers Event was not in compliance with several portions of the City of Moreno Valley Municipal Ordinance. Specific violations are presented below:

### **Title 11 Peace, Morals and Safety, Chapter 11.80 Noise Regulations**

#### 11.80.030 Prohibited acts.

- A. **General Prohibition.** It is unlawful and a violation of this chapter to maintain, make, cause, or allow the making of any sound that causes a noise disturbance, as defined in Section 11.80.020.

The Roy Rogers Event "interrupted, interfered with, and hindered the enjoyment of peace or quiet or the normal listening activities, rest and mental concentration" of the Ms. Susan Gilchrist. The Roy Rogers Event was "plainly audible" at a distance of 200 feet from the source of the sound.

- B. **Sound causing permanent hearing loss.**

1. **Sound level limits.**

Based on observations and measurements taken on May 7, 2011, it is likely that the Roy Rogers Event exceeded the noise level limits presented in Table III-2 (Table 11.80.030-1A in Chapter 11.80.030). Maximum noise levels associated with gunshot noise reach 94.3 dBA  $L_{max}$  at 150 feet from the noise source. Gunshot noise at the source can be expected to exceed 125 dBA  $L_{max}$ . Therefore, if a gun was fired 100 or more times during a 24-hour period, the event was not in compliance with this portion of the Municipal Ordinance.

- D. **Specific Prohibitions**

3. **Radios, Televisions, Electronic Audio Equipment, Musical Instruments or Similar Devices from a Stationary Source.**

The amplified music and the announcements associated with the Roy Rogers Event were not Exempt per 11.80.040 Subsection E of this section unless: a temporary use permit or special event permit was issued; the provisions of Section 11.80.040 were met; and the permit expressly granted an exemption from specific standards contained in Chapter 11.80.030, and the permittee and all persons under the permittee's reasonable control actually comply with all conditions of such permit. There is no evidence that the Roy Rogers Event organizers and the City prepared and approved a temporary use or special event permit that meets these requirements. Furthermore, the amplified music and announcements were plainly audible and are considered to be a "noise disturbance" based on the definition discussed previously. Therefore, even if

a special permit pursuant to Section 11.80.040 (discussed below) was issued for the Event, it was not in compliance with this portion of the Municipal Ordinance.

4. Portable, Hand-Held Music or Sound Amplification or Reproduction Equipment.

The amplified music and the announcements associated with the Roy Rogers Event were plainly audible at 50 feet. The Roy Rogers Event was not in conformance with this portion of the Municipal Ordinance.

E. Exemptions. The following uses and activities shall be exempt from the sound level regulations except the maximum sound levels provided in Tables 11.80.030-1 and 11.80.030-1A:

8. An event for which a temporary use permit or special event permit has been issued under other provisions of this code, where the provisions of Section 11.80.040 are met, the permit granted expressly grants an exemption from specific standards contained in this chapter, and the permittee and all persons under the permittee's reasonable control actually comply with all conditions of such permit. Violation of any condition of such a permit related to sound or sound equipment shall be a violation of this chapter and punishable as such.

Evidence that all of the provisions of Section 11.80.040 have been met has not been provided. The Roy Rogers Event is not exempt from sound level regulations unless it met all of the requirements in Section 11.80.040 of the Municipal Ordinance.

**Title 11 Peace, Morals and Safety, Chapter 11.40 Use of Parks and Recreation Facilities**

11.40.040 Regulations.

E. Prohibition of Firearms, Weapons and Fireworks.

3. This prohibition shall not apply to the use of non-projectile firearms at the Moreno Valley Equestrian Park and Nature Center for practice, exhibition, or competition related to re-enactment programs or events authorized through the issuance of a formal permit pursuant to Section 11.40.050(D) of this chapter.

No evidence has been provided that a formal permit pursuant to Section 11.40.050(D) (presented below) was submitted for the Roy Rogers Riding Event. If indeed this is the case, the Event was not in conformance with this portion of the Municipal Ordinance.

Q. Meetings. No person shall hold any meeting, service, concert, exercise, parade or exhibition requiring a special events permit under Chapter 11.38 of this code without obtaining and complying with such permit. This subsection shall not be construed to deprive any person of a right protected by state or federal law or constitution.

No evidence has been provided that a formal permit pursuant to Chapter 11.38 was submitted for the Roy Rogers Riding Event. If indeed this is the case, the Event was not in conformance with this portion of the Municipal Ordinance.

V. **Amplified Sound in Parks.** No person shall cause the amplification of sound within a park if the noise level caused thereby exceeds sixty (60) decibels from all channels of equipment used, except pursuant to a permit issued by the director, and in compliance with the following conditions:

1. The location of each grandstand and gathering, and the position of each loudspeaker shall be as specified in writing by the director so as to cause the least amount of disturbance to other persons, both within and without the park;
2. Amplified sounds shall not exceed sixty (60) decibels at a point fifty (50) feet in front of the midpoint of a straight line between any two loudspeaker installations.

No evidence has been provided that a formal permit documenting the position of loudspeakers and associated noise levels was submitted for the Roy Rogers Riding Event. If indeed this is the case, the Event was not in conformance with this portion of the Municipal Ordinance.

**APPENDIX C**

**City of Moreno Valley Municipal Code**

## **Title 11 Peace, Morals and Safety, Chapter 11.80 Noise Regulations**

### **11.80.010 Legislative findings.**

It is found and declared that:

- A. Excessive sound within the limits of the city is a condition which has existed for some time, and the amount and intensity of such sound is increasing.
- B. Such excessive sound is a detriment to the public health, safety, and welfare and quality of life of the residents of the city.
- C. The necessity in the public interest for the provisions and prohibitions hereinafter contained and enacted is declared as a matter of legislative determination and public policy, and it is further declared that the provisions and prohibitions hereinafter contained and enacted are in pursuance of and for the purpose of securing and promoting the public health, safety, welfare and quality of life of the city and its inhabitants. (Ord. 740 § 1.2, 2007)

### **11.80.020 Definitions.**

For purposes of this chapter, certain words and phrases used herein are defined as follows:

“A-weighted sound level” means the sound pressure level in decibels as measured with a sound level meter using the A-weighting network. The unit of measurement is the dB(A).

“Commercial” means all uses of land not otherwise classified as residential, as defined in this section.

“Construction” means any site preparation, and/or any assembly, erection, repair, or alteration, excluding demolition, of any structure, or improvements to real property.

“Continuous airborne sound” means sound that is measured by the slow-response setting of a meter manufactured to the specifications of ANSI Section 1.4-1983 (R2006) “Specification for Sound Level Meters,” or its successor.

“Daytime” means eight a.m. to ten p.m. the same day.

“Decibel” (dB) means a unit for measuring the amplitude of sound, equal to twenty (20) times the logarithm to the base ten (10) of the ratio of the pressure of the sound measured to the reference pressure, which is twenty (20) micropascals (twenty (20) micronewtons per square meter.)

"Demolition" means any dismantling, intentional destruction or removal of structures or other improvements to real property.

"Disturb" means to interrupt, interfere with, or hinder the enjoyment of peace or quiet or the normal listening activities or the sleep, rest or mental concentration of the hearer.

"Emergency" means any occurrence or set of circumstances involving actual or imminent physical trauma or significant property damage which necessitates immediate action. Economic loss alone shall not constitute an emergency. It shall be the burden of an alleged violator to prove an "emergency."

"Emergency work" means any work made necessary to restore property to a safe condition following an emergency, or to protect persons or property threatened by an imminent emergency, to the extent such work is, in fact, necessary to protect persons or property from exposure to imminent danger or damage.

"Frequency" means the number of complete oscillation cycles per unit of time.

