FISCAL YEAR 2019/20 THIRD QUARTER BUDGET REVIEW AND APPROVAL OF THE FISCAL YEAR 2019/20 THIRD QUARTER BUDGET AMENDMENTS (RESO. NOS. 2020-46 AND CSD 2020-19)

## RECOMMENDED ACTION

## Recommendations: That the City Council:

1. Receive and file the Fiscal Year 2019/20 Third Quarter Financial Summary. (Attachment 1).
2. Adopt Resolution No. 2020-46. A resolution of the City Council of the City of Moreno Valley, California, adopting the revised budgets for Fiscal Years 2019/20 - 2020/21.
3. Approve the Operating Reserve Stabilization Repayment Plan. (Attachment 5).
4. Approve the City Position Summary. (Attachment 6).
5. Approve the Civic Center Amphitheater Fee Schedule. (Attachment 7).

## Recommendation: That the CSD:

1. Adopt Resolution No. CSD 2020-19. A resolution of the Moreno Valley Community Services District of the City of Moreno Valley, California, adopting the revised operating and capital budget for Fiscal Years (FY) 2019/20 - 2020/21.

## NOTE FROM THE CHIEF FINANCIAL OFFICER/CITY TREASURER

The data in the Third Quarter Financial Summary predate the global upheaval created by the COVID-19 pandemic. There is currently tremendous uncertainty among economic forecasters about the full economic impact the outbreak will have on global trade and the global economy. Given the circumstances, I am releasing the original quarterly financial summary to illustrate the position the City was in upon entering this crisis period. Future quarterly reports will reflect the revenue losses and expenditure impacts associated with the COVID-19 pandemic.

The majority of the adjustments contained in this action are related to the COVID-19 pandemic, which reflect revenue losses and expenditure reductions.

## SUMMARY

This report provides the Third Quarter Financial Summary which updates the Mayor and City Council regarding current year financial trends and provides the Fiscal Year (FY) 2019/20 Third Quarter Budget Review through March 31, 2020. This report also requests the approval of recommended amendments to FY 2019/20 and FY 2020/21 revenues and expenditures.

## DISCUSSION

Based on a long term practice of maintaining a structurally balanced budget and being identified as one of the most fiscally fit cities in the Country, on May 7, 2019, the City Council continued this trend and adopted the Two-Year Operating Budget for Fiscal Years 2019/20 - 2020/21, while adhering to those past practices. Additionally, as established after the last recession, the budget continues to fund and maintain separate reserves specifically established for periods of economic uncertainty or natural disasters. The budget included all component units of the City, including the General Fund, Community Services District, Housing Authority and Successor Agency. During the two-year budget period, the City Council will be updated of the City's financial condition through the process of Quarterly Budget Reviews. This ongoing process ensures a forum to review expenditure and revenue changes from the estimates made in the budget document. Additionally, any significant changes in projected revenue or unanticipated expenditures that may occur will be presented to the City Council.

This report provides the FY 2019/20 Third Quarter Review for the first nine months, July thru March. The Third Quarter Budget Review will focus primarily on the City's General Fund. This review will also present nine months operational results from other key funds.

The City Council's direction of "Maintain a Balanced General Fund Budget" serves as a foundation for the fiscal status of City operations. Ongoing funding is directed to sustain ongoing operational expenses; one-time funding is directed toward one-time expenditures. This report identifies the budget adjustments as recommended by the City Manager.

## FISCAL YEAR 2019/20 THIRD QUARTER REVIEW:

This Third Quarter Report updates the Mayor and City Council regarding current year financial trends and provides the opportunity for the City Council to review the recommended actions as they relate to revenues and expenditures.

## General Fund Revenue Update

Revenue receipts do not follow an even schedule. Although $75 \%$ of the fiscal year has elapsed, based on historic trends revenues are estimated to be at approximately $61 \%$ of the budgeted amount. Actual revenues received are currently $62 \%$ of budget. As the FY 2019/20 revenue estimates were developed prior to the adoption of the budget on May 7, 2019, the revenue estimates may require adjustments based on the current projected actuals. Although there will be variances in some of the amounts budgeted, the total is expected to remain within $1 \%$ of the amended budget for the year. It should be noted that the lag in timing of revenue receipts helps illustrate the need for an operating cash reserve throughout the fiscal year.

