

To Whom It May Concern:

Per your request, you are receiving a self-haul permit application packet. This packet includes an application and a copy of the section of the City's Municipal Code, which includes the requirements that must be met.

Once the City has processed the payment and approved the application, you will receive a receipt and signed copy of the application, which will serve as your permit. This should be kept in your files for future reference.

If you have further questions, please call the Office of the City Manager, Self Haul Permit Program at 951. 413.3109.

Sincerely,

Aminah Mears
Recycling Specialist

Attached is a copy of the section of the City's Municipal Code 6.02, which includes the requirements that must be met for this program.

Once the City has processed the payment and approved the application, you will receive a receipt and signed copy of the application, which will serve as your permit. This should be kept in your files for future reference.

The following are requirements that must be adhered to, to retain an active self-haul permit.

2. The permittee must provide proof of weekly receipts from the County of Riverside landfill on a quarterly basis in compliance with Chapter 6.02 of the City of Moreno Valley Municipal Code, unless exempted.
3. All carts (trash, recycle, green waste) belonging to Waste Management must be removed from the property by Waste Management staff.
4. Permittees will be subject to periodic site visits to ensure permittee is adhering to rules set forth in the municipal code pertaining to stockpiling of trash and/or nuisance.

The permit shall be subject to revocation if there are any violations of these requirements.

Chapter 6.02 REFUSE COLLECTION, TRANSFER AND DISPOSAL

6.02.010 Findings.

The city council makes the following findings:

A. Refuse collection, transfer and disposal services within the city are presently being provided pursuant to nonexclusive permits, all of which will expire by their own terms after December 31, 1985.

B. It is in the best interests of the public health, safety and welfare that refuse collection, transfer and disposal services within the city be provided either by city officers and employees directly, or by exclusive contract with a qualified provider of such services. (Ord. 54 § 1.1 (part), 1986)

6.02.100 Collection equipment.

A. Each contractor shall provide sufficient collection equipment in accordance with the terms of the contract with the city authorizing such contractor to provide collection, transfer and disposal services.

B. Truck used for the collection or transportation of waste matter shall be leakproof and equipped with a close-fitting cover which shall be affixed in a manner that will prevent spilling, dropping or blowing of any waste matter upon the public right-of-way during collection or transportation.

C. All trucks used for collection or transportation of waste matter shall be maintained in a clean and sanitary condition, neatly and uniformly painted, and shall carry a shovel, broom and fire extinguisher.

D. The owner of each truck used for collection or transportation of waste matter shall have the owner's name, telephone number and truck number printed on each side of all trucks in letters not less than three inches high.

E. All garbage-conveying trucks, tanks, containers and other garbage receptacles shall be cleaned and disinfected both on the inside and outside thereof at least once daily, and at all times shall be kept free from any refuse on the outside thereof.

F. The collector shall maintain in good repair all containers furnished to commercial, industrial and institutional customers. (Ord. 54 § 1.1 (part), 1986)

6.02.110 Self-haulers.

Each person who is authorized to remove refuse or other waste matter from his own premises shall deposit such refuse only at authorized disposal or dumping sites and shall not deposit, leave, dump, drop, place or otherwise dispose of such refuse or other waste upon any street, alley, waterway or other unauthorized lot or land within the city. (Ord. 54 § 1.1 (part), 1986)

6.02.111 Self hauling permit.

A. Any person in charge of a single-family residence desiring a self hauling permit to remove refuse or other waste matter from his own premises shall obtain a permit from the city public works department, which shall issue such permit upon the payment of a fee as authorized by resolution of the city council, upon the showing that the proposed permittee owns an enclosed pickup truck or similar enclosed vehicle, and demonstrates proof of permittee's compliance with this chapter by providing weekly receipts from any county of Riverside landfill or other Riverside County licensed/permitted disposal facilities on a quarterly basis. The permit shall be subject to revocation if there be any violation of this chapter. The permittee shall have the right to dispute the revocation by an appeal to the director of public works or his designee within ten (10) days notice of the proposed revocation. The decision of the director or his designee shall be final.

B. Any governmental agency which is located within the city and which demonstrates that it has the appropriate equipment to haul refuse or other waste matter may be granted a self-haul permit. The city shall retain the right to request proof of the quantity, and proper handling (e.g., Riverside County landfill receipts), of the refuse or other waste matter by such governmental agency, as well as other statistical information necessary for the city's reporting requirements. This provision does not extend the right of any government agency to contract with an independent contractor, other than the city-approved contractor, to provide services under a self-haul permit. (Ord. 524 § 1.3, 1997: Ord. 337 § 1, 1991: Ord. 54 § 1.1 (part), 1986)