"Impulsive sound" means sound of short duration, usually less than one second, with an abrupt onset and rapid decay. Examples of sources of impulsive sound include explosions, drop forge impacts, and discharge of firearms.

"Nighttime" means 10:01 p.m. to 7:59 a.m. the following day.

"Noise disturbance" means any sound which:

1. Disturbs a reasonable person of normal sensitivities;
2. Exceeds the sound level limits set forth in this chapter; or
3. Is plainly audible as defined in this section. Where no specific distance is set forth for the determination of audibility, references to noise disturbance shall be deemed to mean plainly audible at a distance of two hundred (200) feet from the real property line of the source of the sound, if the sound occurs on privately owned property, or from the source of the sound, if the sound occurs on public right of way, public space or other publicly owned property.

"Person" means any person, person's firm, association, copartnership, joint venture, corporation, or any entity public or private in nature.

"Plainly audible" means that the sound or noise produced or reproduced by any particular source, can be clearly distinguished from ambient noise by a person using his/her normal hearing faculties.

“Public right-of-way” means any street, avenue, boulevard, sidewalk, bike path or alley, or similar place normally accessible to the public which is owned or controlled by a governmental entity.

“Public space” means any park, recreational or community facility, or lot which contains at least one building that is open to the general public during its hours of operation.

“Residential” means all uses of land primarily for dwelling units, as well as hospitals, schools, colleges and universities, and places of religious assembly.

“Sound” means an oscillation in pressure, particle displacement, particle velocity or other physical parameter, in a medium with internal forces that causes compression and rarefaction of that medium capable of producing an auditory impression. The description of sound may include any characteristic of such sound, including duration, intensity and frequency.

“Sound level” means the weighted sound pressure level as measured in dB(A) by a sound level meter and as specified in American National Standards Institute (ANSI) specifications for sound-level meters (ANSI Section 1.4-1971 (R1976)). If the frequency weighting employed is not indicated, the A-weighting shall apply.

“Sound level meter” means an instrument, demonstrably capable of accurately measuring sound levels as defined above.

All technical definitions not defined above shall be in accordance with applicable publications and standards of the American National Standards Institute (ANSI). (Ord. 740 § 1.2, 2007)

#### 11.80.030 Prohibited acts.

- A. General Prohibition. It is unlawful and a violation of this chapter to maintain, make, cause, or allow the making of any sound that causes a noise disturbance, as defined in Section 11.80.020.
- B. Sound causing permanent hearing loss.
  1. Sound level limits. Based on statistics from the Center for Disease Control and Prevention and the National Institute for Occupational Safety and Health, Table 1 and Table 1-A specify sound level limits which, if exceeded, will have a high probability of producing permanent hearing loss in anyone in the area where the sound levels are being exceeded. No sound shall be permitted within the city which exceeds the parameters set forth in Tables 11.80.030-1 and 11.80.030-1-A of this chapter:

**Table 11.80.030-1A**

**MAXIMUM IMPULSIVE SOUND LEVELS**

<b>Number of Repetitions per 24-Hour Period</b>	<b>Sound level [dB(A)]</b>
1	145
10	135
100	125

2. Exemptions. No violation shall exist if the only persons exposed to sound levels in excess of those listed in Tables 11.80.030-1 and 11.80.030-1A are exposed as a result of:

- a. Trespass;
- b. Invitation upon private property by the person causing or permitting the sound; or
- c. Employment by the person or a contractor of the person causing or permitting the sound.

C. Non-impulsive Sound Decibel Limits. No person shall maintain, create, operate or cause to be operated on private property any source of sound in such a manner as to create any non-impulsive sound which exceeds the limits set forth for the source land use category (as defined in Section 11.80.020) in Table 11.80.030-2 when measured at a distance of two hundred (200) feet or more from the real property line of the source of the sound, if the sound occurs on privately owned property, or from the source of the sound, if the sound occurs on public right-of-way, public space or other publicly owned property. Any source of sound in violation of this subsection shall be deemed prima facie to be a noise disturbance.

**Table 11.80.030-2**

**MAXIMUM SOUND LEVELS (IN dB(A)) FOR SOURCE LAND USES**

Residential		Commercial	
Daytime	Nighttime	Daytime	Nighttime
60	55	65	60

D. Specific Prohibitions. In addition to the general prohibitions set out in subsection A of this section, and unless otherwise exempted by this chapter, the following specific acts, or the causing or permitting thereof, are regulated as follows:

1. Motor Vehicles. No person shall operate or cause to be operated a public or private motor vehicle, or combination of vehicles towed by a motor vehicle, that creates a sound exceeding the sound level limits in Table 11.80.030-2 when the vehicle(s) are not otherwise subject to noise regulations provided for by the California Vehicle Code.
2. Radios, Televisions, Electronic Audio Equipment, Musical Instruments or Similar Devices from a Stationary Source. No person shall operate, play or permit the operation or playing of any radio, tape player, television, electronic audio equipment, musical instrument, sound amplifier or other mechanical or electronic sound making device that produces, reproduces or amplifies sound in such a manner as to create a noise disturbance. However, this subsection shall not apply to any use or activity exempted in subsection E of this section and any use or activity for which a special permit has been issued pursuant to Section 11.80.040.
3. Radios, Electronic Audio Equipment, or Similar Devices from a Mobile Source Such as a Motor Vehicle. Sound amplification or reproduction equipment on or in a motor vehicle is subject to regulation in accordance with the California Vehicle Code when upon the public right-of-way. When upon public space or publicly owned property other than the public right-of-way or upon private property open to the public, sound amplification or reproduction equipment shall not be operated in such a manner that it is plainly audible at a distance of fifty (50) feet in any direction from the vehicle.
4. Portable, Hand-Held Music or Sound Amplification or Reproduction Equipment. Such equipment shall not be operated on a public right-of-way, public space or other publicly owned property in such a manner as to be plainly audible at a distance of fifty (50) feet in any direction from the operator.
5. Loudspeakers and Public Address Systems.
  - a. Except as permitted by Section 11.80.040, no person shall operate, or permit the operation of, any loudspeaker, public address system or similar device, for any commercial purpose:
    1. Which produces, reproduces or amplifies sound in such a manner as to create a noise disturbance; or

2. During nighttime hours on a public right-of-way, public space or other publicly owned property.
  - b. No person shall operate, or permit the operation of, any loudspeaker, public address system or similar device, for any noncommercial purpose, during nighttime hours in such a manner as to create a noise disturbance.
6. Animals. No person shall own, possess or harbor an animal or bird that howls, barks, meows, squawks, or makes other sounds that:
  - a. Create a noise disturbance;
  - b. Are of frequent or continued duration for ten (10) or more consecutive minutes and are plainly audible at a distance of fifty (50) feet from the real property line of the source of the sound; or
  - c. Are intermittent for a period of thirty (30) or more minutes and are plainly audible at a distance of fifty (50) feet from the real property line of the source of the sound.
7. Construction and Demolition. No person shall operate or cause the operation of any tools or equipment used in construction, drilling, repair, alteration or demolition work between the hours of eight p.m. and seven a.m. the following day such that the sound there from creates a noise disturbance, except for emergency work by public service utilities or for other work approved by the city manager or designee. This section shall not apply to the use of power tools as provided in subsection (D)(9) of this section.
8. Emergency Signaling Devices. No person shall intentionally sound or permit the sounding outdoors of any fire, burglar or civil defense alarm, siren or whistle, or similar stationary emergency signaling device, except for emergency purposes or for testing as follows:
  - a. Testing of a stationary emergency signaling device shall not occur between seven p.m. and seven a.m. the following day;
  - b. Testing of a stationary emergency signaling device shall use only the minimum cycle test time, in no case to exceed sixty (60) seconds;
  - c. Testing of a complete emergency signaling system, including the functioning of the signaling device and the personnel response to the signaling device, shall not occur more than once in each calendar month. Such testing shall only occur only on weekdays between

seven a.m. and seven p.m. and shall be exempt from the time limit specified in subsection (D)(8)(2) of this section.