## General Fund Expenditure Update

Although not all expenditures follow a straight-line spending pattern, operating expenditures should track close to within $75 \%$ of budget for the year at the end of the first nine months. As of March 31, 2020, total General Fund expenditures were at $64 \%$. This pace is within expectations for most activities in the General Fund.

## FISCAL YEAR 2019/20 BUDGET ADJUSTMENTS

Due to the public health emergency related to the COVID-19 pandemic, the State of California issued a Statewide "Stay-at-Home" directive (EO N-33-20) on March 19, 2020. The effects of this directive has shuttered or closed the economy. As a result, there is a severe drop in tax revenues caused by temporary and permanent business closures. For FY 2019/20, ending June 30, 2020, initial estimated shortfalls could be $\$ 9.3$ million due to increased expenses and lost revenues. For FY 2020/21, ending June 30, 2021, the initial estimated shortfall could be $\$ 9.9$ million. The adjustments in this action are based on the best-case scenarios. The City shall remain responsive to any additional changes and modify the budget as necessary to retain a balanced budget and maintain services.

Based on the projected revenue losses, expenditure adjustments are included in this action and categorized below.

- City Services - Through carefully planned and structured adjustments to the budget, the City shall be able to maintain all essential services, as previously provided. Additionally, the City has been able to maintain additional services to address community needs through the current pandemic, including the MoVal Meal program, Senior Eats program, operations of the Emergency Operations Center, expanded services at the Employment Resource Center, while additional
services are also continuing to be explored to aid the community through the next couple months.
- City Personnel - On May 5, 2020, City Council approved amended Memorandums of Understanding with the employee associations and unrepresented employees to provide furlough and/or salary reductions to assist with the City's financial conditions due to severe revenue losses related to the COVID-19 pandemic and business closures. Consistent with past practices, all reductions will apply to all employees including non-exempt, exempt, management, and executive management.
- Mayor \& City Council - The proposed adjustments include a $10 \%$ reductions in salary/stipend, along with reductions to travel and training, and program spending.
- Department Reductions - The proposed adjustments include reductions in budget for overtime, travel and training, material and supplies, contracts and professional services, which can be obtained with minimal impacts to services and operations.
- Fixed Charges - Following the prior recession, many assets have been replaced, which will allow for the deferral of certain Internal Service Fund payments related to fixed assets during the two year budget.
- Transfers Out - As Parks may see savings due to reduced programs from COVID-19 restrictions, eliminate the annual General Fund transfer to the Parks \& Community Services Fund.
- Gas Tax \& Measure A - Due to the potential losses in revenue in these funds from reduced gas prices and consumption levels, the City will be supporting up to $\$ 1.6$ million of services and debt service obligations to assure obligations are met and services maintained.
- Reserve Funds - Following the last recession, the City Council proactively established new reserves for the next economic downturn. Due to the current situation, the use of the Operating Reserve Stabilization funds is requested in an amount of at least $\$ 2.81$ million for FY2019/20. Based on current financial projections, there is no use of the reserves currently required for FY 2020/21. Pursuant to the Fund Balance and Financial Reserves Policy No. 3.11, the City Council must approve and adopt a plan to restore the fund balance within five years. The proposed plan is attached to this staff report.

A complete list of all changes are identified in Exhibit A to the Resolutions. A summary of the effects of these changes are below. By making these immediate changes, the City will be able to balance the FY 2019/20 - 20/21 budgets.

Following our fiscal prudence standards, staff will continue to monitor the economic data of this pandemic and look for revenue (grant) opportunities and/or cost-saving measures in order to maintain a balanced budget.

## Summaries of Major Fund Changes for FY 2019/20

The following provides a summary of some of the proposed budget adjustments to other major funds. A complete list of all changes are identified in Exhibit A to the Resolutions.

## Gas Tax (Fund 2000)

Revenue decrease of $\$ 793,000$ based on the California Department of Finance revenue projections, which are directly related to the stay-at-home order. Expenditure reallocation to other funds of $\$ 580,000$ in order to maintain services.

