---	----------------	--

Copies of maps, documents, graphs or special work may be furnished upon the payment of the cost of printing and preparation. For such items for which a regular established price is unavailable, the Department Head, in collaboration with the Financial & Administrative Services Director, may establish a price consistent with the cost of printing and preparation thereof. The Financial & Administrative Services Director shall report such exceptions to the City Manager. It shall be the responsibility of the City Manager to review such costs annually and make such recommendations to the City Council as required to keep charges consistent with actual costs.

The City Council may waive processing or appeal fees for any private or public agency on a case-by-case basis. In the case of an appeal by a public agency or school district, no fee shall be charged until the City Council considers the appeal matter itself and renders a decision on the waiver of the fee after the entire appeal matter has been heard.

Note: Projects equal to or in excess of \$50,000,000 in total value will qualify to be considered for inclusion in the City's pilot program utilizing Time-and-Material charging/billing methodology for Development Services activities; this program encompasses all Departments and all fees for projects in the program. For more information on this pilot program please contact the City Manager's Office.

Land Development Division Deposits will be valued at one-quarter of the fee that would typically be charged for plan check or inspection services.

NOTES:

1. The general policy is that all impact fees will be adjusted annually. However, in FY 2008 the City Council froze impact fees at their current level due to the slowdown in development activity.
2. The fees will be adjusted to reflect the annual increase using the Council approved 20-City Average Building Cost Index of the Engineering News Record.
3. TUMF fees are set by the Western Riverside County Organization of Governments (WRCOG).

UNITS LEGEND

DU = Dwelling Unit for residential development types

KSF = 1,000 gross square feet of building area for commercial, industrial and office development types

IMPLEMENTATION NOTES:

With respect to each second dwelling unit on a single family residential lot qualifying as a "granny flat" housing unit, the fees shall equal one-half of the fees applicable to each multi-family dwelling unit.

With respect to commercial and industrial and non-class A office development impact fees, there will be a continuation of existing fees with the intent of charging one-half of the fees as calculated in the Development Impact Fee Update Study Report (nexus study) as approved by City Council on October 11, 2005, through a two-year phase-in beginning on January 16, 2007.

With respect to Class A office development impact fees, these shall be frozen at the pre-January 12, 2006 fees, or \$1,705 per 1,000 square feet.

With respect to Residential Single Family and Residential Multi-Family development impact fees, the fees shall be charged at 100% of the fees as calculated in the Development Impact Fee Update Study Report (nexus study) as approved by City Council on October 11, 2005, and shall take effect on January 12, 2006.

With respect to Residential Affordable Single-Family and Residential Affordable Multi-Family, these fees shall be frozen at the pre-January 12, 2006 fees until such time that the City Council deems it appropriate to amend the Impact Fee Resolution.