9. Power Tools. No person shall operate or permit the operation of any mechanically, electrically or gasoline motor-driven tool during nighttime hours so as to cause a noise disturbance across a residential real property boundary.
10. Pumps, Air Conditioners, Air-Handling Equipment and Other Continuously Operating Equipment. Notwithstanding the general prohibitions of subsection a of this section, no person shall operate or permit the operation of any pump, air conditioning, air-handling or other continuously operating motorized equipment in a state of disrepair or in a manner which otherwise creates a noise disturbance distinguishable from normal operating sounds.

E. Exemptions. The following uses and activities shall be exempt from the sound level regulations except the maximum sound levels provided in Tables 11.80.030-1 and 11.80.030-1A:

1. Sounds resulting from any authorized emergency vehicle when responding to an emergency call or acting in time of an emergency.
2. Sounds resulting from emergency work as defined in Section 11.80.020
3. Any aircraft operated in conformity with, or pursuant to, federal law, federal air regulations and air traffic control instruction used pursuant to and within the duly adopted federal air regulations; and any aircraft operating under technical difficulties in any kind of distress, under emergency orders of air traffic control, or being operated pursuant to and subsequent to the declaration of an emergency under federal air regulations.
4. All sounds coming from the normal operations of interstate motor and rail carriers, to the extent that local regulation of sound levels of such vehicles has been preempted by the Noise Control Act of 1972 (42 U.S.C. § 4901 et seq.) or other applicable federal laws or regulations
5. Sounds from the operation of motor vehicles, to the extent they are regulated by the California Vehicle Code.
6. Any constitutionally protected noncommercial speech or expression conducted within or upon a any public right-of-way, public space or other publicly owned property constituting an open or a designated public forum in compliance with any applicable reasonable time, place and

manner restrictions on such speech or expression or otherwise pursuant to legal authority.

7. Sounds produced at otherwise lawful and permitted city-sponsored events, organized sporting events, school assemblies, school playground activities, by permitted fireworks, and by permitted parades on public right-of-way, public space or other publicly owned property.

8. An event for which a temporary use permit or special event permit has been issued under other provisions of this code, where the provisions of Section 11.80.040 are met, the permit granted expressly grants an exemption from specific standards contained in this chapter, and the permittee and all persons under the permittee's reasonable control actually comply with all conditions of such permit. Violation of any condition of such a permit related to sound or sound equipment shall be a violation of this chapter and punishable as such.

F. Nothing in this chapter shall be construed to limit, modify or repeal any other regulation elsewhere in this code relating to the regulation of noise sources, nor shall any such other regulation be read to permit the emission of noise in violation of any provision of this chapter. (Ord. 740 § 1.2, 2007)

11.80.040 Special provisions for temporary use and special event permits.

The exemption by permit set forth in Section 11.80.030(E)(8) shall be subject to the following requirements and conditions:

A. The permit application shall include the name, address and telephone number of the permit applicant; the date, hours and location for which the permit is requested; and the nature of the event or activity. It shall also specify the types of sounds and/or sound equipment to be permitted, the proposed duration of such sound, the specific standards from which the sound is to be exempted, and the reasons for each requested exemption.

B. The permit shall be issued provided the proposed activity meets the requirements of this section and the issuing official determines that the sound to be emitted at the event as proposed would not be detrimental to the public health, safety or welfare, that the event cannot reasonably achieve its legitimate aims and purposes without the exemption and that the sound levels proposed will not unreasonably damage the peace and quiet enjoyment of the lawful users of surrounding properties, nor constitute a public nuisance.

C. The official issuing the permit may prescribe any reasonable conditions or requirements he/she deems necessary to minimize noise disturbances upon the community or the surrounding neighborhood, and/or to protect the health,

safety or welfare of the public, including participants in the permitted event, including use of mufflers, screens or other sound-attenuating devices.

- D. Any permit granted must be in writing and shall contain all conditions upon which the permit shall be effective.
- E. No more than six events requiring a sound limit exemption may be held at any particular location upon privately owned or controlled property per calendar year, provided further that the number of events shall not exceed the number permitted under the regulations for the type of permit issued. For purposes of this subsection, "location" means a legal parcel of real property or a complete shopping or commercial center or mall sharing common parking and access even if comprised of multiple legal parcels.
- F. The exemption from sound limits under such permit shall not exceed maximum period of four hours in one twenty-four (24) hour day.
- G. The permit will only be granted for hours between nine a.m. and ten p.m. on all days other than Friday and Saturday; and, on Friday and Saturday, between the hours of nine a.m. and one a.m. of the following day, except in the following circumstances:
  - 1. A permit may be granted for hours between nine a.m. on New Year's Eve and one a.m. the following day (New Year's Day).
  - 2. A permit may be granted for hours between nine a.m. and two a.m. the following day if there are no residences, hospitals, or nursing homes within a 0.5 mile radius of the property where the function is taking place.
- H. Functions for which the permits are issued shall be limited to a continuous airborne sound level not to exceed seventy (70) dB(A), as measured two hundred (200) feet from the real property boundary of the source property if on private property, or from the source if on public right of way, public space or other publicly owned property. (Ord. 740 § 1.2, 2007)

11.80.050 Measurement or assessment of sound.

- A. Measurement with Sound Meter.
  - 1. The measurement of sound shall be made with a sound level meter meeting the standards prescribed by ANSI Section 1.4-1983 (R2006). The instruments shall be maintained in calibration and good working order. A calibration check shall be made of the system at the time of any sound level measurement. Measurements recorded shall be taken so as to provide a proper representation of the source of the sound. The microphone during measurement shall be positioned so as not to create

any unnatural enhancement or diminution of the measured sound. A windscreen for the microphone shall be used at all times. However, a violation of this chapter may occur without the occasion of the measurements being made as otherwise provided.

2. The slow meter response of the sound level meter shall be used in order to best determine the average amplitude.
3. The measurement shall be made at any point on the property into which the sound is being transmitted and shall be made at least three feet away from any ground, wall, floor, ceiling, roof and other plane surface.
4. In case of multiple occupancy of a property, the measurement may be made at any point inside the premises to which any complainant has right of legal private occupancy; provided that the measurement shall not be made within three feet of any ground, wall, floor, ceiling, roof or other plane surface.
5. All measurements of sound provided for in this chapter will be made by qualified officials of the city who are designated by the city manager or designee to operate the apparatus used to make the measurements.