## Measure A (Fund 2001)

Revenue decrease of $\$ 330,000$ based on Riverside County Transportation Commission (RCTC) Third Quarter revenue projections. Reduced expenditures of $\$ 844,000$ to coincide with the Five-Year Measure A Local Streets and Roads Capital Improvement Plan approved by Council on April 21, 2020 and submitted to RCTC and $\$ 1$ million reallocated to the General Fund to support debt service payments.

## Park \& Community Services (Fund 5011)

Revenue decrease of $\$ 528,000$ as the General Fund eliminates the temporary subsidy transfer. Expenditure decrease in personnel costs related to the MOU concession will offset the decrease in revenues along with other operational savings.

To prepare for the future opening of the new Civic Center Amphitheater, the City will need to approve new fees for inclusion into the City's Schedule of Fees, Charges and Rates. These fees were developed based on cost recovery and/or market rates.

Fleet Operations (Fund 7410)

Revenue and expenditure decrease of $\$ 633,000$ as the General Fund deferred the Internal Service Funds payments for vehicle replacements.

## City Position Summary Action

The City Position Summary as amended by the City Council serves as an important internal control tool for City Council to establish authorized positions for the City while enabling staff to manage within the authorized and funded positions. The City Position Summary addresses career authorized positions and does not include temporary positions. With the implementation of these budget adjustments, there are currently no proposed position layoffs.

In 2011, the City employed 426 career staff, but due to the Great Recession, that number fell drastically as shown below. Currently, the City roster includes 362 positions. The ability to maintain low staffing levels is due to increased operational efficiency and investments in technology. As compared to both surrounding and similar sized cities, the focus on efficiencies has allowed Moreno Valley to be staffed at half of the average staffing and continue to provide savings to the public.

## Total Staffing

## ALTERNATIVES

1. Approve Recommended Actions as set forth in this staff report, including the approval of the budget adjustments, as presented in Exhibit A. The approval of these items will allow ongoing activities to be carried out in the current fiscal year and the City is able to modify budgets and operations as necessary through this quarterly review. Staff recommends this alternative.
2. Do not approve proposed Recommended Actions as set forth in this staff report, including the resolutions adopting the budget adjustments to the FY 2019/20 and

FY 2020/21 budget, as presented in Exhibit A. Staff does not recommend this alternative.

## FISCAL IMPACT

The City's Operating and Capital Budgets provide the funding and expenditure plan for all funds. As such, they serve as the City's financial plan for the fiscal year. The fiscal impacts for the proposed budget amendments are identified in Exhibit A to the City Resolution. By continuing to follow the City' fiscal prudence standards, staff will continue to monitor the economic adjustments due to the pandemic and look for revenue (grant) opportunities or cost-saving measures in order to maintain a balanced budget.

City of Moreno Valley
Fiscal Year 2019/20 Third Quarter Financial Summary

TO:<br>FROM: Marshall Eyerman, Chief Financial Officer/City Treasurer<br>DATE:<br>June 2, 2020

Note from the Chief Financial Officer/City Treasurer
The data in this report predate the global upheaval created by the COVID-19 pandemic. There is currently tremendous uncertainty among economic forecasters about the full economic impact the outbreak will have on global trade and the global economy. In the Inland Empire, in particular, the crisis will likely affect the region's Leisure and Hospitality and Logistics sectors due to a slowdown in travel and tourism and supply chain delays. Given the circumstances, I am releasing the original quarterly report to illustrate the position the City was in upon entering this crisis period. Future quarterly reports will reflect the revenue losses and expenditure impacts associated with the COVID-19 pandemic.

## INTRODUCTION

On May 7, 2019, the City Council adopted the Two-Year Operating Budget for Fiscal Years (FY) 2019/20 - 2020/21. During the two-year budget period, the City Council will be kept apprised of the City's financial condition through the process of First Quarter, Mid-Year Budget and Third Quarter Reviews. This ongoing process ensures a forum to look at expenditure and revenue deviations from the estimates made in the budget document. Additionally, any significant changes in projected revenue or unanticipated expenditures that may occur will be shared with the City Council.

This report provides a review of the unaudited financial results at the Third Quarter of FY 2019/20 (July 2019 - March 2020, 75\% of the fiscal year).

