

FIRE DEPARTMENT PLAN REVIEW & PERMIT SCREENING FORM

This questionnaire will assist the Fire Dept. to determine the appropriate action based on the submittal's scope of work . To determine which regulations your business is subject to and if the Fire Dept. requires a review of your submittal, please read, complete and sign this document. **This does NOT negate the requirement to submit any other fire protection system plans (sprinklers, alarms, fire water systems, etc.) The architectural plans need to state that these will be a deferred submittal.**

Description of Business	Scope of work on plans being submitted
-------------------------	--

Yes No Please complete the questions below based on the plan's scope of work

1. **Does this project include changes to the site** (e.g. parking striping, relocation of fire hydrants, fire lane) **OR an addition of gates that restrict access to any structure, OR include the construction of a new structure OR increase the footprint of an existing building?**

2. **Will the new building, addition, or tenant improvement contain one of the following occupancies: Institutional, High Rise** (height of building is \geq 75ft. from the lowest point of fire access to highest occupied floor), **Factory/Manufacturing, Assembly** (\geq 50 people gathered for drinking, dining, education, religion, etc.), **Educational** (grades K-12), or **Multi-family Residential** (3 or more units)?

3. **Will new buildings, addition, or tenant improvement contain storage or merchandizing areas** (either racks or solid pile) \geq 500 sq. ft. where the storage is \geq 12 ft. high or \geq 6ft. for plastics, tires and/or flammable liquids?

4. **Does the project involve the installation or modification to the fire extinguishing system located in a commercial hood?**

5. **Does the project involve the installation or modification of an industrial refrigeration system?** (fixed system where refrigerant is circulated to extract heat, not an HVAC system)

6. **Are chemicals or compressed gases stored and/or used on the property?**

7. **Will there be any new walls, partitions, obstructions or decorative materials that could require alteration to the existing fire sprinkler coverage?**

8. **Are there any processes, storage, handling, etc. of any of the following listed items?**
 A "NO" answer means the business will NOT have any of the below listed operations/ storage/ use, etc.
 A "YES" answer must have the applicable items checked below. (floor plan should specify the locations of those items)