B. Assessment without Sound Level Meter. Any police officer, code enforcement officer, or other official designated by the city manager or designee who hears a *noise* or sound that is plainly audible, as defined in Section 11.80.020, in violation of this chapter, may enforce this chapter and shall assess the *noise* or sound according to the following standards:

1. The primary means of detection shall be by means of the official's normal hearing faculties, not artificially enhanced.
2. The official shall first attempt to have a direct line of sight and hearing to the vehicle or real property from which the sound or *noise* emanates so that the official can readily identify the offending source of the sound or *noise* and the distance involved. If the official is unable to have a direct line of sight and hearing to the vehicle or real property from which the sound or *noise* emanates, then the official shall confirm the source of the sound or *noise* by approaching the suspected vehicle or real property until the official is able to obtain a direct line of sight and hearing, and confirm the source of the sound or *noise* that was heard at the place of the original assessment of the sound or *noise*.
3. The official need not be required to identify song titles, artists, or lyrics in order to establish a violation. (Ord. 740 § 1.2, 2007)

11.80.060 Violation.

- A. Violation of Sound Level Limits. Any person violating any of the provisions of this chapter shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine not to exceed one thousand dollars (\$1,000.00) and/or six months in the county jail, or both. Notwithstanding the forgoing, any violation of the provisions of this chapter may, in the discretion of the citing officer or the city attorney, be cited and/or prosecuted as an infraction. Any person found guilty of an infraction hereunder shall be punished by a fine of not less than fifty dollars (\$50.00) nor more than one hundred dollars (\$100.00) for the first offense; a fine of not less than one hundred dollars (\$100.00), nor more than two hundred dollars (\$200.00) for the second offense. Any third or subsequent offense shall constitute a misdemeanor. Violations of this chapter may also be subject to civil citation pursuant to Chapter 1.10.
- B. Joint and Several Responsibility. In addition to the person causing the offending sound, the owner, tenant or lessee of property, or a manager, overseer or agent, or any other person lawfully entitled to possess the property from which the offending sound is emitted at the time the offending sound is emitted, shall be responsible for compliance with this chapter if the additionally responsible party knows or should have known of the offending noise disturbance. It shall not be a lawful defense to assert that some other person caused the sound. The lawful possessor or operator of the premises shall be responsible for operating or maintaining the premises in compliance with this chapter and may be cited regardless of whether or not the person actually causing the sound is also cited.
- C. Violation May Be Declared a Public Nuisance. The operation or maintenance of any device, equipment, instrument, vehicle or machinery in violation of any provisions of this chapter which endangers the public health, safety and quality of life of residents in the area is declared to be a public nuisance, and may be subject to abatement summarily or by a restraining order or injunction issued by a court of competent jurisdiction. (Ord. 740 § 1.2, 2007)

**Title 11 Peace, Morals and Safety, Chapter 11.40 Use of Parks and Recreation Facilities**

11.40.040 Regulations.

- E. Prohibition of Firearms, Weapons and Fireworks.
  - 1. No person shall carry or discharge any firecracker, rocket, torpedo, or other type of explosive, or carry or discharge any air gun, rifle, pistol, sling shot, bow and arrow, or any similar device or weapon including firearm, knife (as defined in the Penal Code as an illegal weapon), etc., within or into a park; nor shall any person carry into or use any other object within a

park with the intent of disturbing the peace of any person by means of noise or otherwise.

2. This prohibition shall not apply to the engaging in or traveling to target practice conducted in accordance with appropriate standards of safety at an archery, skeet, or target range authorized and provided by the district for such purpose; nor shall this prohibition apply to law enforcement personnel acting within the scope of their official duties.

3. This prohibition shall not apply to the use of non-projectile firearms at the Moreno Valley Equestrian Park and Nature Center for practice, exhibition, or competition related to re-enactment programs or events authorized through the issuance of a formal permit pursuant to Section 11.40.050(D) of this chapter.

O. **Disturbing the Peace.** No person shall indulge in riotous, boisterous, threatening, or indecent conduct, or abusive, threatening, profane, or indecent language, within a park in such a manner as to disturb the public peace or to materially disrupt the quiet enjoyment of such park or of nearby properties by any other person who is lawfully present.

Q. **Meetings.** No person shall hold any meeting, service, concert, exercise, parade or exhibition requiring a special events permit under Chapter 11.38 of this code without obtaining and complying with such permit. This subsection shall not be construed to deprive any person of a right protected by state or federal law or constitution.

V. **Amplified Sound in Parks.** No person shall cause the amplification of sound within a park if the noise level caused thereby exceeds sixty (60) decibels from all channels of equipment used, except pursuant to a permit issued by the director, and in compliance with the following conditions:

1. The location of each grandstand and gathering, and the position of each loudspeaker shall be as specified in writing by the director so as to cause the least amount of disturbance to other persons, both within and without the park;

2. Amplified sounds shall not exceed sixty (60) decibels at a point fifty (50) feet in front of the midpoint of a straight line between any two loudspeaker installations.

11.40.050 Reservations and permits.

- A. Reservations for Activities in Parks and Park Facilities. The director shall be responsible for scheduling and controlling the use of parks and park facilities, or portions thereof, for the benefit and participation by interested public and private persons and groups.
- B. Applicant on Site. Person signing application for activity is required to be on site during the entire activity unless the applicant has requested in advance and said request has been approved by the director that another person be designated to be the onsite representative.
- C. Reservations Without Formal Permits. Groups of less than fifty (50) persons desiring the use of parks, park facilities or portions thereof, may request the director to reserve the same for such use. Persons or groups from within the city shall be given priority over persons or groups from outside the city if a conflict in scheduling arises. Requests for such use shall be submitted in writing to the city upon forms approved by the director not less than five working days in advance of the intended use. The director may permit a shorter advance request time for good cause shown.
- D. Reservations by Formal Permit. Groups of fifty (50) or more persons, as described by Chapter 11.38 of this code, may be required to complete a special event application for use of park areas, depending on the type of event (i.e., carnival or concert). For information on a special event permit, applicant should contact the parks and recreation department.

A formal permit is required if applicant will be having an inflatable jumper or a generator at the park site.

If the director is satisfied from the information in hand and presented by the applicant that the desired area, park or facility may be reserved for the intended use without unreasonably interfering with the use of the park by other persons, and without disturbing the peace of the surrounding neighborhood, the reservation may be granted upon such conditions as the director deems necessary. The director will issue reservation forms as necessary to verify the granting of such reservations.

If for any reason the director is not satisfied as to the reasonableness of the proposed activity in relation to the use of the park by other persons, or as to the effect such use might have upon the peace of the neighborhood, or if the director is unable to agree with the applicant as to conditions to be imposed, the request for a reservation shall be processed as a request for a formal permit in accordance with the procedures in subsection C of this section.

The following procedures shall be followed if a formal permit is required, for an event that is not considered a special event under subsection B of this section.

1. Applications for formal permits must be submitted in writing to the city upon forms approved by the director available at the parks and recreation department office, accompanied by such fee as may be approved by, ordinance or resolution of the district or city, as applicable, not less than five working days in advance of the intended use.
  2. The director may impose such reasonable conditions upon the issuance of the formal permit as he or she deems necessary for the protection of the public health, safety and welfare, including, without limitation, conditions related to time, place, frequency, duration, maximum number of persons in attendance, parking restrictions and placement of apparatus and equipment. Each permit issued pursuant to this section shall provide that the permittee will observe all applicable regulations governing the use of district and city parks.
  3. The director may also require the applicant to provide such additional water and sanitary facilities and refuse receptacles as the director determines to be necessary for the protection of public health, safety and welfare in connection with the intended use.
  4. Fees and deposits required in respect to reservation permits may include, without limitation, such amounts as may be determined by ordinance or resolution of the district or of the city, as appropriate, to be necessary to compensate the city or district, or both, for the administrative costs associated with the permit, as security for repair of damage to the park or to park facilities, for costs of cleanup and for extra personnel to regulate conduct and traffic.
  5. The director may require the applicant to provide a designated number of approved personnel for the purposes set forth by the chief of police of the city upon such application.
  6. The application form shall provide that the applicant shall reimburse the city for all unusual or extraordinary cleanup and repair expenses and for services provided by the city arising out of the activity authorized by the permit. A refundable deposit may be required.
- E. Denial of Permit. The director may deny the application upon a finding that any of the following conditions exist:
1. That the application reveals that the city does not have available a park or facility which will accommodate the use, or the intensity or degree of the use contemplated by the application;