## CITYWIDE OPERATING EXPENDITURE SUMMARY

The following table contains a summary of the adopted budget, amended budget and the Third Quarter Year expenditures. The totals represent each major fund type and component unit of the City.

| Total |  |  |  |  |  |

Actions taken by the City Council subsequent to the May 7, 2019 adoption of the two-year budget and included in the Amended Budget are:

- Throughout the fiscal year there are also budget amendments to reflect the acceptance of grants and adjustments to contractual services and material/supplies. The individual amendments are reviewed as part of separate City Council agenda items.
- The majority of this Third Quarter update will focus on the General Fund, as it supports all basic services provided to City residents. Highlights for other key component funds will be discussed at a summary level as well.

## General Fund Operating Revenues

The General Fund is comprised of several revenue types. However, the main sources include property tax, utility users tax, and sales tax. Each of these is affected by different economic activity cycles and pressures.

## Property Taxes/Property Taxes In-Lieu

Property taxes were budgeted to increase by 7\% from the FY 2018/19 Amended Budget. The annual schedule of property tax payments from the County of Riverside will provide payments to the City based on the following estimated schedule:

## Secured Property Tax Payment Dates

Settlement 1 January
Settlement 2 May
Settlement 3 August
Teeter Settlement October
Based on historical averages of actual receipts, the City is estimated to receive up to $54 \%$ of the budgeted property tax revenue through Third Quarter. The City has currently received 55\% through Third Quarter. Property taxes will continue to be monitored as property valuations may adjust through the year based on property sales and assessment appeals filed with the County.

## Sales Taxes

Sales taxes were budgeted to increase by 5\% from the FY 2018/19 Amended Budget. Sales tax receipts will need to be continually monitored through the year to determine if current trends begin to plateau or begin to decrease.

Based on historical averages of actual receipts, the City is estimated to receive 57\% of the budgeted sales tax revenue through Third Quarter. The City has currently received $62 \%$ through Third Quarter.

Utility Users taxes were budgeted to decrease less than 1\% from the FY 2018/19 Amended Budget. This projection is primarily due to competitive forces within the communications markets. Both the wireless and wired markets experienced downturns year over year. Based on our discussions with utility tax experts, there are a couple of causes for this trend. First is competition and bundling practices within the market as more small players continue to join the market. Second is the migration of customers from contract plans to prepaid plans.

Based on historical averages of actual receipts, the City is estimated to receive $68 \%$ of the budgeted utility users tax revenue through Third Quarter. The City has currently received 68\% through Third Quarter.

## Other Taxes

Other taxes are primarily composed of Business Gross Receipts, Transient Occupancy Tax, Documentary Transfer Tax, and Franchise Fees. Collectively, other taxes were budgeted to increase 6\% from the FY 2018/19 Amended Budget.

Based on historical averages of actual receipts, the City is estimated to receive $63 \%$ of the budgeted Other Taxes revenue through Third Quarter. The City has currently received $63 \%$ through Third Quarter.

## Licenses \& Permits

Licenses \& Permits are primarily composed of Business and Animal Licenses, along with Building, Electrical, Mechanical, Plumbing and other permits. Collectively, Licenses \& Permits were budgeted to increase by 9\% from the FY 2018/19 Amended Budget. This increase reflects increases due to Commercial Cannabis Business Permits. This budget will be monitored for a possible future increase.

Based on historical averages of actual receipts, the City is estimated to receive $94 \%$ of the budgeted Licenses \& Permits revenue through Third Quarter. The City has currently received $68 \%$ through Third Quarter. The collection rate is related primarily to the recent building and business license permit activities.

## Charges for Services

Charges for Services are primarily composed of Plan Check Fees, Inspection Fees, Administrative Charges to other funds, and Parking Control Fines. Collectively, Charges for Services were conservatively budgeted to decrease by 3\% from the FY 2018/19 Amended Budget.

Based on historical averages of actual receipts, the City is estimated to receive $75 \%$ of the budgeted Charges for Services revenue through Third Quarter. The City has currently received 78\% through Third Quarter.