2. That the proposed use is not one which by law must be permitted, and the chief of police of the city has determined that the use, or the intensity or degree of the use, contemplated by the application creates security problems which pose a threat or potential threat to the public safety or welfare which cannot be mitigated to an acceptable level by the use of security personnel and facilities reasonably available for such purpose;
  3. That the applicant has not given written agreement to comply with all the conditions imposed upon the granting of the permit;
  4. That the applicant failed to file the application in a timely manner;
  5. That the park, park area or park facility is not available for the requested use at the time specified by the applicant;
  6. That the applicant has failed in a material way to comply with the terms and conditions of any prior permit issued to the applicant for use of a park, park area or park facility, or has failed to pay to the city or to the district any fee or cost due in relation to the issuance or exercise of such a permit;
  7. That a hazardous condition threatens or reasonably might threaten participants, spectators, city staff or any person or property if the requested permit were to be issued; or
  8. That the permit applied for is for the purpose of holding a class, course of instruction or activity for any program not expressly sponsored, sanctioned or scheduled by the city or by the district and for which a fee is to be charged to attendees or participants.
- F. No application will be approved until all required forms and insurance certificates have been submitted and approved by the director.
- G. Notice of Grounds for Denial. The director shall specify in writing the grounds for the denial of any permit applied for under subsection C of this section, within two business days after receiving a completed application. (Ord. 635 § 2 (part), 2004)

**MORENO VALLEY EQUESTRIAN PARK AND NATURE CENTER  
11150 REDLANDS BOULEVARD  
MORENO VALLEY, CA 92555**

**1. POLICY STATEMENT**

The Moreno Valley Equestrian Park and Nature Center is designed to be a public facility, open to all Moreno Valley residents and non-residents. The Center serves as a facility, which is recreational, social or civic in nature. The current facilities include a main arena with roping chutes, cattle run, a round pen, a water spigot, arena lighting, bleachers and a staging area with ample trailer parking. Possible future phases of this project include installation of the following amenities: restroom and storage facility, hitching posts, a sprinkler system, judge's booth, camping facility, additional corrals and a Nature Center.

The Moreno Valley Equestrian Park and Nature Center belongs to the Moreno Valley Community Services District on behalf of the people of the City of Moreno Valley and is available for use and enjoyment only in accordance with the regulations contained within this policy statement. This policy is intended to provide rules and regulations for use of the Moreno Valley Equestrian Park and Nature Center. Unless otherwise noted, public use is restricted to the hours of 6:00 a.m. to 10:00 p.m., seven days a week.

Interpretation of any Moreno Valley Equestrian Park and Nature Center policy shall be made by the Director of Parks and Community Services or his/her designated representative.

**2. DEFINITIONS OF TERMS**

- a. **Applicant** shall mean persons, group, or other organization requesting use of the Moreno Valley Equestrian Park and Nature Center.
- b. **CM** shall mean the City Manager of the City.
- c. **City** shall mean the City of Moreno Valley, a general law city.
- d. **CSD** shall mean the Moreno Valley Community Services District.
- e. **Code** shall mean the Moreno Valley Municipal Code.
- f. **Moreno Valley Equestrian Park and Nature Center or EPNC** shall mean the Moreno Valley Equestrian Park and Nature Center located at 11150 Redlands Boulevard, Moreno Valley, California, 92555.
- g. **Council** shall mean the Moreno Valley City Council.
- h. **Department** shall mean the Department of Parks and Community Services.
- i. **Director** shall mean the Director of Parks and Community Services of the City of Moreno Valley or his/her designated representative.
- j. **Caterer** shall mean the person or entity which contracts with the Permittee to provide food service.
- k. **Commercial Concession** shall mean a licensed business or other concession items or equipment, which sells food to the public at the EPNC.
- l. **Facility Fee** shall mean the fee charged for use of any area of the EPNC.
- m. **Overtime Fees** shall mean the fees passed on to the Applicant to cover staff time beyond the number of hours approved in the permit for use of the EPNC.
- n. **Permit** shall mean the written, typewritten or printed permission issued to the Applicant for use of a designated area of the EPNC, issued pursuant to the guidelines.

- o. **Permittee** shall mean the person or entity to whom a permit is issued hereunder.
- p. **Regulations** shall mean regulations for the use of EPNC as set forth in the guidelines.
- q. **Security Deposit** shall mean an amount paid in advance of an event to ensure proper cleanup, and to cover breakage, loss or damage.
- r. **Standing Reservations** shall mean regularly scheduled meetings/events made by the City or other non-profit organizations reserving a specific area of the EPNC on a weekly or monthly basis at a specific time/day over a period not to exceed twelve (12) months.
- s. **Weekdays** shall mean the time period between 6:00 a.m. Monday through 11:59 p.m. Friday.
- t. **Weekends** shall mean the time period between 12:00 a.m. Saturday through 10:00 p.m. Sunday.
- u. **Special Event** shall mean: 1) a one-time event, 2) is conducted on a single day or spanning consecutive dates within a thirty day period, and 3) requires the coordination of at least two City departments, as defined in the City's Administrative Special Event Policy.
- v. **User Group 1** shall mean City sponsored/conducted events, non-profit organizations, governmental agencies (Federal, State, County) and educational institutions with reciprocal arrangements.
- w. **User Group 2** shall mean City of Moreno Valley resident (proof of residency may be required), resident non-profit organization whose membership includes 51% or more members reside in Moreno Valley (proof of residency may be required), governmental agencies (Federal, State, County), and educational institutions.
- x. **User Group 3** shall mean City of Moreno Valley commercial groups - social activities.
- y. **User Group 4** shall mean non-resident, non-profit organization (proof of non-profit status may be required).
- z. **User Group 5** shall mean resident, commercial use for profit (proof of business license may be required).
- aa. **User Group 6** shall mean non-resident, commercial use for profit (proof of business license may be required).
- bb. **User Group** shall mean a group requesting to use the EPNC.
- cc. **Other Facility Users** shall mean users requesting to use the EPNC for events, which are not defined as City special events.

### 3. PERMIT PROCEDURES FOR USER GROUPS

The CSD has determined that forms, applications, and documents received hereunder are necessary to protect the City's interests. All user groups proposing to use the EPNC for special events must submit for approval at least 30 days prior to the event

- a. A completed calendar of events for the following year.
  - 1. "Rain Dates" may be granted upon application in writing to the CSD.
  - 2. All scheduled "Night Shows" must be noted on the calendar.
  - 3. All arenas and events are subject to a 10:00 p.m. curfew unless prior approval is requested and granted by the Director.
  - 4. Moreno Valley resident groups will receive priority in case of conflicting dates.

- b. A completed Liability Release Form.
- c. A completed Sports Field Facility Use Form.
- d. A completed current membership roster. Note: all user groups must maintain a **verifiable 51% membership** residence within the CSD to be considered a resident group.
- e. A current roster of the organization's officers and the liaison who is authorized to represent the organization in scheduling events at the EPNC.
- f. A copy of the organization's bylaws currently in effect.
- g. A Certificate of Insurance and endorsement. This must maintain \$1,000,000 General Liability Policy clearly naming the User Group as the insured and identifying the City of Moreno Valley, the Redevelopment Agency of the City of Moreno Valley, and the Community Services District of the City of Moreno Valley as additionally insured for all events utilizing the CSD properties and/or facilities. This policy must be maintained at all times.

#### 4. PERMIT PROCEDURE FOR OTHER FACILITY USERS

- a. Other facility users proposing to utilize the EPNC which are not defined as City special events must submit for approval the following:
  - 1. A completed Sports Field Facility Use Form.
  - 2. A completed Liability Release Form.
  - 3. A Certificate of Insurance and endorsement. This certificate must maintain \$1,000,000 General Liability Policy clearly naming the User Group as the insured and identifying the City of Moreno Valley, the Redevelopment agency of the City of Moreno Valley, and the Community Services District of the City of Moreno Valley as additionally insured for all events utilizing the CSD properties and/or facilities. This policy must be maintained at all times.

#### 5. TERMINATION OF PERMIT

Agreements are subject to termination for any or all of the following:

- a. Failure of the User Group to abide with any of the rules contained herein.
- b. Failure of the User Group to pay any fees or bills payable to the CSD within 60 days of billing.
- c. Any unauthorized event or usage by the User Group without prior consent by the CSD.
- d. Formal request in writing by the User Group.
- e. Mutual Consent of the User Group and the District.

- f. District request.

## 6. REGULATIONS

- a. Permits for use of any portion of the EPNC shall not be granted when, in the opinion of the Director, it is reasonably certain that the proposed activities are of a nature which endangers persons or property or which present a clear and present danger to the public safety or health.
- b. Permits shall not be granted in a manner, which, in the opinion of the Department, constitute a monopoly for the benefit of any individual, group or organization.
- c. Unless otherwise noted, the EPNC is available for rental during the following hours: Monday to Sunday 6:00 a.m. to 10:00 p.m. Events which take place after dusk are subject to additional conditions by the CSD, which may include appropriate event lighting. The arena and events are subject to a 10:00 p.m. curfew unless prior approval is requested and granted by the Director.
- d. Permits may require security.

## 7. RESERVATIONS

- a. Any person desiring to use the EPNC shall make an application on forms provided by the CSD. Applications shall be available at the Parks and Community Services Department located at the Conference and Recreation Center (CRC).
- b. Applications for permits for use of the EPNC must be completed and filed at the CRC within the normal business hours of the Department, which are Monday through Thursday, 7:30 a.m. to 5:30 p.m. Due to mandatory furlough days and 9/80 work schedules, the CRC registration office is closed on Fridays.
- c. Application forms shall be submitted only by authorized adult representatives, 21 years of age or older or qualified responsible legal entities.
- d. The Permittee (person signing rental agreement) shall be present at all times during the approved event.
- e. Reservations will be accepted less than two (2) weeks in advance (ten working days), depending on the ability to schedule staff for preparation of the EPNC, but may not be guaranteed. Reservations may be made up to twelve (12) months in advance.
- f. A reservation is not confirmed until the Applicant has received a signed Permit from the CSD.
- g. At the time the Permit is issued, the Permittee assumes responsibility for obtaining all required permits and/or insurance coverage. Failure to obtain permits and/or insurance coverage when applicable will result in a forfeiture of deposit and revocation of the Permit.

- h. Standing reservations shall be limited to a period not to exceed twelve (12) months.

**8. ADDITIONAL CONDITIONS MAY BE SPECIFIED BY THE DEPARTMENT**

The Department may specify additional conditions of approval of a Permit. Such conditions must be reasonable and for the protection of City interests. The following are examples of events that may require additional conditions of approval:

- Auctions
- Rodeos
- Shows necessitating extraordinary setups
- Festivals
- Activities involving the use of non-projectile firearms at the EPNC for practice, exhibition, or competition related to re-enactment programs or events

**9. ALCOHOL AND SUBSTANCE REGULATIONS**

- a. No one shall be admitted to the EPNC who is under the influence of alcohol or a controlled substance, or who has alcoholic beverages or controlled substances in his/her possession.
- b. Permission to serve alcohol beverages shall be made on a case per case basis by the Director and shall only be allowed from a caterer possessing a valid State of California Department of Alcoholic Beverage License; Caterer Permit and a Certificate of Insurance and endorsement evidencing general liability coverage of \$1,000,000 per occurrence and listing the City of Moreno Valley, the Redevelopment Agency of the City of Moreno Valley, and the Community Services District of the City of Moreno Valley as additionally insured. Events, which require extraordinary services, shall require higher insurance limits, as determined by the City. Failure to comply will result in immediate revocation of Permit.
- c. The City shall receive fifteen percent (15%) of the gross receipts of alcohol service from the caterer.
- d. Use of alcoholic beverage shall not be permitted at functions for minors.
- The possession, distribution or consumption of alcoholic beverages shall be in compliance with the Permit for Use of the EPNC and of all applicable laws including regulations of the Alcoholic Beverages Control Commission.
- e. Consumption of alcoholic beverages shall only be permitted in designated areas of the EPNC.
- f. Other than as described above, alcohol shall not be permitted at the EPNC.

**10. BOND REQUIREMENTS**

The City may, as part of the permit approval process, require the Permittee to furnish a bond or other approved form of security commensurate with the risks the use exposes the City to. Such bond shall guarantee that Applicant, if granted a permit, will well and

faithfully perform each and every term and condition of said Permit and will abide by and observe all lawful rules and regulations for use of the EPNC facilities. Every bond furnished by a Permittee as provided herein shall be subject to the approval of the City as to form and as to surety. The following are examples of events that may require the Permittee to furnish a bond:

- Auctions
- Rodeos
- Shows necessitating extraordinary setups
- Festivals
- Special events

**11. BROADCAST – TELECAST**

No event presented in the EPNC shall be broadcast, televised or in any manner recorded for commercial reproduction without the prior written consent of the City/CSD. Videotaping for personal use shall be permitted i.e. home type videos.

**12. COMPLIANCE WITH CONDITIONS OF USE**

Permittee shall observe, obey and comply with all applicable city, county, state and federal laws and the policies, rules, and regulations and terms and conditions governing use of EPNC facilities. Permittee will forfeit fees paid if removed from premises for violation of same. Removal shall not release Applicant from any obligations for the payment of rents or other fees not yet paid under such Permit or additionally incurred. The policy of the City is to serve the public within the policy guidelines of the EPNC. The Permittee shall agree that it and its employees and agents will at all times cooperate to this end. If Permittee fails to comply, it may be cause for denial of use of facility. The CSD may revoke any and all permits and deny any and all use in the future.

**13. CONDUCT IN THE EPNC**

Permittee shall be solely responsible for the orderly conduct of all persons using the EPNC by its invitation, either expressed or implied. The CSD reserves the rights to eject or cause to be ejected from the premises any person or persons appearing to be a danger to the public or property, or engaging in disruptive, unlawful or undesirable manner. Activities shall be conducted in an orderly manner. The Permittee shall be financially responsible for personal injuries or property damage arising from the meetings or activities and shall hold the City harmless.

**14. CONDITIONS FOR USE SUBJECT TO CHANGE**

The policies, rules, regulations and conditions governing use of the EPNC are subject to change without notice to present or future applicants unless the change affects a permit lawfully issued and in effect. These policies will be evaluated, changed, and/or modified as needed by the City.

**15. DAMAGE TO FACILITY OR EQUIPMENT**

Permittee shall be financially responsible to the CSD for any damage to the EPNC or equipment or loss of property, including administrative costs, as well as attorney's fees, incurred by CSD in connection with recovery for such damages.

Funds to pay for such damage shall be charged to any of the following:

- a. Refundable security deposit
- b. Permittee
- c. Insurance
- d. Bond

**16. DECORATIONS**

The Department must approve plans for decorations ten (10) working days in advance.

- a. Fire Resistant Decorations  
Decorations proposed by the Permittee must be fire resistant or of fire retardant materials and subject to Fire Department regulations, and must be approved by the Department.
- b. Placement of Decorations  
The manner of placement of decorations shall be approved by the Department; thereafter, the placement of decorations shall be the responsibility of the Permittee and must be removed immediately following the function. Failure to remove decorations may result in additional fees charged to the applicant. The City is not responsible for any decorations not removed within the timeframes listed.
- c. Open Flame Devices  
Candles or other open flame devices will not be permitted, except as authorized on the Permit and subject to Fire Department regulations.

**17. CITY RIGHT TO ENTER**

Designated EPNC staff and City officials shall have the right to enter all areas of the EPNC at all times during any and all occupancies.