## Use of Money and Property

Investment income continues to remain low due to extremely low rates of return for fixed income investments, but has increased over the last year due to actions taken by the Federal Open Market Committee (FOMC). The investments achieved a Yield to Maturity (YTM) for March 2020 of $2.06 \%$. In addition, the City maintained funds in the State Local Agency Investment Fund Pool (LAIF) with a YTM of $1.79 \%$. In the first nine months, the FOMC decreased the federal funds target rate by 225 basis points to $0.0 \%-0.25 \%$. This is a very low rate of return compared to historical experience, but is indicative of how investment income is performing everywhere, which is the reason the City utilizes the active management approach.

## General Fund Expenditures

Expenditures are being spent in-line with prior year expenditures. Each Department's activities will be monitored throughout the year as they may be impacted by different operational activities and project timelines.

## OTHER KEY FUNDS

The following summaries describe other major funds in the City.

## Moreno Valley Community Services District

The Moreno Valley Community Services District (CSD) was formed by the voters in 1984 to collect fees and certain taxes to provide an array of services including parks, recreation and community services, streetlights, landscaping and ongoing maintenance. The CSD provides these services through separate "zones" that define the services that are provided.

For certain zones, the primary revenue source used to provide services to properties is parcel fees or taxes levied on properties via their annual tax bill. Proposition 218, passed by California voters in November 1996, and has posed a serious challenge to managing the future operation of the CSD zones. Prop. 218 requires any revenue increase to be addressed through a voting process by affected property owners. For a period following the initial implementation of Prop. 218, the CSD was successful in receiving approval for some new or increased revenues. There were also revenue increases due to the growth of developed parcels within the zones. However, due to cost increases that exceed any offsetting increases in the revenues over the past years, and the recent economic downturn slowing new parcel growth, property owners have been resistant to efforts to fully fund service levels.

## Electric Utility

The Moreno Valley Utility (MVU) manages the operation, maintenance and business planning of the City's electric utility. MVU's basic purpose is to purchase and distribute electricity to customers in newly developed areas of the City. The City began serving new customers in February 2004, and now serves more than 6,848 customers. As it reaches fiscal and operational maturity, MVU will continue to be a key component of the City's economic development strategy. The City Council has established special tiered rates for electric utility customers based upon factors such as the number of jobs created.

The main revenue source for this fund is derived from charges for services. The customer base includes residential, commercial and industrial customers. The growth in customer base will continue to provide for the ability to create rate stabilization and replacement reserve funding.

## SUMMARY

The City of Moreno Valley has experienced certain levels of growth and continued to maintain a structurally balanced Budget without the use of reserves.

Due to the public health emergency related to the COVID-19 pandemic, the State of California issued a Statewide "Stay-at-Home" directive (EO N-33-20) on March 19, 2020. The effects of this directive has shuttered or closed the economy. As a result, there is a severe drop in tax revenues caused by temporary and permanent business closures. For FY 2019/20, ending June 30, 2020, estimated shortfall could be $\$ 9.3$ million. For FY 2020/21, ending June 30, 2021, estimated shortfall could be $\$ 9.9$ million and can easily grow to $\$ 32$ million depending on the length of the statewide closure of the economy. As part of the June 2, 2020 Council meeting, the following are being requested and are based on the best-case scenarios.

RESOLUTION NO. 2020-XX

## A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MORENO VALLEY, CALIFORNIA, ADOPTING THE REVISED OPERATING AND CAPITAL BUDGETS FOR FISCAL YEAR 2019/20 AND FISCAL YEAR 2020/21

WHEREAS, the City Council approved the Operating and Capital Budgets for the City for Fiscal Year 2019/20 and 2020/21, a copy of which, as may have been amended by the City Council, is on file in the Office of the City Clerk and is available for public inspection; and

WHEREAS, the City Council approves amendments to the budgets throughout the fiscal year and such prior amendments are reflected within the current amended budget and further ratified as part of the adoption of the quarterly budget amendments; and

WHEREAS, the City Manager has heretofore submitted to the City Council proposed amendments to the Operating and Capital Budgets for the City for Fiscal Year 2019/20 and 2020/21, a copy of which, as may have been amended by the City Council, is on file in the Office of the City Clerk and is available for public inspection; and

WHEREAS, the said proposed amendments to the Operating and Capital Budgets contain estimates of the services, activities and projects comprising the budget, and contains expenditure requirements and the resources available to the City; and