**18. EXITS**

At no time shall exits be covered or obstructed.

**19. ADHERENCE TO FIRE REGULATIONS**

A Permittee shall not permit persons to attend any event at the EPNC, which exceeds the capacity posted in the reserved area of the portion of the EPNC covered by the Permit, as determined by Fire Department regulations.

**20. INDEMNITY**

Each Permittee shall sign and agree to indemnify and hold harmless the City, its elected and appointed officers, employees and agents, from and against any and all claims, demands, causes of action, damages (including damages to City's property), or injury to persons, costs and liabilities (including cost and liabilities to the City with respect to its employees), in law or in equity, of every kind and nature, whatsoever, directly or proximately resulting from or caused by the use and occupation of the EPNC or any part thereof described in the Permit, whether such use is authorized or not, or from any act or omission of Permittee or any of its officers, agents, employees, guests, patrons and

invites. The Permittee shall, at its sole risk and expense, defend any and all suits, actions or other legal proceedings which may be brought or instituted against the City, its officers and employees on any such claim, demand or cause of action; provided, City may, in its discretion, elect to defend such claim, demands, or cause of action at Permittee's expense. The Permittee shall pay and satisfy any judgment or decree which may be rendered against the City, its officers, employees or agents in any such suit, action or any other legal proceeding. Permittee shall pay for any and all damages to the property of the City for loss or theft of such property, done, permitted or caused by Permittee, its officers, agents, employees, guests, patrons and invitees.

## **21. INSURANCE REQUIREMENTS**

All groups or individuals who request to utilize the EPNC shall adhere to the following insurance requirements:

- a. Providing the City with a Certificate of Insurance and endorsement evidencing general liability coverage of \$1,000,000 per occurrence and listing the City of Moreno Valley, the Redevelopment Agency of the City of Moreno Valley, and the Community Services District of the City of Moreno Valley as additionally insured. Events which require extraordinary services or risks may require higher insurance limits, as determined by the City; or
- b. Participating in the City's Special Events Insurance Program. The premium cost for each event shall be dependent upon the number of risks involved and the anticipated number of participants. Extraordinary events may also require additional fees and permits for the hiring of law enforcement services, traffic controllers, waste disposal services, etc., at the expense of the Applicant, as deemed appropriate by the City. Evidence of required insurance in the form of Certificates of Insurance, approved as to form by the City, must be provided to the Department at least ten (10) working days prior to the scheduled event. The City may revoke the Permit for use of the EPNC for failure to provide a Certificate of Insurance and endorsement.
- c. Insurance requirements for City events shall be as deemed appropriate by the CSD.

## **22. NO VERBAL AGREEMENT**

No verbal agreements for any use of the EPNC shall be made or interpreted to be binding in any way on the CSD.

## **23. OBSERVANCE OF COPYRIGHTS**

Each Permittee shall be deemed to agree, represent and warrant that nothing contained in the program, performance, exhibition or in any way connected with Permittee's activities under the Permit shall violate or infringe upon any copyright, patent, right of privacy or other statutory or common law right of any person, firm, or corporation.

## **24. HOURS**

Permittee shall observe the hours of use as set forth in the Permit.

**25. OPERATION OF AND MODIFICATION TO EPNC**

Control of use of equipment in the EPNC will be by the CSD. A Permittee at all times shall allow access and passage to public areas and/or to the streets or sidewalks adjoining. All necessary repairs to the EPNC or EPNC equipment shall be authorized by the CSD.

**26. PERMITTEE RESPONSIBLE FOR CLEANLINESS OF CENTER**

The portion of the EPNC used by a Permittee must be left in a clean and orderly condition. If maintenance is required, other than the normal cleaning process, the Permittee will be responsible to the City for the additional cost of the same.

**27. REARRANGEMENT OF CENTER**

Placement, relocation or rearrangement of EPNC equipment is not permitted without approval of the Department.

**28. REMOVAL OF CITY PROPERTY**

No Permittee shall remove CSD property from the EPNC.

**29. REMOVAL OF PERMITTEE'S PROPERTY FROM PREMISES**

Each Permittee shall be responsible for removal of all equipment or property immediately following an event. City is not responsible for any equipment or property left at EPNC.

**30. SCHEDULING**

The Department shall have the right to schedule other events, whether or not similar to a Permittee's event, before and/or after the dates of a Permittee's event without notice to Permittee.

**31. SECURITY**

Moreno Valley Police Department Officers or approved licensed security guards may be required based upon the type of event with cost assumed by the Permittee.

**32. SMOKING**

No smoking is allowed on park premises.

**33. STORAGE**

With the permission of the District and dependent upon the space availability, User Groups may store private club equipment within the arena area. However, neither the City nor its agent shall take any responsibility for any loss or damage to such equipment. These conditions include property left behind by applicant following an event for pickup at a later date.

**34. SUPERVISION OF EPNC**

- a. When deemed necessary, an employee of the CSD shall be on duty during events. The staff on duty shall be responsible for the enforcement of the policies, rules, regulations, terms, and conditions governing use of the EPNC and shall have complete authority over the use thereof. The staff member has the authority to revoke any Permit, therefore terminate all usage by such Permittee for failure to comply with the policies, rules, regulations, terms, and conditions governing use of the EPNC.
- b. Staff on duty at the EPNC is an employee of the City and shall not be required to perform extra tasks for the Permittee's event.

**35. DISORDERLY CONDUCT**

The use of profane language or loud, boisterous talking, disorderly conduct or lewd conduct will not be permitted. All persons being admitted to the EPNC shall conform to generally accepted dress standards for the event scheduled.

**36. USE OF AMPLIFICATION EQUIPMENT**

Amplification equipment may be utilized as approved by the Department.

**37. MINORS**

Groups composed of minors (18 years and under) shall be supervised by one (1) adult (21 years of age or older) per ten (10) minors at all times while using the EPNC.

**38. FOOD SERVICE**

Any event requiring food service must utilize a properly licensed caterer approved in advance by the CSD. Food may be delivered to the site and served by the organization. If the public is invited, the food must be prepared by the licensed caterer approved in advance by the CSD. Non-profit organizations are permitted to host potluck meals during their functions. In addition, private functions not for profit and not open to the public are permitted to host potluck meals during their function.

**39. FEES AND CHARGES**

- a. Fees and Charges - General  
The City reserves the right to change fees and charges from time to time with appropriate advance notice.
- b. Payment of Fees and Deposits  
Permittee shall pay to City a security/cleaning deposit at the time of filing the application for a Permit, as listed in the fee schedule. The balance of the minimum rental must be paid when specified on the Permit or not later than ten (10) working days prior to the event when not specified on the Permit.
- c. Overtime Fees  
Overtime fees are defined as fees passed on to the applicant to cover staff time beyond the number of hours approved in the permit for use of the EPNC.

d. Refund of Fees and Deposits

Refunds shall be made only in the event of a cancellation prior to ten (10) working days of the event; a processing fee of \$25 may be charged to the Permittee. If cancellation is made by the City due to unforeseen circumstances, which makes the facility unavailable or unsafe, notice will be given as far in advance as possible, and a full refund shall be made. City shall not be responsible for any damages relating to a cancellation, of whatever nature or kind, other than the responsibility for refunding all deposits, fees, and charges made relative to the cancellation of the event.

**40. ANIMAL REGULATIONS**

Horses shall be under the control of their horse handlers at all times. Other animals shall be kept on leashes at all times, with the exception of guide animals, and while using the dog park.