WHEREAS, the said proposed amendments to the Operating and Capital Budgets contain the estimates of uses of fund balance as required to stabilize the delivery of City services during periods of operational deficits; and

WHEREAS, the City Council has made such revisions to the proposed amended Operating and Capital Budgets as so desired; and

WHEREAS, the amended Operating and Capital Budgets, as herein approved, will enable the City Council to make adequate financial plans and will ensure that City officers can administer their respective functions in accordance with such plans.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MORENO VALLEY, CALIFORNIA, DOES HEREBY RESOLVE AS FOLLOWS:

1. The proposed amendments to the Operating and Capital Budgets, as Exhibit A to this Resolution and as on file in the Office of the City Clerk, and as may have been amended by the City Council, are hereby approved and adopted as the annual Operating and Capital Budgets of the City of Moreno Valley for Fiscal Year 2019/20 and 2020/21.
2. The Operating Reserve Stabilization Repayment Plan included within the staff report and attached as Attachment 5 is hereby approved and adopted for Fiscal Year 2019/20 and 2020/21.
3. The City Position Summary included within the staff report and attached as Attachment 6 is hereby approved and adopted for Fiscal Year 2019/20 and 2020/21.
4. The amounts of proposed expenditures, which include the uses of fund balance specified in the approved budget, are hereby appropriated for the various budget programs and units for said fiscal year.
5. Within fifteen (15) days after the adoption of this Resolution, the City Clerk shall certify to the adoption hereof and, as so certified, cause a copy to be posted in at least three (3) public places within the City.

BE IT FURTHER RESOLVED that this Resolution shall take effect immediately upon its adoption.

APPROVED AND ADOPTED this 2nd day of June, 2020.

## Operating Reserve Stabilization Repayment Plan

Urgent Catastrophic Event - Due to the public health emergency related to the COVID-19 pandemic, the State of California issued a Statewide "Stay-at-Home" directive (EO N-33-20) on March 19, 2020. The effects of this directive has shuttered or closed the economy. As a result, there is a severe drop in tax revenues caused by temporary and permanent business closures. For FY 2019/20, ending June 30, 2020, estimated shortfall could be $\$ 9.3$ million. For FY 2020/21, ending June 30, 2021, estimated shortfall could be $\$ 9.9$ million and can easily grow to $\$ 32$ million depending on the length of the statewide closure of the economy.

Based on the severity of the projected shortfalls, significant budget adjustments were requested as part of the FY2019/20-20/21 Third Quarter Budget Review Staff Report. With all of the significant expenditure reductions, the use of the Operating Reserve Stabilization funds was still needed to balance the budget. On June 2, 2020, Council approved an amount of $\$ 2.81$ million for FY2019/20 and the use of reserves up to $\$ 4$ million due to the unknowns related to when the statewide order will be lifted.

Policy - Pursuant to the Fund Balance and Financial Reserves Policy No. 3.11, the City Council must approve and adopt a plan to restore the fund balance within five years. Section VII, Replenishing Minimum Reserve Balance Deficiencies, states the following:
A. When the General Fund's minimum fund balance falls below the required thresholds, the City Council must approve and adopt a plan to restore this balance to the target minimum level within five years using the following budget strategies:

1. The City will use budget surplus or,
2. The City will reduce recurring expenditures to eliminate any structural deficit or,
3. The City will increase revenues or pursue other fund sources, or,
4. A combination of the three options above.
B. Unless a repayment plan is pre-established at the time reserves are allocated, staff shall bring for Council consideration a replenishment plan, within 90-days of allocation from the reserve.
5. It would be Council's expectation that every effort would be made to replenish the reserve as soon as it is financially feasible and practical to do so.
C. If the reserve cannot be replenished by the next annual budget, a repayment plan not to exceed five years should be approved by Council by a majority vote.

Repayment Plan - Based on the above, the City Manager or his/her designee will follow the budget strategies to repay any utilized reserve funds. While the use of the reserve is outstanding, staff will provide a quarterly update until the reserve is paid in full. The update shall coincide with the quarterly budget review. Additionally, further repayment analysis shall be presented with the next two-year budget adoption. This repayment plan shall not exceed five years and shall be repaid prior to June 30, 2025.