**41. CONCESSION STANDS**

The approval of the User Group's Application for use of concession stands/snack bars at the arenas will also include the right of the User Group to use the concession stand/snack bar buildings at the arena. Such use will require an additional Facility Use Form. With prior permission from the Department, groups may store private equipment within the concession stand or snack bars; provided, however, that the District shall have no responsibility for any loss or damage to such equipment. Fees must be paid in advance. All appliances must be disconnected at the end of the schedule season, and may be re-connected at the beginning of the scheduled season.

**42. COMMERCIAL CONCESSIONS**

Commercial food and/or sales concessions are not a part of the Agreement and must have separate Certificate of Insurance and endorsement identifying the City of Moreno Valley, the Redevelopment Agency of the City of Moreno Valley, and the Community Services District of the City of Moreno Valley as additional insured and requires pre-approval from the City and CSD. Concessionaire must also provide a completed application and proof of a Health Certificate and a \$1,000,000 insurance policy naming the City of Moreno Valley, the Redevelopment Agency of the City of Moreno Valley, and the Community Services District of the City of Moreno Valley as additional insured. Requested applications for commercial food vendors during a User Groups event must not conflict with the use of the facility.

**43. CAMPING**

There will be no overnight camping at the arenas without prior approval of the CSD.

**44. FIRE LANE**

A fire and emergency vehicle lane must be maintained within the confines of the arena parking areas at all times.

**45. HORSE CONDUCT**

No horses shall be allowed to run free or loose within the EPNC at any time. Horses shall be under the control of their horse handlers at all times. Horses shall not be tied to fences or arena railings at any time.

**46. IMPROVEMENTS TO FACILITIES**

No person, group or club shall make any improvements or alterations to an arena or adjoining CSD property without first obtaining the written consent of the CSD. Any such improvements to CSD arenas shall be therein designated as CSD property. The Director shall either approve or disapprove the improvements and may impose such conditions upon such approval as it deems to be necessary or desirable.

**47. AVAILABILITY – PUBLIC**

Equestrian arena facilities located within CSD property are considered public parks, available to the public except for pre-approved scheduled use or when pre-scheduled CSD approved equestrian events are in process. No child under the age of 12 years of age shall ride a horse in any District arena unless under the supervision of an adult.

**48. AVAILABILITY – SPECIAL EVENTS**

The CSD reserves the right to schedule and rent the arenas for purposes of non-resident equestrian events, 4-H and FFA events, rodeos, mounted shooting events, and/or breed or organizational horse shows on dates/weekends that do not conflict with the pre-approved schedules granted to the User Groups. Requests for use of applications, rules and fee structures will be determined by the CSD.

**49. APPEALS**

A User Group or club, which is dissatisfied with a decision of CSD with respect to the scheduling of the use of an arena by the User Group or club or with regards to actions of the CSD with respect to the arena maintenance, may appeal the decision or action by filling a written request to the Director. The decision of the Director shall be considered to be final.

**50. COMMERCIAL EVENTS**

The City shall receive fifteen percent (15%) of the gross receipts of revenue from Commercial group events, which generate revenue from the use of the arena.

**51. USER GROUPS PRIORITY**

**Group 1:** City sponsored/conducted events, non-profit organizations, governmental agencies, non-profit organizations (Federal, State, County) and educational institutions with Reciprocal Arrangements (as defined in the fee schedule).

**Group 2:** City of Moreno Valley resident (proof of residency may be required), resident non-profit organization (proof of residency may be required), governmental agencies (Federal, State, County) and educational institutions.

- Group 3:** City of Moreno Valley commercial groups - social activities.
- Group 4:** Non-resident non-profit organization (proof of non-profit status may be required).
- Group 5:** Resident commercial use for profit (proof of business license may be required).
- Group 6:** Non-resident commercial use for profit (proof of business license may be required).

**52. MOUNTED SHOOTING ACTIVITIES (NON-PROJECTILE FIREARMS ONLY)**

- a. Per City Ordinance No. 814 and CSD Ordinance No. 54 the prohibition of firearms, weapons and fireworks in parks shall not apply to the use of non-projectile firearms at the EPNC for practice, exhibition, or competition related to re-enactment programs or events authorized through the issuance of a formal permit pursuant to Section 11.40.050(D) of this Code.
- b. Per the City of Moreno Municipal Code Title 11 Peace, Morals and Safety, Chapter 11.40 Use of Parks and Recreation Facilities, Section 11.40.050 Reservations and Permits, allows the Director of Parks and Community Services the final say as to the type of activity, frequency of activity and conditions of use for each park or facility reservation permit including the EPNC. This process is part of the control mechanism governing the use of our parks and facilities. Each reservation formal permit application must follow and comply with current City of Moreno Valley insurance requirements.
- c. Without a formal reservation permit, shooting of blanks will not be allowed at the EPNC arena. Park Rangers, Park Staff and the EPNC Park Caretaker will enforce the park rules. If need be, MVPD will be called to enforce the park rules. Generally, mounted shooting activities with 50 participants or less will not require additional onsite security.
- d. Upon Director's approval of mounted shooting activities, staff will forward a schedule of each event to the MVPD.
- e. Days, times and maximum number of blanks per practice and competition
  - 1. Friday, Saturday and Sunday use only.
  - 2. Total days per year for all mounted shooting activity shall not exceed 26.
  - 3. No more than 12 competition days per year will be permitted.
  - 4. Set up time: 8:00 a.m.
  - 5. Begin shooting time: 9:00 a.m.
  - 6. End shooting time: 5:00 p.m.
  - 7. Tear down time: 5:00 p.m. to 7:00 p.m.
  - 8. No night use allowed.
  - 9. Maximum number of blanks per practice day shall be 1,600. Practice days and times are to be listed on reservation permit.

10. Maximum number of blanks per competition day shall be 2,400. Competition days and times are to be listed on reservation permit.
11. Actual dates will be determined on a first-come, first-serve basis.

f. General Requirements

1. All requested use of the EPNC arena for mounted shooting activities must go through the reservation process for a formal permit as approved by the Director.
2. All participants will be required to sign a release of liability to the permittee and City in order to participate. Release forms shall be on file with the Parks and Community Services Department prior to participating in any mounted shooting activity.
3. All practices and competitions shall have designated person(s) onsite to serve as the Match Director and a Certified Range Master who has passed a test administered by the Cowboy Mounted Shooting Association (CMSA) or equivalent organization during mounted shooting activities. A letter listing the names of the designees will need to be on file with the Parks and Community Services Department prior to conducting mounted shooting activities.
4. The Match Director will:
  - a) Ensure that only 45 Cal pistols using 45 Cal blanks, loaded with black powder, crimped shut at the nose with no wad or propellant are used. Ensure that blanks contain black powder only and no walnut shells, no wads, and absolutely no projectile of any kind.
  - b) Ensure that all firearms shall remain unloaded until the competitor arrives in the loading area.
  - c) Ensure that no firearm is cocked until immediately prior to engaging a target inside the arena.
  - d) Order and purchase blanks from CMSA or equivalent certified producers for mounted shooting using FF g and FFF g black powder (also known as 2F or 3F). A letter from the CMSA or equivalent certifying the blanks will need to be on file with the Parks and Community Services Department prior to the commencement of any mounted shooting activities.
  - e) Check each individual blank and hand out each blank to each participant at each event at a table away from any public or spectator.
  - f) Monitor and control all unused blanks and ensure removal offsite after each mounted shooting activity.
  - g) Monitor and control all empty blank casings and ensure removal offsite after each mounted shooting activity.
  - h) Ensure that target balloons are placed at a minimum 30' away from guard rails/arena fencing.
  - i) Ensure that no use of BB guns, pellet guns or live ammunition is ever allowed.
5. Remove all horse droppings outside of arena.
6. Clean and remove all trash generated by activities.
7. Supply portable toilets including ADA compliant units. Number of units to be approved by the Director.
8. Provide own arena prep and arena watering.
